

The Mightiest Little Peasant Chapter 3177

“Immortal devouring pill?”

When the elders heard this, they were all stunned.

Their eyes were wide open, filled with extreme shock and disbelief.

They didn't know much about the decaying immortal powder, but they had all heard of the devouring immortal pill. It was one of the most ferocious pills among the poison Dao pills, and its power was unparalleled.

Not to mention an immortal body, even a Dharma Treasure of gold immortal realm could be corroded.

The immortal devouring pill could even pose a certain threat to golden Immortals, let alone true immortals. Among true immortals, it was a fearsome killing weapon.

“Why does he even have such a thing?”

“It's not just one, there are ten in this jar!”

They looked at the pitch-black pills in the jar and felt their scalps go numb.

First, it was that vicious immortal decaying powder, and now it was such a domineering immortal devouring pill. How could this kid have so many powerful poisons?

When they looked up at the young man, they couldn't help but gulp, and their expressions were somewhat fearful.

This brat's methods were truly a little too terrifying!

"Mother of God!"

Many disciples in the crowd shivered in fear.

In the past, they all thought that Brother Qin was very kind and would often joke around with him and greet him. Who would have thought that this Brother Qin was actually such a terrifying figure!

"Giggle!"

At the side, long Xiaozi and the rest were trembling violently. Their teeth were clattering against each other.

Their eyes were also wide open, filled with extreme fear.

What was going on with this Qin guy!

How could he have so much poison in his body?

There were only two jars, and there were more bottles on the side. It was hard to imagine what kind of terrifying poison was in those bottles!

"This ... This guy ... Is too ... Too ... Too vicious!"

A demon said in a trembling voice.

He was completely speechless.

Previously, he was indeed disdainful because he felt that this fellow's poison Dao was just ordinary and not worth mentioning.

Who would have thought that this fellow's Poison Path was so terrifying?

In the eyes of many Immortals, the poison Dao was indeed not very good, because there were too few poisons that could threaten Immortals. Every poison was very rare, but it was terrifying for this kid to have so many Supreme poisons in his hands!

"This ... Is still too vicious!"

"This ... I don't think so!"

Outside the mission Palace Hall, everyone stood there in a daze. They looked at the screen and picked up bottles one after another. They opened them and revealed all kinds of terrifying poisons.

In the beginning, they would still be shocked and exclaim a few times.

But gradually, they became numb to it.

Looking at the countless bottles on the screen, they pitied the mermen. It was a tragedy for them to encounter such a terrifying person!

"Why don't we ... Stop the mission?"

The group of elders looked at each other and smiled bitterly.

Especially elder Zhao, his face was wrinkled like a bitter melon.

Originally, he was still smug and thought that he would win for sure. But who would have thought that he had clearly been tricked by this kid. With just these poisons, this kid could easily complete the task.

“There’s no precedent for interrupting a mission! That kid won’t agree to it either. I promised him before that I would give him double the reward if he completed the mission.”

He said with a bitter smile.

The group of elders opened their mouths, but they were all speechless.

“These people can’t keep their cool!”

Tang Hao mumbled to himself on the deserted island.

He could sense the situation outside and hear faint cries of alarm.

In fact, these things that were displayed were not the best poisons in his body. If he took them all out, he was afraid that these people would be scared to death.

“Forget it! Let’s go with this!”

After a round of selection, Tang Hao finally chose the aphrodisiac poison.

The Dark Phoenix people were lustful by nature. As long as he added fuel to the fire with poison, things would go out of control.

“It’ll be a spectacular sight!”

He looked at the Jade bottle in his hand and grinned.

This was no ordinary poison. Even a half-step golden immortal would be affected by it.

Following that, he moved and went to the vicinity of the Shark King Palace. He squatted down and subdued a Merman from the palace. After that, he brought poison with him and entered the palace.

As soon as he entered the palace, he began to spread the lascivious poison. This poison was colorless and tasteless. It could be scattered into the air, mixed into wine and food.

He walked around the palace, sat down, and began to wait.

Very quickly, intense voices came from all over the palace, rising and falling one after another. There were men and women.

“What ... What’s that sound?”

“What’s going on?”

Everyone in the mission Hall was stunned when they heard this.

Then, their faces turned red.

“This ... This little rascal is simply preposterous!”

Elder di reproached, embarrassed and angry.

Many of the male disciples were so embarrassed that their faces turned red, not to mention the female disciples. All of them lowered their heads, not daring to look. Some of them even spat a few mouthfuls.

As for long Xiaozi and the others, they seemed to have recalled some unbearable memories, and they all revealed painful expressions.

“Hurry up! Quickly turn it off!”

Elder di shouted hurriedly.

Elder Zhao came to his senses. With a wave of his sleeve, the image disappeared.

Then, there was a commotion in the hall.

“Brother Qin is truly too terrifying!”

“Yup! There are so many poisons, and even this kind of poison. I really didn’t expect this!”

The crowd was in a heated discussion.

As for the result, they had no doubts.

That amount of poison was more than enough to overturn the entire Black Phoenix tribe.

Furthermore, Brother Qin is also a half-step golden immortal now. With the help of this poison, it won't be difficult for him to take down the Darklight King.

As expected, after only two hours, a figure appeared in the passage.

He was holding a huge Pearl in his hand.

Elder Zhao's face twitched when he saw the bead. He had been tricked by this kid. A seven-star Mission originally required two connate spirit items. Now, it was four.

"Someone, go and bring the reward. Remember, it's twice the amount."

He gritted his teeth and shouted to the side.

"Many thanks, elder!"

Tang Hao smiled at him.

"That's right, elder, don't worry, just give them all together later! Give me the quest Book, I'll make another one!" Then, he raised his hand and shouted.

Originally, Chun Xuan and Qiu Ci each had one spiritual item. Now, they had four. Each of them had three spiritual items, which was a little too little. He felt that it was better to take a few more and make five for each of them.

Five Golden Flowers, this was the standard of a monster!

“You still want to do it?”

Elder Zhao panicked.

“What’s wrong? I can ‘t?”

“I don’t think there’s such a rule in the sect!” Tang Hao said in surprise.

“Yes ... You can!”

Elder Zhao laughed bitterly, took out the mission book, and opened it.

“This, this ... I’ll take all of them!”

Tang Hao flipped through the pages and pointed at the seven-star Mission.

Elder Zhao’s body swayed, and he almost fainted.

It’s finished!

At this moment, he only had one thought in his mind!

This kid was too F * cking demonic. All the seven-star missions that he had painstakingly designed would probably all be broken!
