

The Mightiest Little Peasant Chapter 3181

The void changed.

In the next moment, Tang Hao found himself in another world.

He looked around and investigated this world.

This was a middle world. It was extremely vast and the immortal Qi was extremely dense. This also led to the abundance of products in this world. He swept his gaze across the mountains and saw many immortal herbs and trees that were blooming with a beautiful light.

He also saw many ferocious beasts, all of which had powerful auras.

At this time, there were already quite a few people who had entered and were collecting treasures from all around. Some of them were even fighting and snatching over them.

“It’s indeed worthy of being a Celestial King’s relic!”

Princess Zi Yang and the others came in, looked around, and couldn’t help but exclaim.

“Brother Qin, do we do it now?”

They all looked at Tang Hao.

“That’s the center of this world. The nightless club must be there. We’ll just search along the way. If we meet them, we’ll just run over them.” Tang Hao said as he looked into the distance.

“Run over?”

When everyone heard this, their bodies trembled.

Then, they all looked excited.

As expected of Brother Qin!

It was domineering!

They looked at Tang Hao with even more admiration.

“Hahaha! What a good one!”

“Go! Let’s go open the way!”

They laughed out loud and swept to the front, fighting to open up a path.

“Brother Qin, please kindly accept this immortal herb!”

“Brother Qin, there’s an immortal mine here, come and collect it!”

They would present the treasures they received.

“You guys can keep it, Aiya! You’re too polite. How about this, I’ll keep it first and we’ll split it when we get back.”

Tang Hao wanted to decline, but they were too enthusiastic. He was too embarrassed to reject them.

Just like that, the group of people quickly headed toward the center of this world.

Along the way, they obtained many treasures, all kinds of immortal level plants, immortal ores, and some rare bloodlines. They were also subdued and collected.

At this moment, a group of people was moving forward near the center.

There were two groups of people. The one on the left was dressed in black immortal robes and was from the nightless club.

The leader was a handsome young man with a Jade-like complexion and an otherworldly temperament. He was surrounded by a layer of light like a light bulb, which could be seen from afar.

On the right, the leader was a young man in a golden immortal robe.

In terms of appearance, he was far inferior to the young man beside him. However, the aura on his body was deep and powerful. He was a golden immortal powerhouse.

And he was ye Futian, an elite disciple of the origin sect.

The two groups of people were also collecting treasures as they moved.

“There are quite a lot of treasures!”

The young leader of the nightless club glanced around and praised.

“Of course! This is the remains of a Celestial King!” Ye Futian smiled and said, “this Celestial King is called feather Celestial King. He was mentioned in the ancient books of the Yuanshi sect. He was one of the celestial Kings who went missing.”

“I didn’t expect that even a Celestial King would go missing, and he might even have died. There must be some terrible secrets ...” The young man from the nightless club sighed.

“Who knows? it has nothing to do with us!”

Ye Futian said with a smile.

“Yup! Compared to those people, we are still too small. It’s more important to get more treasures!” The young man from the nightless club smiled.

He raised his head and looked in front of him. Then, he turned around and shouted, “We have to hurry up. We have to take down the treasures of this world as soon as possible. Otherwise, those bastards from the Emperor puppet sect will catch up.”

“Oh? The people from the Emperor puppet sect will also come?”

Ye Futian’s expression changed and he asked in surprise.

“Brother ye, you don’t know this, but the Emperor puppet sect and the nightless club have been enemies for thousands of years. No matter what we do, we have to compete. As long as there is a place where the nightless club is, they will definitely come.”

The young man from the nightless club said.

“I see! There was nothing to worry about! As far as I know, there are even more people in your nightless heavenly recruitment this time, and there are even more powerful figures. Why would you be afraid of a single Emperor puppet sect?” Ye Futian said.

“The nightless club does have a lot of people, and overall, they’re stronger than the Emperor puppet sect. However, the Emperor puppet sect has a very powerful figure. Last time, it was because of that guy that the nightless club lost.”

The young man from the nightless club said.

“Oh? Who was he? Could it be that he’s even more powerful than you, brother Gusu?”

Ye Futian asked in surprise.

Most of the people who joined di gang and the nightless were golden immortal realm geniuses, and among them, brother Gusu was already the most powerful one. Who could be more powerful than him?

“How is that possible?”

The young man from the nightless club shook his head, his face showing a bit of disdain, “in terms of strength, I’m afraid that guy is not even half as good as me. If I met him, I could defeat him in one move. But unfortunately, that guy is too sinister and despicable, so he won against my nightless club.”

“I’m just afraid that he’ll come this time and play some dirty tricks. That’s why I’m a little worried,”

“I heard that this man’s surname is Qin. He’s quite young and was only an early heaven immortal expert before. I wonder what his cultivation level is now.”

Ye Futian laughed when he heard that.

He had thought that the man was some powerful figure, but it turned out that he was only an early heaven immortal. Even if his cultivation base had improved, he couldn't be that powerful.

"Brother Gusu, you're thinking too much. He's just a small character, so you don't have to worry about him. Besides, there's still my Yuanshi sect, right? even if Emperor puppet sect comes, what can they do?"

"Hahaha! That's true!"

The young man from the nightless club laughed.

This brother ye is a Daluo disciple with a golden immortal cultivation base. With him here, there's no need to fear the people of Emperor Xun sect.

"By the way, brother ye, I heard that the sect of Yuanshi is still looking for that demon surnamed Tang. Do you have any clues?"

Then, his expression changed and he asked.

Ye Futian's expression immediately became serious.

"No, I didn't!"

He shook his head and sighed.

He felt a strong sense of defeat when he thought of that monster.

On the extreme Sky Island, the immortal court had besieged him twice. He had the upper hand, but he failed both times, causing him to lose face.

At that time, that Tang fellow was only a half-step away from the Golden immortal realm. But now, three to five years had passed and that fellow had already become a late golden immortal. His cultivation base had far surpassed his. This was something that he could not accept and felt extremely dejected.

“Hey! He was fine! You’ll find him eventually. When that time comes, the heavenly venerates of your sect will work together and kill him as easily as killing a chicken!”

The young man from the nightless club laughed.

Although the demon was already a late-stage golden immortal, it would not be difficult to kill him with the help of the heavenly venerates of the sect of the origin and their Supreme treasures.

“That’s true!”

Ye Futian forced a smile.

“Someone’s coming, it’s the Emperor puppet sect, they’re coming!”

At this moment, one of the nightless club disciples turned around and exclaimed.

Everyone immediately stopped and looked back.

A group of people in golden immortal robes was rushing over.
