

## The Mightiest Little Peasant Chapter 3190

“You’re a young man indeed! It’s arrogance!”

The middle-aged man from the Fang family laughed, “you really don’t want to consider it? The Fang family has come with great sincerity. We can cooperate more deeply and build another Haotian society.”

He looked at the young man in front of him, his eyes burning.

Not only was this monster talented in cultivation, but he was also extremely powerful in all other aspects. Not only was he a genius in business, but he was also a Supreme blacksmith. If he could rope him in, the Fang family would not only be able to rise up, but also soar to the heavens.

“Sincerity? How come I didn’t see it? I only saw that you’ve prepared many great formations to kill me!”

Tang Hao smirked.

“Fellow Daoist, you’re too serious. You’re a late-stage golden immortal. Even if we join forces, we can’t kill you! On the contrary, we use these formations to protect ourselves.” The old man said.

“Is that so?”

Tang Hao chuckled.

“Fellow Daoist, you’d better consider it carefully. We’re not in a hurry and will wait for your reply here. If you agree, we’ll immediately swear an oath and sign a Dao contract. If you don’t ... Then don’t blame us for not giving you face!”

As the middle-aged man spoke, he flicked his sleeve and Jade talismans flew out.

“These are all communication Jade talismans. This one belongs to the primitive sect, and this one ... Belongs to the Xuanyuan clan. As long as I send them out, it won't take long for the whole immortal world to know your identity.”

“I think you know what will happen when the time comes. Emperor puppet sect will not tolerate you anymore. Without Emperor puppet sect as your backer, where can you hide?”

There was a hint of threat in his tone.

“Are you willing to distribute it?”

Tang Hao smirked.

The Fang family was after his secret technique, and once he used the Jade talisman, the secret technique would no longer be in their hands. They weren't that stupid.

“Do it! As long as you can suppress me, the secret technique will be yours!”

Tang Hao's hands were behind his back as he looked at the Fang family Immortals indifferently.

When his eyes swept over them, the expressions of the Fang family members changed slightly.

The young man's eyes seemed indifferent, but when he looked at them, they all felt a great pressure.

They looked at each other with fear in their eyes.

After all, this kid's reputation was too great!

He had once crushed a golden immortal on the skyscraping Island. At that time, he was only a half-step away from the Golden immortal realm. Now, he was already a late golden immortal. It was hard to imagine how terrifying his strength was!

Even Fang Jinghong's pupils contracted, and a strong sense of fear flashed through his eyes.

Although he had been a golden immortal for a few hundred years, he was still in the early stage. In terms of realm and divine power, he was far inferior to this monster.

"Since he doesn't agree, we can only fight!"

The middle-aged man gritted his teeth and said resolutely.

He had naturally considered this situation long ago. That was why he had set up so many major formations in advance. With the strength of so many people and the power of the four-sided formation, it was enough to resist this kid.

After slowly grinding away this kid's strength, they would have a chance to suppress him.

At that time, everything that this kid had would belong to the Fang family!

As he thought of this, he revealed an excited expression, and even his breathing quickened.

As long as they captured this kid, not only would the secret technique belong to the Fang family, but the two immortal Emperor treasures would also belong to the Fang family.

“Right! The only option is to fight!”

“There are so many of us, do we have to be afraid of him!”

Everyone from the Fang family shouted a few times, revealing excited expressions.

“Spread out and form a battle formation!”

The old man shouted and waved his sleeve. The four-sided great formation moved.

In an instant, countless divine lights burst out. Some turned into strange beasts, some turned into sword lights, and spread out in all directions.

OWW! Roar!

The roars of the beasts shook the sky.

There was also the buzzing sound of sword Qi. It was sharp and ear-piercing, shaking the void in all directions.

Then, the immortals of the Fang family also started to move. They spread out and stood still according to some kind of array. The aura on their bodies surged and gradually gathered together, completely merging into one.

“Brat, since you want to fight, then the Fang clan will accompany you to the end!”

“Here are the Fang clan’s most powerful immortal execution formation and demon sealing formation. These people are also the Fang clan’s most powerful. To be able to fight against them with the power of the entire Fang clan, you can be proud of yourself, kid!”

The middle-aged man looked around, then turned to Tang Hao and shouted arrogantly.

Tang Hao looked at him with disdain.

“Hmph! How arrogant!”

The middle-aged man snorted in anger. He was a little angered.

He didn’t believe that with the power of his entire Fang family, he couldn’t defeat this kid!

“Do it!”

He shouted.

In the next moment, the strange beasts and sword lights that were circling around immediately attacked. At the same time, the group of celestial Immortals also attacked. They shot out beams of divine light that turned into a torrent and poured toward the figure in front of them.

Immediately after, the three golden Immortals also attacked.

The old man opened his mouth and spat out a golden light. It was a pair of Golden Dragon scissors.

OWW!

With two Dragon roars, the Dragon scissors turned into two flood Dragons, one red and one blue, and they pounced forward.

Fang Jinghong raised his hand, and an ancient law Bell flew out. It continued to expand, and in the blink of an eye, it became the size of a small mountain, exuding a domineering aura like the deep sea.

Then, it smashed forward.

The middle-aged man first waved his sleeves and a few tokens flew out.

Accompanied by a few deafening beast roars, ferocious beasts came out of the tokens one after another. There was a blood-red Tiger, a black violent ape, and a golden python. They were not big, but they all exuded the aura of a gold immortal.

Then, a golden light flashed from his abdomen, and a golden immortal sword flew out.

Weng Weng Weng!

The immortal sword trembled and shot out with a shocking sword Qi.

This sword, like the Dao Bell, was a treasure at the celestial King level!

In the blink of an eye, the entire world was illuminated by a dazzling divine light as they attacked. The deafening roars of beasts filled the world.

His aura was extremely shocking!

This was the power of an entire clan. Even a golden immortal would pale in shock.

However, Tang Hao stood there, his expression as calm as ever.

His eyes were calm, as if he didn't see the endless divine light coming from all directions or the ferocious beasts.

Peng Peng Peng!

Soon, the first wave of divine light arrived.

However, it couldn't even break through his protective immortal Qi. It instantly dissipated.

He stood there, unmoving, allowing the divine light to wash over him.

"This ..."

Not far away, the members of the Fang family were all stunned and in disbelief.

This wave of divine light was the power of the great formation and was extremely powerful. Although it couldn't hurt this kid, it shouldn't be so easy for him to take it!

This kid didn't even use any treasures. He only used a layer of protective immortal Qi to block it!

This was too abnormal!

While they were still in shock, Tang Hao moved. He reached out with his right hand from behind his back and grabbed a green immortal sword.

Then, he waved his long sword and slashed in all directions.
