

The Mightiest Little Peasant Chapter 3235

The bright moon Palace.

Tantai Mingyue sat there, her beautiful face was filled with confusion.

She was a little confused!

Her idol had just told her that she had won first place!

Then, these seven people jumped out and said they wanted to follow her.

What's going on?

I was just playing around, how did I get first place?

She was even more flustered. She pinched her skirt with both hands, not knowing what to do.

Subconsciously, she grabbed a leg on the table and took a bite.

"It seems that Your Highness is very happy!"

"Exactly! I'm really hungry!"

When the seven old monsters saw this, they were so happy that they muttered softly.

“Idol, this ...”

She gobbled up the leg and wiped her mouth. Then, she turned to look at Tang Hao anxiously.

“What’s wrong? isn’t it good to get first place?”

Tang Hao laughed, but his tone was mocking.

“But I don’t want to be first! “I ...” Tantai Mingyue said anxiously as her face turned red.

She was really just playing around and wanted to make her idol stay a little longer. She didn’t expect her idol to be serious and take first place in such an incredible way.

“Your Highness is really modest!”

“Yup! You’re really broad-minded!”

The seven old monsters began to flatter him again.

Those who could cultivate to the Golden immortal stage were all old monsters who had lived for more than ten thousand years. They were all smart, and flattering others was the most basic skill.

Tang Hao looked at them and grinned.

These old monsters were really slippery. The moment they saw that the situation was not right, they knelt down and cried for their parents one by one, making it difficult for him to act.

“I’ve already taken it, there’s no other way!”

He then looked at tantai Mingyue and smiled.

“Wuwu!”

Tantai Mingyue’s face fell.

She was a little worried. What if he became a Saint in the end? what would she do?

She didn’t want to be a Saint Emperor at all!

“Our idol is ... So amazing!”

She mumbled and wanted to cry but had no tears.

“What do you want for the reward?” After a while, she finally accepted the fact and looked at Tang Hao.

“Saint spirit pills, the more the better!”

Tang Hao said.

He had just killed nine golden Immortals, so he had a lot of Spirit Essences on him. However, he didn’t plan to use them anymore. He had to save them. Anyway, with the Saint spirit celestial dynasty, he could get some benefits first.

“Alright! I’ll try to get more!”

Tantai Mingyue nodded her head.

Tang Hao returned to his palace and sat down. He flipped his palm, and a Golden Jade talisman appeared.

This was the news that the witch from Devil Heart sect had just sent over.

“You want to monitor me? Whoosh!”

Tang Hao chuckled when he opened it.

He had inquired about the Golden Immortals behind the third Prince, and a few of them were indeed powerful. However, he was afraid that they did not have the ability to keep an eye on him.

However, he could use this to confuse the third Prince.

He kept the Jade talisman, closed his eyes, and continued to deduce the secret technique to open up the Natal world.

Three days later, tantai Mingyue sent over 5000 Sage Spirit pills.

This batch of pills was enough for him to raise his 1000 origin cores to the Golden immortal stage.

“Idol, you’ve ruined me. You don’t know, but ever since I got first place, my royal brothers have all changed. When they see me, it’s like they’ve seen an enemy. They even called me a hypocrite. Don’t you think it’s infuriating?”

“In the past, we weren’t on very good terms, but we were still okay. We talked and laughed when we met, and we could be considered a family. But now, we’re almost enemies!”

Upon seeing him, tantai Mingyue began to pour out her grievances.

The things that she had experienced in these three short days were more complicated than what she had experienced in three years.

Tang Hao looked at her and smiled.

This girl was still too young and too naïve.

However, she would slowly get used to it.

In another seven days, it was time to announce the second round of tests.

“Eliminate a great enemy of the celestial dynasty?”

Tang Hao was stunned when he received the question.

In his hands were two scrolls, one with the word “heaven” and the other with the word “earth.”

When he opened them, he saw that each scroll had a person's name and Daoist name written on it. The only difference was that there were fewer heaven scrolls, while earth scrolls were densely packed.

"Those in the heaven scroll are all golden immortal old monsters, and those in the earth scroll are all true immortal realm. These people have all offended the Saint spirit dynasty, and they are all on the wanted list."

"Look, this Yi Mu Zhenren offended the Saint spirit dynasty about 3000 years ago because of his territory. After that, he sneaked into the Saint spirit dynasty several times and killed countless mortals and Saint realm cultivators. There were tens of millions of them!"

"This is a ruthless man. He has an incomparably ruthless nature. Those people he killed were all refined into a banner by him. He even named it the Holy Spirit banner."

"And this unfettered immortal, he's a perverted and perverted bastard. He would F * ck anyone, including humans, demons, and even those of the untainted bloodline. In this world, as long as it's a female, nothing can escape from his demonic claws."

Daoist Qingcheng pointed at the names on the scroll and introduced.

He had been living next door to the Saint spirit dynasty, so he knew everything about it.

Tang Hao's brows were furrowed tightly when he learned about the past.

There were all kinds of demons and perverts on this heavenly scroll. It was likely that half of the demons in the immortal world were on it.

When he looked at the scroll again, there were even more.

“These people are all bastards! They should all be suppressed!”

Tantai Mingyue, who was sitting at the side, said angrily.

Every one of them had committed a crime in the Saint spirit dynasty, and they were the greatest enemies of the dynasty.

“Your Highness, these people are not easy to deal with!”

Daoist Qingcheng sighed.

It wasn't that they didn't have the strength, but that these people were too cunning and very good at disguising themselves, making them difficult to find.

When the news that the Saint spirit dynasty was going to deal with them spread, they would hide even deeper.

“Then what do we do?”

Tantai Mingyue furrowed her brows. “It can't be that we can't even suppress a single one of them!”

“Your Highness, this matter can not be rushed. We have three months. As long as we send more people to investigate the area and use the intelligence organization, we can find some traces of the people above.”

“Fellow Daoist, what do you think?”

Daoist Qingcheng turned to Tang Hao and gave him a questioning look.

“Good! I’ll leave it to you guys. Let me know when there’s news!”

Tang Hao said.

The seven of them responded and left in a hurry.

Tang Hao closed the two scrolls and fell into deep thought.

It was not a problem to find a few people on this list, because some people were confident in their tyrannical strength and did not hide their tracks. They could be found very quickly.

However, if he could find out, the other princes, such as the third Prince and the others, would also find out at the first moment, which would lead to a fight.

“It’s too troublesome to catch them one by one. I have to think of a way to catch them all in one fell swoop!”

He began to ponder, and his eyes were somewhat eager.

There were so many Devils and perverts. If he could kill all of them, it would be another huge gain.

After sitting quietly for a long time, he finally had some ideas.

He put on the Golden fighting robe and left the bright moon Palace.
