

The Mightiest Little Peasant Chapter 3204

“These people are all great eternity Immortals!”

“They’re going to use the immortal spirit body! How dare they use immortal spirit body in the territory of my Emperor puppet sect!”

The woman coldly snorted.

Although she was not sure what had happened here, she would not allow these people to cause trouble in her territory.

“Stop!”

She opened her mouth and shouted coldly.

Only then did everyone notice her arrival.

“Who is she?”

“I can’t see clearly, is it some zenith heaven senior?”

Everyone looked over and sized him up.

However, this person’s body was covered in divine light, and his face could not be seen clearly.

“Who the hell are you? You dare to tell us to stop!”

Below, the group of Grand Luo Immortals were all furious.

They didn't know where this guy came from, but he dared to order them around. Even if this guy was a great eternity immortal, he didn't have the qualifications.

"Such great courage!"

In the sky, the woman's eyes turned cold as she coldly shouted.

"Hahaha! I think you're the one who's gutsy, daring to talk to us like that!"

"If you have the guts, then don't hide. Show us your true face and let us see who you are!"

Many great eternity Immortals laughed.

They only felt that this guy was really ridiculous. His tone was even more arrogant than that disgraceful kid. Who in the immortal world dared to talk to them like that? was he tired of living?

"Hmph!"

The woman snorted heavily.

In an instant, with her as the center, a ripple visible to the naked eye suddenly rippled downward.

Buzzzzzz!

The void trembled.

In the next moment, all of the zenith heaven Immortals trembled and their bodies sank. Peng, Peng, Peng. They fell to the ground one after another, creating a series of loud sounds and creating many potholes.

They knelt on the ground, their bodies trembling uncontrollably. Their faces were extremely frightened and pale.

Just one aura had such power. It was impossible for a Grand Luo immortal to have such a sacred art.

He must be a Celestial King!

This was a Celestial King!

They prostrated on the ground and didn't dare to get up. They were more and more terrified.

They had offended an Almighty Celestial King, which was simply courting death!

They were even more remorseful and their intestines were about to turn green.

"Which Celestial King is this?"

They were even more puzzled.

It had been thousands of years since an Immortal King had appeared in the immortal world, so they had never thought that the person who had come would be an Immortal King.

“It’s a woman. Don’t tell me it’s the one from Emperor puppet sect?”

As soon as this thought came to their minds, they shivered even more. They were so scared that they almost peed their pants.

The person from the Emperor puppet sect was not only a powerful Immortal King, but also had a relationship with the Tianhuang Emperor.

At this moment, everyone was dumbfounded, and their brains went blank.

His Qi suppressed a group of Grand Luo Celestials!

What a terrifying realm!

“Sect leader! It was the sect master! The sect master is back!”

In the crowd, everyone from the Emperor puppet sect regained their senses and shouted excitedly.

They were all overjoyed.

The moment the sect head returned, his Emperor puppet sect would have a backer.

“Sect leader? It’s her!”

The group of Grand Luo Immortals on the ground all felt bitter.

He was in big trouble!

I'm finished!

"Sect leader? The one from the Emperor puppet sect?"

"Heavens! She's actually back!"

At this time, everyone finally came back to their senses and shouted in shock.

Soon, they gathered their thoughts, tidied their clothes, and half-knelt in the air. They called out in unison, ""Greetings, immortal execution King!"

The immortals of the great all-embracing heaven also knelt on the ground and said in a trembling voice, "We pay our respects to immortal execution King!"

"Aren't you all very arrogant?"

The woman coldly snorted.

The group of Grand Luo Immortals trembled and broke out in cold sweat.

"Please forgive us, immortal execution King. We didn't know your identity, so we offended you." They said in a panic.

“I remember it was you! His tone was especially arrogant ...”

The woman’s figure flickered, and she swept to the front. She raised her hand lightly, and pointed down.

Bang!

A figure kneeling on the ground exploded.

Soon, the figure was reborn again. He was still kneeling on the ground, not daring to move.

Just now, he didn’t dare to resist at all, so he was easily blown up by that finger.

“And you!”

The woman’s figure flickered and appeared on top of another person’s head. With a light tap, she crushed him.

Peng Peng Peng!

The great eternity Immortals on the ground exploded one by one.

The woman only stopped after making a round, and her eyes swept around.

When she saw the immortal spirit body standing not far away, her eyes narrowed slightly and revealed a look of surprise and doubt.

She could sense the uniqueness of this immortal spirit body. It was different from her own and all the immortal spirit bodies she had seen before. Moreover, there seemed to be an Emperor's might on it, which was really strange.

"Who can tell me what's going on?"

She shouted in all directions.

"Sect master!"

At this moment, the people from the Emperor puppet sect rushed forward and knelt on the ground, paying their respects.

"Sect master, it's like this ..."

After the great elder stood up, he quickly explained the sequence of events.

After hearing this, the woman did not speak for a long time.

Her face was covered in a bright divine light, but everyone knew that her face must be filled with shock.

Even the Almighty celestial Kings would be shocked by that monstrous demon.

"You're saying that this is a kid who's just over a hundred?"

"Moreover, he's only in the great circle of the Golden immortal stage, but he's able to fight against a group of zenith heaven Immortals?"

“Did he come from the lower realm?”

After a long time, the woman spoke with a doubtful tone.

“That’s right!”

The great elder said respectfully.

The woman stood there for a long time without saying anything.

She focused her eyes and looked at the immortal spirit body. “I didn’t expect that such a person would appear in the immortal world after I haven’t been born for a thousand years. It’s really demonic to the extreme.”

She mumbled to herself before her tone changed. “However, he’s too arrogant. First, he sneaked into my Emperor puppet sect and stole our opportunities. Then, he killed my people. How dare he!”

“I think you must have stolen the spiritual liquid from the primordial divine wood! In my Emperor puppet sect, there’s only one thing that can rapidly increase the cultivation of a golden immortal. However, the spirit liquid alone is not enough to do it so quickly. You must have added something else, right?”

Tang Hao did not reply.

At this moment, he was extremely solemn.

If it was only the group of zenith heaven Immortals, he was 100% confident that he could escape. Among the five golden Immortals, one had been refined to death, so he had enough strength to escape.

However, in the face of an even more terrifying Immortal King, he had no power to resist at all, let alone escape in front of her.

“Motherf * cker! The heavens are playing with me!”

He cursed in anger.

He had calculated everything, but he hadn't expected this immortal King to suddenly return.

He looked at the figure who was walking towards him step by step, and his heart gradually sank.

This time, the situation was really bad!
