

The Mightiest Little Peasant Chapter 3212

Saint spirit celestial dynasty.

In the void, there was a divine mountain and an Island floating.

The immortal Qi was dense, and the auspicious beast soared. It was a celestial atmosphere.

At this moment, on the island in the middle, a few people were sitting in the garden by the lake, enjoying the flowers and drinking wine.

A pair of beautiful people in black and white chiffon dresses had bright and beautiful looks.

On the left sat a beautiful woman in a moon-White Palace dress. She looked to be in her thirties, had a good figure, and a dignified temperament.

On the right was a young man in a golden immortal robe embroidered with Dragons. He had a dignified appearance and an imposing bearing.

Behind him stood two people, both in golden armor, with an overbearing aura.

“Congratulations, my two fellow Daoists!”

At this moment, the young man was raising his hand to congratulate the couple.

He looked at the two of them, his eyes burning.

Not only were these two fellow Daoists beautiful, but they were also a pair of beautiful sisters. More importantly, they were very powerful and had both advanced to the Golden immortal realm.

A pair of golden immortal sisters!

Just thinking about it made him excited, and it gave him a strong desire to conquer them.

“Congratulations!”

The beautiful woman also laughed.

Fellow Daoists, now that you’ve become golden Immortals, I wonder what plans you have for the future?” The young man said with enthusiasm, “why don’t you stay in my Saint spirit celestial dynasty? With your strength, you’re completely qualified to enter the sacred Spirit Hall of the Saint spirit celestial dynasty and enjoy the best treatment. ”

“You’ve all seen the strength of our Saint spirit celestial dynasty. We, the Saint spirit celestial dynasty, are the ruler of all celestial dynasties, and we can give you the best treatment. ”

“Yup!”

The beautiful woman immediately chimed in.

This young man was the third Prince of the sacred Spirit Empire, and his status was so high that even she, a golden immortal, had to curry favor with him.

This time, it was also because she wanted to introduce these two sisters to the third Prince, so she invited him. As she expected, the third Prince was very interested in these two beautiful sisters.

As for this pair of sisters, although their cultivation was high, their wisdom was not high, and they were even a little naive. As long as they were slightly tempted, it would not be a problem to capture them.

“This ... There’s no need for that!”

Ji chunxuan, who was wearing a white dress, shook her head.

“Hahaha! I’m afraid fellow Daoist doesn’t know the treatment My Immortal Holy Spirit Hall receives! As long as you enter the palace, you can ask for anything as long as it doesn’t harm the foundation of our dynasty. We can have people and treasures if we want.”

“My Sacred Spirit Empire is vast, I don’t even know how many immortal materials I have.”

The third Prince laughed out loud and said proudly.

“It’s not a matter of treatment, it’s that we have a new owner!” Ji Chunyuan said.

“What? Didn’t you say that you don’t belong to any power?” The beautiful woman said in surprise.

She had inquired about them before, and they all said that they had no power. She thought that these two were independent cultivators, similar to her, the kind who had established their own Grotto-heaven.

The third Prince was also surprised.

“I did say that we don’t belong to any power ...” Ji Chunyuan said, “but what I didn’t say was that the two of us are just maids.”

“Maidservant?”

The beautiful woman and the third Prince were both shocked.

Two maidservants at the gold immortal realm?

This was not a small display! It should be some golden immortal old monster!

Seeing that the two of them still had their Yin, they were probably still virgins, or perhaps women.

“Al! Fellow Daoists, although you were maids in the past, now that you’ve advanced to golden immortal, your status is no longer the same. How can a dignified golden immortal stoop so low as to be a maid and serve others?”

The third Prince said.

“Yup! From the moment you successfully transcend the Tribulation, you’ll be free. As mighty golden Immortals, who can trap you?” The beautiful woman said with a smile.

“We used to be and will be. Everything we have now is given to us by young master. We will definitely repay you!”

Ji Qiuci spoke.

“Young master?”

The third Prince frowned.

This old monster was actually a man, which surprised him.

Hmph! What young master? he was already an old monster, yet he still wanted people to call him young master. Wasn't he embarrassed?

He sneered in his heart, feeling a little disdainful.

He was the third Prince of the Saint spirit immortal Dynasty. Even if this old freak was a late golden immortal, he wouldn't put him in his eyes. There were plenty of golden immortal experts in the Saint spirit Palace of the Saint spirit immortal Dynasty.

"Even if that young master of yours has done you many favors in the past, your status is different now! If you want to repay his kindness, why don't you just take more treasures and give them back to him in the future?"

He said.

"Yup! Although he has done you a favor, it's not enough for you to serve him for your whole life. It's not worth it!"

The beautiful woman said.

She felt that these two girls were really a little silly. She even wondered how these two had cultivated to this day. They were already at the Golden immortal stage, but they still wanted to serve a man. It was ridiculous and laughable.

Chun Xuan and Qiu Ci both frowned and wanted to argue.

“Al! Daoist MA, let’s not talk about this for now. Today is a joyous day.”

The third Prince observed his expression and quickly said.

These two girls were quite innocent. It was impossible to change their minds all of a sudden. The only way was to slowly guide them.

As long as they stayed here for a longer period of time and tasted freedom and the feeling of being served, their thoughts would naturally slowly change.

The beautiful woman was startled, but she nodded and no longer said anything.

“You two, don’t be in a hurry to refuse. You can stay in my dynasty for a while. I can take you to see the sacred Spirit Hall of my dynasty. What do you think?” The third Prince looked at the two girls and smiled.

“Yup! You can stay for a while longer, and I’ll take you to meet the various Dao friends in the celestial dynasty.”

The beautiful woman also said.

The two women muttered to themselves, but they didn’t refuse.

They indeed had nothing to do, so they might as well stay here for a few more days.

“You two, drink! I’ll take you to the sacred Spirit Hall later ...”

The third Prince laughed as he raised his wine cup and spoke to the two women.

An hour later, the third Prince put down his wine cup and was about to call the two girls to his celestial dynasty's Palace.

At this moment, Ji chunxuan suddenly stood up and looked out of the island. She was pleasantly surprised.

“What’s wrong?”

The third Prince and the beautiful woman asked in surprise.

“It’s my young master, he’s here!” Ji chunxuan said in delight.

The third Prince’s face darkened.

“Good! I’d like to see who this old monster is! I don’t believe he’s bold enough to make two gold Immortals his maids. Even our Saint spirit celestial dynasty doesn’t dare to do this, so how could he dare to?”

He snorted coldly to himself.

He stood up and looked in that direction, a cold glint flashing in his eyes.

Just now, he had been preparing to slowly enlighten these two sisters, but now, since the main character had come, he might as well threaten him and ask him to set them free so that the Saint spirit celestial dynasty could take them in.

The beautiful woman also stood up and looked over with some curiosity.

A moment later, a stream of light swept over from that direction and arrived in front of him in the blink of an eye.
