

The Mightiest Little Peasant Chapter 3216

As the raw stone cracked, a bright blood light bloomed out.

At the same time, there was also a strong wave of immortal Qi.

“It’s immortal level!”

“I’m rich! I’m rich!”

The crowd below the stage immediately exclaimed, and the atmosphere was extremely warm.

“It’s the blood Yin cold Jade!”

Tang Hao recognized the Jade in the stone.

Not only was it immortal-grade, but it was also of extremely high quality and valuable. Obviously, the person who bet on this raw stone had won.

Since it was stone gambling, the rules should be more or less the same. The bet was on the grade and quality of the thing in the stone. The higher the quality, the more profitable it was. On the contrary, if one cut a piece of extremely bad quality, then it would be a terrible loss.

“There’s a special coating on the surface of these raw gemstones. It’s obviously to prevent cheating.”

Tang Hao looked to the side and saw a pile of raw stones. They were of different shapes and sizes. Some were as big as five to six feet, while others were as small as a few feet.

Looking up, there were many more levels. Many people gathered on each level, and there were a large number of raw gemstones.

“This place is divided into many grades according to the origin and type of raw stones. The higher you go, the more expensive the raw stones are. The first level has a few thousand raw stones at most, and the second level has more than ten thousand.”

“I heard that the highest level is worth millions or even tens of millions. It’s not something that ordinary people can bet on.”

Ji chunxuan introduced.

“Tens of millions? What kind of raw stone is it?”

Tang Hao was surprised.

An ordinary human immortal would have at most a thousand Yuan, an earth immortal would have tens of thousands, and a heaven immortal would have a hundred thousand Yuan.

The prices in the immortal world were not high. For such a precious thing like Dao attainment, one pill was only about 8000 Yuan.

What was it that could be sold for tens of millions?

“It should be an origin core stone, similar to the White immortal stone just now!” Ji Chunyuan said.

“That’s still not worth it! The price is too high. One wrong cut will cost tens of millions!” Tang Hao shook his head.

A bet of tens of millions was not something that ordinary people could afford.

“Young master, what shall we bet on?”

Ji Qiuci looked around, eager to try.

“Let’s go up and take a look!”

Tang Hao pointed upward and smiled.

He really wasn’t interested in raw gemstones worth a few thousand.

“Young master, what kind of stones do you want to bet?” After flying up a few floors, a worker from the quarry came up to him. It was a middle-aged man in a green robe.

“I’m Liu, one of the managers here!” He cupped his hands and introduced himself.

He looked up at Tang Hao, and his eyes lit up.

Although he could not see their cultivation base, he could tell from their clothes and bearing that they were extraordinary.

Although this young master was dressed in plain clothes, the two women behind him were wearing the best immortal robes and their looks were even more outstanding.

From this, it could be seen that these three people were extraordinary.

This young master was looking around with a curious expression. It was obvious that this was his first time here.

“Manager Liu, right? Do you have any raw gemstones from the gold mine?”

Tang Hao asked.

“Gold iron?” Manager Liu frowned.

Gold-iron ore was formed under different conditions from Jade, so it was rarely wrapped in a Stone Coat. Therefore, it was difficult to gamble on it. Of course, some gold-iron ore had special geographical locations, and it could also produce similar raw stones.

However, it was rare.

“There are, but not many! Moreover, the price is quite expensive, at least tens of thousands of Yuan, because the quality of the ore vein produced by these raw stones is relatively high. We have a batch of great sun true gold here, I wonder if young master is interested in it?”

Said manager Liu.

“Great sun true gold? It’s alright!”

Tang Hao said.

This great sun true gold was also considered a high-grade material. Although it couldn’t compare to top-tier materials like the immortal tear gold and nine-colored heavenly crystal, it was still pretty good.

“Where is it?”

He said.

“Young master, over here!”

Steward Liu turned to the side and led the three of them up another floor.

“Young master, look. These are all raw stones from the great sun true gold mine. You can touch them, but you must not use your divine sense or spells. The surface of these raw stones has been smeared with the special materials of our Holy Spirit stone workshop to prevent cheating.”

Manager Liu pointed at the pile of raw gemstones in front of him.

Tang Hao counted them. There were about a hundred of them. They were all different in shape and size. Some were as tall as a person, while others were only five or six feet tall.

“Young master, please take a look and pick a piece!”

“As for the price, 30000 immortal crystals per piece. Is that ... Okay with you?”

Said manager Liu.

“Thirty thousand ...”

Tang Hao raised an eyebrow.

Compared to the price of the great sun true gold, 30000 Yuan per piece was quite high. If he cut it into normal-quality pieces, he would lose a lot of money. Only if he cut it into extremely high-quality pieces that were big enough could he make a profit.

“Are you thinking it’s too high?”

When he saw Tang Hao standing there without moving, he was shocked.

It was indeed a little difficult for this young man to bet 30000 Yuan on a raw stone on his first visit.

He said to himself.

At that moment, he was about to open his mouth and persuade this person to go down to the lower levels and test his luck.

“No! Let’s open it!”

Tang Hao said with a smile.

“What ... What?”

Steward Liu was stunned. He wondered if he had heard wrong.

“I said, open all of them!” “If you have any more raw stones in the quarry,” Tang Hao said, “bring them over and open them all!”

Steward Liu's mouth was wide open, and his eyes were wide open.

'This ... This is too F * cking heroic!'

It was over three million in one go!

"Alright!"

In the next moment, he was so excited that he almost jumped on the spot. The smile on his face was as flattering as it could be.

"My Lord! Please wait a moment!"

He straightened his face, walked to the fence, cleared his throat, and shouted, "A distinguished guest is here to cut the clear sun true gold raw stone, 100 pieces!"

As soon as he finished speaking, the entire building fell silent.

The next moment, with a whoosh, it boiled.

People from all levels rushed out and fought to look over.

"Where did this rich guest come from!"

"I remember that a piece of great sun true gold costs 30000 Yuan! 100 pills, that's 3 million! That's too awesome!"

The entire building was in a heated discussion.

Although there were many people here to gamble on stones, it was rare to see someone suddenly throw in a few million.

“Master, this way please. You can see the stone cutting process from here. Don’t worry, the reputation of the Holy Spirit quarry is extremely good. There is no fraud.” Manager Liu led Tang Hao to a seat.

Looking down from this position, he could see the high platform below.

“Alright!”

Tang Hao brought the two girls to their seats. He took out a heaven-earth bag and handed it to them. “Here’s 3.3 million Yuan. It’s just right! If you have any more raw stones, take them out and cut them. I’ll pay you later. ”

“Alright!”

Steward Liu took it and counted it. A smile bloomed on his face.

“Tea!”

He shouted and took all the raw gemstones, then went to the high platform below.

On the stage, the old man looked at Tang Hao, bowed, then took out a dagger and began to cut.
