

The Mightiest Little Peasant Chapter 3243

Holy Emperor Palace was dead silent.

Everyone was dumbfounded, their faces dazed.

Even tantai Mingyue was stunned. Her beautiful eyes were wide open.

She couldn't believe her eyes. Could these heads be the old demons on the ranking?

But how could there be so many?

This was too unbelievable!

There were only a few old demons on both the heaven and earth wanted lists, and two-thirds of them were here!

How did his idol do it?

"We're finished! I'm finished!"

Then, her face fell and she wanted to cry again.

She was originally glad that she was finally at the bottom this round, but in the end, she was still too naive!

"This ... This is impossible! These are all fake!"

After a long time, the third Prince regained his senses and shouted.

Everyone came back to their senses and was also skeptical.

At first glance, these heads indeed looked like those old demons, but this was simply impossible. No matter how powerful the senior was, how could he find them and suppress them in a short three months?

Perhaps, there was really a problem.

Immediately, many people stepped forward and picked up the heads, examining them one by one.

Then, they were dumbfounded again, and their faces were filled with disbelief.

There was no problem at all!

These were indeed real. They were the heads of those old demons!

“Heavens! How did he do it?”

“Unbelievable! It’s unbelievable!”

They mumbled as their minds fell into extreme shock.

The Saint spirit dynasty had spent thousands of years trying to get rid of these Devils, but they had not been able to do so. However, this man had only spent a few months to get rid of them!

Such a method was truly inconceivable!

“Fellow Daoist, please accept my bow!”

The sage Emperor came back to his senses and excitedly bowed to the white-robed figure.

First, he had taken down the nine Saint mountain and opened up a large piece of land for his celestial dynasty. Now, he had helped his celestial dynasty get rid of so many enemies. This was simply too great of a contribution.

Everyone in the hall bowed.

“You’re welcome!”

Tang Hao said indifferently.

“Fellow Daoist, how did you do it? “These old demons are all extremely cunning ...” The sage Emperor rose to his feet and said curiously.

“That’s easy. It’s hard to catch them one by one. Let’s just gather them together and catch them all in one fell swoop!”

Tang Hao said.

“There’s such a method?”

The sage Emperor was startled.

This method was easy to say, but it was extremely difficult to do in reality. Those old demons were not stupid, so why would they casually gather together?

“So it’s you!”

At this moment, a cry of alarm rang out.

It was patriarch demonic heart.

“I’ve heard that someone wanted to take revenge on the Saint spirit dynasty by placing demons on the Union List, but I didn’t believe it would succeed at that time, so I didn’t pay much attention to it. I didn’t expect it to really succeed.” Patriarch devilheart said in shock.

He was a famous evil cultivator and had many connections in the evil way. He knew many of these old demons, so he had naturally heard of these rumors.

“Bewitch the demons and then capture them all in one fell swoop! What a deep scheme!”

“Hiss! It seems that not only is this person powerful, he’s also very good at scheming!”

Everyone was shocked. They looked at that person with even more respect.

“Fellow Daoist, I’m impressed!”

The sage Emperor clasped his hands in respect.

“Then the result ...”

Tang Hao said indifferently.

“Oh! The bright moon will naturally be first, without a doubt!” The sage Emperor hurriedly said.

“That’s good!”

Tang Hao nodded.

“My fellow cultivator, can you let my dynasty keep ten of these heads? I want to use these heads to tell the world and intimidate the rest of the fierce demons so that they won’t dare to cause trouble in the Saint spirit dynasty again!”

The sage Emperor said.

“Alright!”

Tang Hao nodded.

With a wave of his sleeve, he took out the bodies of the ten old demons and gave them to the sage Emperor. As for the remaining heads, he took them all.

Now, he could finally refine these old demons to death.

As for the ten golden immortal old fiends, he did not take them out for fear of scaring these people.

“Many thanks, fellow Daoist!”

The sage Emperor bowed once more in thanks.

“If there’s nothing else, I’ll take my leave!” Tang Hao said.

“Good, good, good! Fellow Daoist, please!”

The sage Emperor hurriedly said with a warm expression.

He even walked down to see Tang Hao off.

“Farewell, senior!”

The courtiers in the hall all swarmed over to bid their farewells.

The third Prince stood at the side, his face alternating between green and white.

Just now, he was still high and mighty, standing in the first place, and the position of Sage was even more at his fingertips.

In the blink of an eye, everything had changed!

The other princes’ expressions were also not too good.

Nona had already taken two first places. As long as she performed normally in the third round, the final Saint position would be hers.

“Who is this person?”

Patriarch demonic heart and company were frowning in deep thought.

However, they couldn't figure it out even after thinking for a long time.

“We're finished! It's finished! You've really hurt me! If this continues, won't I become the sage Emperor for sure?”

The moment she returned to the Mingyue Palace, tantai Mingyue sat down and grabbed her head in frustration.

“Didn't I say that I'll help you become a saint?”

Tang Hao looked at her and chuckled.

“I ... I thought you were just joking! Besides, I also thought that you wouldn't be able to do it by yourself. Who would have thought ... That you would be so powerful?” Tantai Mingyue said helplessly.

“I told you, you've underestimated my young master, but you didn't believe me!”

Ji Qiuci sat beside her and smiled. “Actually, it's not bad to be a Saint Emperor. You see, the first Saint Emperor in history, the first celestial Empress of the celestial realm, how impressive!”

“Oh, really? It does seem a little ...”

Hearing this, tantai Mingyue was convinced.

Tang Hao sat there for a while, then returned to his palace.

He sat down and began to refine the old demons.

When he refined all of them, he would be able to obtain countless Dao accumulations and spiritual essences.

He had already tidied up the collection of these old demons and stored them in his clear sky ring.

On these old demons, he also found some messy things, especially the carefree immortal. He carried many cave abodes with him, all of which were places for his pleasure. The creatures inside were also strange.

Tang Hao released them all.

Just like that, half a month later, the third Test's question was out.

“This time, it's a test of governance ability!”

“There were originally three hundred provinces in the Saint spirit dynasty. Now, we've seized several territories and divided out many provinces. Thirteen of them were chosen for the test, and his Highness has drawn the sky billow province.”

“In the next three months, we will develop the tianlan Prefecture. In the end, we will judge the overall standard of the prefecture!”

Daoist Qingcheng explained the topic to Tang Hao after they returned from the palace.

“The tianlan Prefecture? Where is he?”

Tang Hao asked.

“This place just so happens to be the former territory of the Dragon Elephant Cave.”

Daoist Qingcheng took out a map and pointed at one of the pieces.

“Then what are we waiting for? let’s go!”

Tang Hao immediately stood up and led the group toward the tianlan Prefecture.
