

The Mightiest Little Peasant Chapter 3175

Thearch puppet sect, Mission Hall.

A figure stepped in.

The hall instantly fell silent.

Everyone's face was filled with disbelief.

Many people even rubbed their eyes, thinking that they had seen wrong.

"That's right! It's him!"

"Why is he here?"

In the next moment, the hall was filled with a clamor.

The person who entered was none other than Qin Dali. He was known for his laziness. He had only taken on one mission in the three years he had been in the sect, and it was forced by the elders.

Now, he had personally stepped into the hall of mission, which was really shocking.

"Brother Qin, don't tell me you're here to accept a mission!"

Someone asked jokingly.

“Yeah!”

Tang Hao nodded.

The man was stunned and his eyes widened.

Did the sun rise from the West?

Even someone as lazy as Brother Qin had to do a mission!

Following that, the hall was filled with more and more commotion.

After the shock, everyone became extremely excited.

Although this person had only accepted one mission, it was a seven-star legendary mission and he had even completed it. At that time, it had caused a sensation in the entire sect. Who knew what level of mission he would accept this time!

“What? That Qin Dali is here to accept a mission?”

Even elder Zhao was quickly alarmed.

“Let’s go and take a look!”

He immediately stood up and went to the main hall.

“Come, take a look. These are the missions that I’ve carefully designed. The difficulty is not low. It’s suitable for you to practice.” He opened the mission booklet in front of Tang Hao, pointed at the missions on it, and enthusiastically introduced them.

“He’s only a five-star!”

Tang Hao furrowed his brows in disdain.

Elder Zhao was stunned, and his face twitched.

Motherf * cker!

What did he mean by only five stars? five stars was already very high. Even a half-step golden immortal would not be able to achieve it so easily.

He suppressed his anger and did not curse out loud. Instead, he smiled and said with a pleasant expression, “You think that five-star is too low? Then let’s take a look at the six-Star One. ”

“A six-star is nothing much!”

Tang Hao looked at them one by one, and the disdain on his face grew.

Elder Zhao was stunned.

F * ck!

This kid was too arrogant! He did not even care about a six-Star Mission!

He had to admit that this kid was powerful. However, he was only able to complete the 7-star Mission that time because long Xiaozi and the others were there to help him attract the attention of the black Phoenix race. Otherwise, he would not have been able to complete it.

“This kid is too arrogant! Alright, let him have a taste of the power of a seven-star Mission and break his spirit.”

He snorted in his heart.

“Since you think six-star is too easy, then fine, let’s go up to seven-star. What do you think of this mission? it’s still King Zhou’s Pearl. The mission goal is the same, to seize the Pearl from King Zhou.”

Hualala!

He quickly flipped through a few pages and pointed at a mission.

He chuckled, his expression a little malicious.

He had reset this mission. It looked the same as before, but the difficulty had increased a lot. The Pearl had already been stolen once, and the Qiang tribe was on guard. It was impossible to use the same trick again.

He wanted to see what other methods this brat could use to snatch the Pearl from the Qiang tribe.

“The mermaid King’s Pearl again!”

“Elder, you’re cheating us!”

The surrounding disciples exclaimed in shock.

How could they not see the elder's intention? it was obvious that he wanted to trick Brother Qin.

"Last time, Brother Qin planned to steal the Pearl, but this time, any scheme is useless. The only way to get the Pearl is to Rob it. Against the entire Black Phoenix race, no matter how strong Brother Qin is, there's nothing he can do."

"So, do you want to choose this mission?"

Elder Zhao laughed again.

"Elder, this mission is a little difficult ... If the reward is doubled, I can consider it." Tang Hao pretended to be hesitant.

"Alright! Then double it!"

Elder Zhao said decisively.

This kid can't complete it anyway, so it's fine to let him double it.

"Alright! Then I'll take it!"

Tang Hao's mouth widened into a bright smile.

Elder Zhao was taken aback. He felt as if he had been tricked.

“It must be an illusion! The Pearl is with King Kun. No matter what this kid does, he won’t be able to get it unless he can defeat the entire kun race and take down Darklight King.”

He muttered to himself.

“Then let’s start!”

He calmed down and laughed. With a wave of his sleeve, he opened the passage to King Yan’s field.

“Elder, I’m leaving!”

Tang Hao waved his hand and entered the tunnel.

“Take care!”

Elder Zhao also waved his hand and said enthusiastically.

When they entered the passage, he chuckled.

He could already imagine the dejected expression on the kid’s face when he came out in ten days.

“Who asked this kid to be too arrogant? it’s a good time to teach him a lesson so that he won’t be impetuous in the future and be down-to-earth. That’s the right way!”

He muttered to himself and couldn’t help but laugh out loud, his eyebrows dancing.

“I think it’s going to be very difficult for Brother Qin to complete the mission this time!”

“Yup! Look at the elder’s expression. He’s clearly certain that Brother Qin won’t be able to complete the mission!”

The crowd discussed in low voices.

Soon, the news spread and caused a stir in the sect.

This Qin Dali was already an influential figure, and this mission was the Pearl of the mermaid King that he had completed once before. It undoubtedly aroused everyone’s interest.

Many disciples rushed to the mission Hall.

Even many elders were alarmed and rushed to the hall to watch.

“Old Zhao, wonderful! It’s too wonderful!”

“This kid doesn’t even look up to a six-star. He’s indeed a little arrogant. We should teach him a lesson. You’ve chosen this mission well. It’s great!”

After chatting with elder Zhao for a while, elder di could not help but laugh heartily.

The other elders also laughed.

This Qin Dali, his talent and magical powers were quite impressive, but he was too lazy. Now, he was still a little arrogant and complacent. He indeed needed to be trained hard.

“Old Zhao, hurry up and take a look at what that kid is doing now!”

“I think he’s going to cry now!”

The group of elders laughed and looked at elder Zhao.

“Alright!”

Elder Zhao nodded and flicked his sleeve. An image appeared in the sky above the hall. It was the situation inside King Yan’s field.

The scene changed and soon, a young man appeared.

Everyone’s eyes, both inside and outside the hall, were focused on this figure.

“Hmph! This kid really overestimates his own ability! Does he really think that he can complete a Seven Star Mission with his own strength?”

“Isn’t that good? when he fails and is captured by the black nightmare clan, he will have a taste of the torture we have been through!”

In a corner of the hall, a few figures stood.

It was long Xiaozi’s group!

Their faces were gloomy as they looked at the figure on the screen. Their eyes were filled with hatred.
