

## The Mightiest Little Peasant Chapter 3225

Saint spirit Imperial City.

At the entrance of the heaven seeking Pavilion, there was an endless stream of people.

This heaven seeking Pavilion was the number one merchant Association in the immortal world. No matter which branch it was, its business was the best and the most lively.

At this moment, a man in white walked into the pavilion from the crowd.

“What would you like to buy, Sir?”

A moment later, the shopkeeper of the branch came down from upstairs because he heard that someone wanted to see him by name and buy some expensive things from him.

“Let’s go up and talk!”

Tang Hao said.

“Alright!”

The shopkeeper was stunned for a moment before he nodded.

The two of them entered a building and sat down.

“Guest, can you tell me now?” The shopkeeper said.

“I want to buy some information!”

“What information?” The shopkeeper’s expression changed.

“I want all the princes of the Saint spirit dynasty, including the Crown Prince. I want their strength, treasures, connections, helpers, and so on. In short, I want all the information related to them!” Tang Hao said.

“This ...”

The manager frowned.

His heaven seeking Pavilion did have such information. Because, apart from being the number one merchant Association, his heaven seeking Pavilion was also one of the top intelligence organizations in the immortal world.

However, this was undoubtedly a sensitive piece of information, especially since they were in the royal city of the Saint spirit dynasty.

If the royal family knew that he had sold information on all of their princes, it would probably cause some trouble.

“What’s wrong? Your heaven seeking Pavilion is afraid of the Saint spirit dynasty?”

Tang Hao looked at him and chuckled.

“No, I didn ‘t!”

The shopkeeper immediately shook his head.

How could his heaven seeking Pavilion be afraid of a mere Saint spirit dynasty? behind his heaven seeking Pavilion was a Supreme sect and a top-notch clan. He was only afraid that it would attract unnecessary trouble if the news was leaked.

“Then are you still selling?”

Tang Hao said with a smile.

The fact that this person didn't say no at the first moment meant that he had such information.

“This ... Depends on the price you offer! You also know that this is the capital of the sacred Spirit Kingdom. The location is very sensitive!” The shopkeeper said with a smile.

“Just open it!”

Tang Hao said.

“Really?”

The shopkeeper was stunned.

This “whatever” was not an ordinary kind of heroic tone.

Which Prince had sent them?

He secretly speculated.

Only one of these princes would pay such a high price for information on the princes. Otherwise, it would be useless for the others to buy it.

“Fixed price, five million!”

The shopkeeper said.

“Alright!”

Tang Hao immediately took out a heaven-earth bag and threw it on the table.

Originally, this piece of information was not worth this much, but now that he was in a hurry, he was too lazy to bargain.

The shopkeeper opened it and smiled.

“Honored guest, please wait a moment, it will be sent over immediately! We can also provide you with a regular update service. As soon as we have any new information, we will immediately send it to you through the Jade talisman!”

The shopkeeper’s attitude was much warmer.

“Good! This is my communication talisman, keep it well!”

Tang Hao took out a jade talisman and placed it on the table. "Oh, right. I need to buy some materials. The amount is a little large. How long do you think it'll take to get them ready?"

As he spoke, he took out a list and handed it over.

"Hiss! Hiss! Hiss!"

The shopkeeper took a look and couldn't help but gasp.

There were more than a dozen materials recorded on the list, all of which were top-grade spiritual essences. One of them was called immortal spirit, which was a spiritual object born in the immortal vein. It was very rare and precious.

What shocked him even more was the number of materials.

"Three ... Three thousand? You ... You didn't write it wrong, did you?" The hand he used to hold the list was trembling.

This number was too frightening!

"You didn't see wrong, it's 3000!"

Tang Hao smiled. "I'm sure the heaven seeking Pavilion can do it." You don't have to worry about immortal crystals. Let alone 3000, I can even afford 10000 portions!"

"Gulp!"

The innkeeper swallowed with difficulty, his hands shaking even more.

He was excited.

He realized that the person in front of him was his God of Fortune!

“Don’t worry, I’ll definitely do it. I’ll do my best. Just wait for my good news!”

Of course, he didn’t have that many in his shop, but he could go to the main pavilion in this continent, or even the main pavilion of the entire heaven seeking Pavilion. He would be able to gather them.

“Good! This was the deposit! I hope you can gather them as soon as possible!”

Tang Hao took out a heaven-earth bag and placed it on the table. There were 100 million immortal crystals inside.

“No problem!”

The innkeeper received it and said excitedly.

He left in a hurry. After a while, he came back with a Jade slip.

“All the information you want is inside!”

Tang Hao took it and scanned it. He raised an eyebrow.

As expected of the heaven seeking Pavilion, it was indeed very detailed. There was a detailed description of all thirteen princes and princesses of the Saint spirit dynasty, including their recent movements, all the forces under their control, and their helpers ...

“The Crown Prince, the third Prince, and the eighth prince are the strongest!”

“There’s no need to talk about the Crown Prince. He controls half of the sacred Spirit Hall and has many talents and helpers. He’s the strongest at the moment. The third Prince controls the other half of the sacred Spirit Hall, but he’s slightly weaker.”

“As for the eighth prince, although he doesn’t have the support of the Golden Immortals from the sacred Spirit Hall, he has external help. He has a master who is a great all-embracing heaven immortal and many fellow disciples. He has many helpers, just like the third Prince.”

“As for the others, they aren’t very strong. They aren’t a threat.”

After looking at it, Tang Hao had a clear understanding of the situation of the inheritance war.

‘The third Prince even went to the devil Heart sect! ‘It seems like they’re going to rope in patriarch devilheart and that demoness ...’ Tang Hao’s heart skipped a beat when he saw the news.

He might be able to make something of this demoness.

“Let’s go!”

After a while, he stood up and left the heaven seeking Pavilion.

It would take time to gather the materials, and he could go to Lishui, lingchan, and white bone continent.

“Let’s go to the spirit Toad first! I’ll see fellow Daoist Changchun, Jin Guang, Shui Yue, and the others again. It’s time to go to the Holy beast Palace and pay a visit to those golden immortal old monsters ...”

Tang Hao mumbled to himself. He then called Chun Xuan and told her that he would be back in a few days. After that, he left the Imperial City.

There were no teleportation arrays in the Imperial City. He wanted to go to a nearby Immortal City.

When he arrived at the immortal City, he quickly arrived at the spirit Toad continent and went to Nantian city.

Then the Li Water Tribe continent.

He went to see Fei Wan first.

Now, Fei Wan had also successfully transcended her tribulation and became the fourth golden immortal Palace Master of the sacred beast Palace.

It just so happened that he had given her the falling moon divine bow and entered the sacred beast Palace to pay his respects to the three Palace Masters of the Golden immortal Palace.

After leaving the sacred beast Palace, he headed straight for the white bone continent.

A day later, he went to the Thearch puppet sect and met Princess Zi Yang. They reminisced about the past and had a secret conversation.

He made another trip to the Pingtian sect before returning to the sacred Spirit Imperial City.
