

The Mightiest Little Peasant Chapter 3234

“Hahaha! It’s a success!”

In the South of the Saint spirit celestial dynasty, loud laughter sounded in the sky above a mountain range.

On a Golden Dragon immortal warship, the third Prince stood proudly at the bow and laughed out loud.

Finally, he managed to buy another piece of land before the deadline.

Originally, he had already won two pieces of land, which was about the same as the crown prince’s three pieces of land. Now that he had one more piece, he would be able to surpass the Crown Prince and take first place in the first round.

Around him, there was a wave of cheers.

In the sky above the mountain range, there were countless figures. There were tens of thousands of them, all in standard armor. They were all in the late stage of human immortal realm, and some had even reached the earth immortal realm.

This was the Saint spirit dynasty’s elite fighting force, known as the heaven conquering Army!

On the immortal warship, there were sixty to seventy people, all of whom were golden Immortals.

Most of them were from the sacred Spirit Hall, and many of them were helpers he had pulled over from other major continents.

“Congratulations, third Prince, for taking first place!”

The Golden Immortals congratulated him one after another.

“It’s all thanks to everyone’s efforts. If it weren’t for your efforts, how could we have broken through this Mountain Gate in just eight days? when we return, we will definitely reward you heavily!”

The third Prince laughed.

“Your Highness is so heroic!”

The crowd complimented him again, all of them beaming with joy.

Who wouldn’t be happy to get a treasure?

Didn’t they come to help this person seize the Saint position for the treasure?

“There’s not much time left. I’ll quickly send the news back!”

The third Prince took out a jade talisman and sent it to the Holy Emperor Palace.

“Let’s go!”

He took a look at the broken Mountain Gate and turned around on the immortal warship, heading straight for Saint Emperor Palace.

“Hahaha! The Crown Prince and the rest are still in the spirit Maple Valley and haven’t finished their negotiations yet. He probably suffered a loss again. Didn’t he think about it? if it was so easy to

negotiate, those lands would have been taken long ago. After taking three pieces of land in a row, how many treasures does he have left to take out?”

On the way, he received a jade talisman.

After reading it, he couldn't help but laugh out loud, his face filled with a mocking expression.

The crown prince's method was equivalent to using treasures and various conditions to exchange for those lands. This method was very restrictive because the appetite of those golden immortal old monsters was getting bigger and bigger. It was impossible to feed them.

Unlike him, he could just push it over. Although it was a little hard and there would be a lot of trouble later, at this time, who cared about the future trouble? he had to get the Saint position first.

“We're almost there!”

After using the celestial dynasty's teleportation formation, they quickly returned to the Imperial City.

He was excited to see Holy Emperor Palace.

Finally, he could show off in front of his father and the other officials. He wanted to let these people know that he was not inferior to the Crown Prince. He was the best candidate for the Saint position!

“Imperial father, your son has returned!”

When he arrived in front of the palace, he gave a loud shout. His face was red as he mightily descended into the palace.

However, the next moment, he was stunned.

The palace Hall before him was completely empty, without a single person in sight!

“Where ... Where is he?”

He was in a daze.

Shouldn't father and all the important officials be gathered in the palace waiting for the results?

But this person?

“Ah! Where was he? You took them all?”

He said in a hurry when he saw someone approaching.

“Your Highness, His Majesty and the others are no longer in the palace. They've been gone for quite a while.” The man bowed.

“Where did you go?”

The third Prince was even more confused.

“We're going to the nine Saint mountain!”

“What? Nine Saint mountain? What are father and the others doing at the nine Saint mountain?”

“You still don’t know? The nine Saint mountain is already the territory of our dynasty, and his Majesty and the others are there to transform the land and build the immortal City. ”

“What? This ... How is this possible?”

The third Prince was stunned.

Someone had taken nine Saint mountain?

This ... Was simply impossible!

The nine old monsters of the nine Saint mountain were all extremely difficult to deal with. It was useless to smash them with treasures, and it was impossible to push them away. How could they be taken down?

“What’s going on? Who took it down? Are you lying to me?”

His face darkened, and his expression became somewhat sinister.

He was completely unable to accept such a result. He was clearly about to win, and the first place was his. But now, a Dark Horse had jumped out and surpassed him.

If it couldn’t be the Crown Prince, who could it be?

“It’s ... The ninth Prince!”

That person hesitated for a moment before speaking.

“Sister nine? It’s impossible!”

The third Prince was stunned and immediately shook his head. He could not believe it.

There were only three golden Immortals behind sister nine, and he had seen them before. They were quite powerful, but it was impossible for them to take over the nine Saint mountain.

And with jiumei’s wealth, she would not be able to move the Nine Saints and take that piece of land.

“Your Highness, it’s true. If you don’t believe me, you can go to the nine Saint mountain and ask His Majesty!”

The man bowed.

“Impossible! I don’t believe it!”

The third Prince flicked his sleeve and left.

He found a few more people and asked, and his expression became uglier.

These people’s answers were all the same.

It seemed to be true!

Not only did ninth sister take over nine Saint mountain, but she also took over clear spirit Mountain and Dragon Elephant Cave. She even subdued seven golden immortal old monsters from the two great forces and made them submit to her.

This was too unbelievable!

How did three golden Immortals manage to do that?

No matter how strong that old monster was, he was only a golden immortal!

“Could it be ... He has an extremely powerful background?”

He muttered to himself, feeling a little remorseful.

He shouldn't have offended such a golden immortal old monster for the sake of two women. Now, it was obvious that the old monster was coming for him and wanted to cut off his hope of seizing the throne.

“Hmph! I don't believe that this old monster can really stop me. This is only the first round, there are still many more tests after this. Do you think you can still suppress me every time?”

He snorted coldly, his face showing a bit of anger.

He had miscalculated this time. He had not expected this old monster to be so capable. However, he would not be careless next time.

He had nearly seventy gold Immortals and a heaven's conquering Army. What did that guy have to compete with him?

“What? There’s such a powerful figure beside the ninth Highness?”

“That’s impossible!”

When he left the Imperial Palace and returned to the immortal warship, there was an uproar.

No one could believe that the ninth Prince, who was the weakest and basically had no sense of existence, actually won the first place!

“It’s okay. We were careless this time and didn’t guard against ninth sister. In the future, we’ll pay close attention to their movements. It’s best to plant our people in the bright moon Palace and send people to monitor their every move at all times.”

The third Prince smiled.

“That’s for the best. The guards at the bright moon Palace are all female, and there are people I know among them. Please rest assured, Your Highness. I will find out their situation clearly.”

“Your Highness, let me monitor them. They can’t escape my divine eyes!”

One after another, people stood up and said.

“Hahaha! Good! Very good!”

The third Prince laughed.

As long as he could completely grasp the whereabouts of those few people, he would be able to easily play with them in the future tests.

“Hahaha!”

Everyone laughed out loud, sweeping away the previously gloomy atmosphere on the ship.

An enchanting woman stood among them.

She looked at the third Prince, the corners of her lips lifted slightly, and a thought-provoking smile swept across.
