

The Mightiest Little Peasant Chapter 3247

“Where did this immortal City come from?”

“This immortal city’s defense ... Is too abnormal!”

After the shock, the crowd burst into an uproar.

The immortal City in front of them was definitely a top-notch Immortal City!

“How could that old monster have such powerful immortal cities? and there might be eight of them?”

They were in disbelief.

“This immortal City is indeed powerful. I can sense that it’s completely integrated with the underground immortal vein, and it can continuously extract the power of the immortal vein for its own use.”

Some people’s eyes shone with divine light as they looked down at the immortal City.

“Its formation is so complicated. I can’t see through it at all!”

There were also people who squinted their eyes and looked into the city, peeking at the formation within.

“Tsk! How troublesome!”

The senior disciple grinned, feeling a little impatient.

It was originally an easy task, but he didn't expect that the old monster would have such a good treasure, which made things troublesome all of a sudden.

He estimated that even with their strength, they would need a lot of time to break into this immortal City.

"It's fine. It's just that its defense is strong. It's nothing. It'll break after a while!"

"That's right, hurry up and do it! The earlier we break it, the earlier we can move the people and the city away."

"Hahaha! After losing such a powerful Immortal City, that old monster must be so scared that he'll vomit blood!"

Everyone's expression quickly became excited again.

They looked at the immortal City, their eyes burning.

Such an Immortal City was a Supreme treasure!

"Good! Then let's attack together and blast it!"

The eldest brother shouted and activated the ancient sword again.

Behind him, the eighth prince took out a Golden Dragon Seal, which was shining with golden light and exuding a strong Joss flame aura. The rest of the people also took out their celestial artifacts.

They activated it and were about to attack.

At this moment, the tallest tower in the immortal City suddenly shone with a divine light.

“What’s that?”

“It looks like a mirror ...”

They narrowed their eyes and were stunned.

In the next moment, their expressions changed, and their eyes widened, revealing extreme shock and fear.

That ball of divine light suddenly expanded, and actually exploded with an aura that made even them palpitate.

“What ... What is this?”

“What a shocking aura!”

They cried out in shock.

Whoosh!

A moment later, the beam of divine light suddenly rushed out.

It was too fast!

In an instant, it was right in front of him.

Along with the divine light, a terrifying aura filled the sky.

“Oh my God!”

Facing this divine light, they were so shocked that their faces were distorted.

This strike was like the joint attack of several late golden Immortals. It was terrifying beyond compare.

Peng Peng Peng!

The next moment, the sound of light screens exploding could be heard.

Then, there was a series of screams.

They were all sent flying. Some of the weaker ones even spat out a mouthful of immortal blood.

Some of them had just advanced to golden immortal realm, so they were completely helpless in the face of such a terrifying attack.

If it wasn't for the fact that so many people were sharing the burden, they would have exploded instantly and suffered heavy injuries.

When they stopped, they were all in an extremely sorry state.

They raised their eyes and looked at the immortal City in front of them with deep fear in their eyes.

The attack just now had completely frightened them.

“Just how many people are there in there?”

“Don’t tell me that old monster is inside?”

As they discussed, their faces revealed cowardice.

Not only was this immortal city’s defense powerful, but its attack was also so powerful that they had no way to attack.

“Hurry up! Quickly retreat!”

When they saw that the divine light was gathering again in the city, they cried out in alarm and retreated frantically.

Whoosh!

A divine light flashed.

The eldest senior brother who was blocking in front of him immediately spat out a mouthful of blood. His body was like a cannonball as he flew backward.

His eyes were wide open in disbelief.

This attack was even stronger than before.

“Run! We’ve fallen into a trap!”

When he stopped, he wiped the immortal blood from the corner of his mouth and roared madly.

He firmly believed that the old monster, Qingcheng, the Dragon-vanquishing Daoist, and the others must be lying in ambush in this immortal City. They were all waiting for them to come!

When the others heard this, they turned around and ran.

They were all terrified, and their souls were almost gone.

Even their eldest senior brother, who was an intermediate golden immortal, vomited blood. This immortal City was too terrifying!

They ran for their lives, only hating themselves for not having legs.

Only after they had fled far away did they stop and calm down.

“Motherf * cker! We’re too unlucky to have stepped into a trap!”

They were all cursing and swearing.

“It’s fine. We’ve stepped into a trap, so the other royal brothers will definitely succeed. The goal of this operation has been achieved.” The eighth prince laughed after a while.

“Yup!”

When everyone heard this, they all nodded, and their expressions eased a lot.

“Let’s go!”

They moved and headed back to their homes.

“Eh? What’s that divine light?”

After flying for a short distance, they saw a group of divine lights galloping in the distant sky. They looked a little miserable, as if they were running for their lives.

“Eh? Isn’t this seventh brother! You guys succeeded?”

The eighth prince took a closer look and couldn’t help but be stunned.

That group of divine light was actually seventh brother’s group.

It was strange, why were they in such a sorry state?

“8th brother? Did you guys succeed?”

The group of people stopped and asked.

“Hey! We’re so unlucky to have run into that old monster. He has a freakish Immortal City that we can’t break through!” The eighth prince shook his head and complained.

“What? You guys also ran into that old monster? There’s also a terrifying Immortal City there?”

The seventh Prince and the others were stunned.

What a coincidence!

They were in the same situation!

“Also? You too? It can’t be!”

The eighth prince was dumbfounded and couldn’t believe what he heard.

He had expected that there would be two immortal cities, but how could that old monster appear in two places at the same time?

“Hey! It was! It must be that old monster. Otherwise, we wouldn’t be in such a sorry state!” The seventh Prince and the others said with certainty.

For a moment, the two groups of people looked at each other in confusion!

It seemed that both sides had encountered that old monster, but this was too strange!

“Let’s go! Let’s take a look at other places!”

After a moment of shock, someone suggested.

Only then did everyone come to their senses, and they all rushed to the nearest place.

Soon, they heard a rumbling sound in front of them, mixed with muffled groans and miserable cries.

Ah!

With a scream, someone flew over like a cannonball and passed by them.

They took a look and could vaguely recognize that it was their third brother’s man, a consecrator of the sacred Spirit Hall.

Gulu!

They raised their heads and looked at each other. They all swallowed their saliva in unison.

From the looks of it, third brother and the rest were also defeated!

It was really like seeing a ghost!

Could it be that this immortal City also had that old monster guarding it?

They looked at the Celestial City that was emitting a shocking divine light in front of them, and they were in a daze for a moment.
