

The Mightiest Little Peasant Chapter 3196

“It’s the people of Emperor puppet sect!”

“Jinghong can be saved!”

Not far from the sea of lightning, in the void, the Fang family head and the others were hiding.

When they saw the approaching Emperor puppet sect, they all cheered.

Tang Hao glanced at it, but his hands did not stop moving.

On the contrary, the lightning around them became more intense.

In the great void divine furnace, the divine fire and lightning burned down Fang Jinghong’s Golden Flower of the great path.

“Still not stopping! Release the person!”

“That’s an elder of my Emperor puppet sect!”

When they arrived in front of the Thunderbolt, the people of Emperor puppet sect stopped and many elders scolded.

“Young man, stop first. Let’s have a good talk.” The first elder smiled kindly and said, “although you hid your identity from us, this is nothing. As long as you let them go, we can let bygones be bygones.”

“Although elder Fang is in the wrong, he is still a member of Emperor puppet sect and an elder. It is up to our sect to punish him.”

“He must die!”

Tang Hao shouted coldly.

Everyone from the Emperor puppet sect was shocked.

“You little brat, don’t go too far! We already said we won’t pursue the matter, but you still want to kill.”
An elder said angrily.

“Elders of the Thearch puppet sect, please save Jinghong!”

At this moment, the Fang family head LED the Fang family over and shouted.

“Elders, this is a detestable demon. Jinghong accidentally exposed his identity, and he tried to kill him. Fortunately, we arrived in time and saved Jinghong.”

“Unfortunately, this monster’s ability was too powerful. Even with the entire Fang family’s strength, they couldn’t resist it. He still managed to suppress Jing Hong.”

The Fang family’s head took the lead, his face full of grief and indignation.

When they heard this, the faces of the people from Emperor puppet sect twitched.

How could they believe such nonsense? it was clear that the Fang family was greedy for treasures and secret techniques, wanting to trap and kill this monster. Who knew that they were not strong enough and were suppressed instead?

The so-called Demon Dragon's rebellion was also the Fang family's doing, to lure this monster out of the sect.

"This old man is really shameless!"

An elder cursed in a low voice.

"Fang family head, we will save her, but we have to settle this score later." The great elder glared at him and snorted.

Everyone from the Fang family immediately revealed resentful expressions and no longer spoke.

"Young man, how about this? you let him go and let us suppress him for a thousand years. And you can continue to stay in my Emperor puppet sect. With my sect's protection, no one will discover your identity."

The first elder mused for a moment before speaking.

He had a good impression of this young man, and he didn't want to completely fall out with him unless he had no other choice.

Tang Hao laughed and glanced at master Fang."You still don't know, right? the Fang family didn't just send the news to you, they also sent it to all parts of the immortal world. My identity has already been exposed."

“What?”

“Preposterous!”

The elders were shocked and glared at the Fang family.

The Grand Elder was silent.

Originally, he had wanted to rope in and take in this monster, but since his identity had been exposed, he didn't dare to take him in anymore. Although his Emperor puppet sect still had the name of an Immortal King sect, he didn't have an Immortal King in charge. No one knew when the sect master would return.

A missing Celestial King couldn't suppress so many celestial Venerables of the great all-embracing heaven!

“If you let them go, we'll let you go. What do you think?”

A moment later, he said in a deep voice, “if you don't leave now, it'll probably be too late.”

“I've said it, he must die!”

Tang Hao shouted coldly again.

“What an arrogant brat. Do you really think that you can stop so many golden Immortals of my Emperor puppet sect by yourself?”

Some elders were indignant and reprimanded.

“You guys can try!” Tang Hao said indifferently.

“You ...”

The group of elders were so angry that their faces flushed red.

This kid was too arrogant!

He only had two immortal Emperor treasures and an immortal spirit body, and he had defeated the entire Fang family! They admitted that this was indeed very powerful, but it was impossible to say that it could stop so many people from their Emperor puppet sect!

The Fang clan only had a few golden Immortals, so how many did his Emperor Xun sect have?

“Elders, you must not underestimate the enemy. This monster is already at the realm of great fulfillment!”

The Fang family’s head coughed lightly and said.

Previously, they had also looked down on this brat. And now, this group of elders from Emperor puppet sect were about to make the same mistake as them.

“What? He’s already at the Paragon level?”

When the elders heard this, they were all dumbstruck.

Even the first elder's eyes widened in shock.

He was only at the realm of great fulfilment, but he had cultivated for tens of thousands of years, while this kid was only a little over a hundred years old!

His mouth was slightly agape as he looked forward in disbelief.

"What secret technique is it?"

"It's too fast!"

Then, the elders started to discuss excitedly.

In just five years, he had directly advanced from the initial stage to the great circle stage. Such a secret technique was simply too heaven-defying!

"First elder, what should we do?"

A moment later, everyone turned to look at the first elder.

The great elder's white brows furrowed slightly. He seemed to be troubled and hesitant.

In his opinion, this kid was really incomparably troublesome.

If they did, they might not be able to get her back, but if they didn't, it would be embarrassing.

“Let’s do it! Try to get her back!”

After a short while, he shouted in a deep voice.

The elders immediately took out their treasures and their auras exploded.

“Al!”

In the crowd, elder di, elder Zhao, and the others all sighed softly.

If it was possible, they didn’t want to make a move. But since this brat was determined to kill Fang Jinghong, their Emperor puppet sect naturally couldn’t sit by and do nothing. This battle was inevitable.

Whoosh! Whoosh! Whoosh!

Soon, divine light filled the sky and turned into a torrent, rushing toward the huge figure in the sea of Thunder.

Tang Hao held the divine furnace with one hand and continued to refine it. He waved his other hand and waved it.

Peng Peng Peng!

The rain-like divine light exploded.

There was even the sound of metal clashing, the sound of magic treasures being smacked away.

In the distance, many elders of the Emperor puppet sect shuddered and groaned.

When they looked up again, their eyes were filled with extreme horror. Many people even hissed and gasped.

The power of a single palm strike was terrifying!

This immortal spirit body was too terrifying!

“Everyone says that this kid’s immortal spirit body is extraordinary. Indeed, even the sect master’s immortal spirit body isn’t as special and mysterious as his.” The great elder looked at the giant carefully and couldn’t help but sigh.

He then laughed bitterly.

According to his estimation, this kid’s battle power was half a Grand Luo immortal. Even if they had more people, it would be hard to take him down.

But even so, he still had to take action.

Letting this brat sneak into the sect was already enough to cause widespread criticism. If one of the sect’s elders died, then the face of his Emperor puppet sect would be greatly lost!
