

The Mightiest Little Peasant Chapter 3230

At that moment, great ape Saint was so terrified that his liver and guts were about to burst.

This guy in white was terrifyingly powerful!

He must be a late-stage golden immortal or even a peak golden immortal old monster!

He had never heard of such a person in the Holy beast Palace.

“Who ... Who are you?”

He stopped and screamed, his face twisted.

“The person who will kill you!”

The white-robed man withdrew his hand and put it behind his back. His expression was indifferent, as if it was a trivial matter to him to kill a golden immortal who was close to the mid-stage with a single palm strike.

“You want to kill me?”

The great ape Saint was stunned for a moment and almost laughed out loud.

Hahaha!

This old monster wasn't afraid of biting his tongue. This old monster wasn't qualified to kill him. Even a celestial of the great all-embracing heaven might not be able to keep him here.

"Old monster, although I don't know why you want to kill me, you and this guy are obviously not enough!"

The great ape Saint laughed coldly.

"Oh, really? Is this enough?"

Tang Hao smiled teasingly and clapped his hands.

In the next moment, the void beside them flashed, and many figures stepped out.

"One, two ..."

In the beginning, the great ape Saint counted them one by one, but gradually, he was stunned. His mouth was wide open, unable to close.

His eyes gradually widened, as if they were about to burst.

"This ... This ... This is impossible!"

"An illusion! It must be an illusion!"

He mumbled and suddenly raised his hand to rub his eyes. A bright divine light burst out of his eyes as he looked in that direction.

However, nothing had changed.

Those figures were all alive. There were so many of them that it was simply impossible to count how many there were. It could be hundreds or thousands.

Judging from the aura they exuded, they were all gold Immortals.

There were thousands of golden Immortals!

This was too ridiculous!

Even the most powerful force in the immortal world could not have 1000 golden Immortals!

Where did these people come from?

At this moment, he felt like his scalp was about to explode. He was extremely shocked.

The scene in front of them was too shocking!

“This is a trap to lure me into it!” At the same time, he also understood that from the beginning to the end, this had been a trap, and he was the target.

“Old man, I have no grudges with you, so why did you plot against me?”

He gritted his teeth and said hatefully.

Although he was usually overbearing, he knew his own limits. He had never provoked the top forces, so it was impossible for him to provoke such a strong enemy.

“No grudge?”

The white-robed man laughed mockingly. “Have you forgotten that the nine Saint mountain has tried to deal with me several times?”

“How is that possible?”

The great ape Saint shouted with a resolute expression.

He was sure that the nine Saint mountain had never provoked such a terrifying force.

“Have you forgotten that I killed a man from your nine Saint mountain in Nantian city?”

“Nantian city, not the spirit Toad continent, the territory of the Haotian faction?”

The great ape Saint was taken aback, and in the next moment, his eyes widened in disbelief.

Nantian city?

Could it be that this guy in front of him was that heaven-defying monster, the young celestial venerable who was now awe-inspiring in the immortal world?

How could this be possible!

This monster was strong, but he didn't have such a powerful force behind him. Even the nightless club only had a hundred golden Immortals.

"You finally remember! Then I should send you on your way!"

The white-robed man raised his hand and snapped his fingers.

The next moment, the void trembled and layers of formations spread out, completely sealing off the world.

"Old Yuan, just surrender! You can die a little more easily!"

"Do it!"

The Golden Immortals at the side made their moves simultaneously. There were the three Palace Masters of the sacred beast Palace, Fei Wan, and the dozen or so golden Immortals he had borrowed from Princess Zi Yang. Of course, the majority of them were his origin core avatars.

More than a thousand golden Immortals attacked at the same time. Their auras converged into one, and the situation could be described as terrifying.

The great ape saint's face turned pale, and he was scared out of his wits.

He only had the combat strength of an intermediate-stage golden immortal, so how could he withstand so many golden Immortals?

Moreover, he had heard that this heaven-defying monster had the ability to refine a golden immortal to death. As long as he was suppressed, he would be refined to death and completely turned into ashes.

“Don’t ... Stop ... Stop!”

He shouted in panic.

Boom! Boom! Boom!

The divine light that filled the sky poured down, blasting him until he couldn’t help but cry out in pain. His body was continuously shattered, then reborn, and so on.

Soon, his voice became low and he was on the verge of death.

“No... Don ‘t!”

When he was reborn again, he screamed in horror when he saw the white-robed figure in front of him.

His eyes were wide open, filled with fear and despair.

He was even more remorseful. The nine Saint mountain had indeed made several moves to hunt this kid down. In the years that this kid had disappeared, they had searched all the continents and left people in Nantian city to monitor him.

At that time, he simply did not expect that this kid would grow up and become a heavenly venerable rank figure!

Not just him, the entire immortal world probably didn't expect this.

Now, retribution had come!

With his heaven-defying cultivation base, this demon had brought over a thousand gold Immortals to seek revenge!

The nine Saint mountain was finished!

He sighed in his heart.

Whoosh!

It was the sound of sword Qi tearing through the air.

Then, he felt a chill on his neck, and the whole world was turned upside down.

"Don't worry, I'll send the others in and let you reunite!"

Tang Hao reached out and grabbed the head that was flying in the air. He squeezed it hard and crushed it.

Then, he took out the divine furnace, put away the ape Saint, and began to refine it.

"All of you, come in!"

He turned around and called out to the clones.

The clones responded and rushed into the furnace.

As soon as they entered the divine furnace, they sat down and began to help with the refining.

A thousand gold Immortals and two thousand peak heaven Immortals could greatly speed up his refining process, and he would no longer need to draw upon the energy of heaven and earth and cause such a huge commotion.

At this moment, the remaining golden Immortals all stood to the side with extremely respectful expressions.

Especially the gold Immortals of the Taiyi celestial dynasty, all of them bowed slightly and lowered their heads, not even daring to look up.

If they hadn't seen it with their own eyes, they wouldn't have believed that someone in the immortal world could refine 1000 golden immortal avatars at once. Soon, the number would increase to 3000!

Such a method was too outrageous!

This man was truly worthy of being the number one figure in the immortal world, a figure who had been deified by the world!

The Dao of crafts was sealed, the Dao of alchemy was ranked first, and now, there was such a magical secret technique ...

Each one of them was enough to shock the entire celestial world!

With this thought in mind, they lowered their bodies even more, their hearts filled with reverence.

“Continue! Follow the plan!”

Tang Hao held the divine furnace in his hand and turned to look at the three old men from the sacred beast Palace.

The three of them nodded and immediately took out a jade talisman and rushed to the nine Saint mountain.
