

The Mightiest Little Peasant Chapter 3199

Buzzzzzz!

The void trembled.

The dark golden giant's body suddenly sank when it was illuminated by the divine light.

"It's the heaven-sealing mirror!"

Exclamations rang out from all directions.

The heaven-sealing mirror was a Celestial King-grade celestial artifact, and it was best at suppressing and trapping people. The Golden celestial rope was also a Celestial King treasure that could trap people.

If the two were used together, no matter how powerful that monster was, he would not be able to withstand it.

"I'm afraid he will be captured by the Yuanshi sect!"

Someone sighed, feeling that it was a pity.

If they were captured so easily, they wouldn't be able to get any benefits.

"Three Grand Luo Immortals and two Immortal King treasures, what a big formation!"

First elder di suo snorted in anger.

However, he was helpless. Facing three great eternity Immortals, they had no power to resist.

“Celestial Venerables, please save the people of the Fang clan first.”

Not far away, the Fang family’s head shouted.

He was ecstatic.

With three great eternity Immortals attacking, that brat would definitely be suppressed easily, and Jing Hong would be saved.

“Fang family head, don’t worry. We’ll subdue him and save him!”

“Fang family head, don’t worry!”

The three from the primordial beginning sect laughed.

Their expressions were relaxed and full of confidence. The moment the heaven sealing mirror appeared, it had already sealed off the void around that brat. That brat was already a turtle in a jar.

Next, as long as he continued to use the mirror to suppress it, he would be able to wear away this kid’s strength and keep him in the mirror.

“Rise!”

Huang Long, who was dressed in a bright yellow immortal robe, growled. The heaven sealing mirror expanded a little more and slowly turned, pressing down.

The giant's body also continued to sink, gradually bending down.

The ground beneath his feet continued to crack and collapse.

“Kid, give up on resisting! Today, you won't be able to escape even if you have wings!”

The heavenly Dao Daoist stood in the void with his hands behind his back. He looked coldly at the giant in front of him, who was constantly moving his lower body, and sneered.

His eyes were filled with mockery and disdain.

He was just a golden immortal!

He dared to play tricks on a Grand Luo immortal like him, he really didn't know what was good for him!

At this time, the giant suddenly raised his head and stared at him. In his eyes, there was a monstrous cold light. It was like an eternal ice that would never melt, and it was bone-chilling.

The heavenly Dao Daoist was stunned.

He could sense a surging aura erupting from this immortal spirit body.

This kid still wanted to fight to the death?

Hmph! It's just a futile effort!

He snorted coldly in his heart, and his expression became even more disdainful.

However, at this moment, his eyes narrowed. He saw that the celestial Emperor's divine furnace in the giant palm trembled and a monstrous golden divine light rushed out. The giant opened its mouth and swallowed it.

The divine light was endless, surging more and more like a surging tide.

"What's that?"

"The Taoist connotation! It was the Taoist connotation! The person in the furnace is dead!"

The crowd was stunned at first, then they screamed in horror.

Their faces were filled with fear.

So much Taoist connotation had been extracted, which meant that the person in the furnace had been refined to death.

And how long had it been?

That was a golden immortal! How could it be refined to death in such a short time?

This had completely broken their common sense!

“This ... How is this possible?”

The heavenly Dao Daoist was stunned, his eyes filled with disbelief.

Even a Grand Luo immortal like him could not kill a golden immortal so easily.

How did this kid do it?

“What’s going on now?”

Before he could recover, he saw that the giant’s body in front of him suddenly trembled violently. Blood-colored patterns lit up on his body, emitting a shocking blood-colored light. The aura on his body also soared and became unusually violent.

Everyone was also surprised.

They all focused their eyes and looked over with divine light.

“Did I see it wrong? This thing ... Did it get bigger?”

“It seems so, even his appearance has changed a lot!”

They took a closer look and were even more puzzled.

Many people rubbed their eyes in disbelief.

Wasn't this the immortal spirit body? how could it change?

Only the Fang family remained silent. They stood there in a daze, unable to believe that Fang Jinghong had been refined to death.

As the blood-red light grew stronger, the cries of surprise and discussion grew louder.

“What's going on?”

Even the three heavenly venerates of the Yuanshi sect were extremely confused.

They could see that the immortal spirit body was constantly expanding and becoming taller. Its aura was also becoming stronger.

“It seems to be devouring! To grow!”

“This is unbelievable!”

They mumbled to themselves, their eyes burning with passion.

This immortal spirit body was even more magical than they had expected!

“Not good!”

Suddenly, Huang Long's expression changed.

As the immortal spirit body continued to expand, its height was almost close to the heaven sealing mirror.

The giant raised his hand and slapped the mirror, causing it to shake.

His expression immediately turned serious as he stabilized the mirror and lifted it up.

At the same time, he continued to activate the mirror, shooting out divine light that pressed down.

“I’m fine! No matter how much he grows, he won’t be able to do anything. He’s only a golden immortal!” He said with a sigh of relief.

The other two nodded.

With the three of them holding down the fort, this kid would definitely not be able to cause any waves.

“I’ll attack as well. Let’s suppress this kid together!”

The heavenly Dao Daoist flicked his sleeve and took out his treasure, ready to attack.

However, at this moment, a dazzling blood-red light suddenly burst out from the giant in front of him, shaking him. He subconsciously squinted his eyes. When he opened them and took a closer look, he was stunned.

A crack had appeared on the giant’s chest, and it was filled with a monstrous blood light.

“This is ... An eye?”

In the next moment, his entire body trembled, and his face revealed an expression of shock.

The crack gradually split open, and an eye was revealed. It was golden in color and exuded a destructive aura.

“There’s still one more!”

“Heavens!”

At this time, the xiuzhe in the surroundings cried out in shock.

They were shocked as they looked at the immortal spirit body. Eyes opened one after another, and every one of them was golden. Some of them had a crazy aura, exuding a destructive aura. Some of them exuded a vast color, and some of them exuded an ancient and boundless aura.

These eyes kept on moving and scanned the surroundings with a majestic aura.

They were like the eyes of the ancient gods, looking down on all living beings.

When these eyes swept over them, many Immortals shuddered as if they had fallen into an ice cave, and even their minds could not help but tremble.

“Nine Eyes! This is the symbol of the ancient gods!”

“I have a bad feeling. Quick, retreat!”

Some people cried out in alarm with excited expressions. There were also some who revealed terrified expressions and frantically retreated.

They had all heard that there were ancient gods who had Nine Eyes. At the same time, they also knew what kind of world-destroying scene it would be when all Nine Eyes were opened!
