

The Mightiest Little Peasant Chapter 3248

“Eh? 7th brother, 8th brother, why have you come?”

The third Prince, who was in a sorry state, shouted in surprise when he saw the group of people.

“You guys succeeded?”

Then, he said happily, “it’s not in vain that I, third brother, spent so much effort to help you hold back that old monster!”

When the seventh Prince, eighth prince, and the rest heard this, their expressions became extremely strange.

“What’s wrong?”

The third Prince was stunned.

“Third brother, we’ve also run into that old monster!” The eighth prince said in a low voice. Then, he gave a brief account of his experience.

The third Imperial Prince’s mouth was wide open, and he was completely dumbfounded.

That’s impossible!

He was 100% sure that the old monster was in the immortal City in front of them. Otherwise, with their strength, they would not have been in such a difficult position.

However, what was going on with his seventh and eighth brother?

In particular, eighth brother's group was quite strong, not much weaker than him. How could they fail?

"Your Highness, we can't stop it! This ghost Immortal City is simply too abnormal!"

At that moment, patriarch demonic heart rushed over and roared.

His old face was pale and there was blood at the corner of his mouth.

"Motherf * cker! Let's go!"

The third Prince glanced at the immortal City, his face full of regret.

Then, he beckoned to the crowd and turned to leave.

"What? Did the seventh and eighth prince also have such immortal cities, and they even had that old monster in charge? That's impossible!"

They only stopped after they had fled far away.

After hearing about the other two princes' encounters, patriarch demonic heart and company found it unbelievable.

That old monster was alone. How could he appear in three cities at the same time?

“Let’s go to other places to take a look!”

The third Imperial Prince said with a gloomy face.

The group of people got up and flew to the next place. When they arrived, there was no one there, and the Celestial City was still intact. When they contacted the fifth Prince again, it turned out that they had encountered the same situation.

Everyone was dumbfounded.

They really couldn’t understand what method that old monster had used to be able to appear in various immortal cities at the same time.

After they had gone around the area, all the princes gathered together, their expressions extremely ugly.

So many of them had joined forces, but they had still failed!

Was that old monster really that powerful?

“Who is this old monster?”

“Yeah! Where did he come from? how can he be so powerful?”

They were all very vexed.

The old monster behind Nona was so powerful that it was strange!

The power of the divine ability seemed to be omnipotent!

The old monsters of the nine Saint mountain weren't easy to deal with, and the Saint spirit dynasty hadn't been able to persuade them for thousands of years. However, that old monster had taken care of them easily!

The old Daoist Qingcheng and the others had even come to his Holy Spirit Palace and pledged their allegiance.

And in the second round, they had spent a lot of effort and only caught one and two old demons. However, that old monster had quietly caught more than a hundred. It was simply incredible!

Now, that old monster had conjured eight immortal cities out of nowhere and easily blocked their attacks.

"I don't know! We can't find out his identity at all!"

Everyone shook their heads.

Of course, they had checked, but they couldn't find anything.

"The first time I met him was at Daoist Ma's place. He had a pair of golden immortal maids. It was because of these maids that he became my enemy and wanted to help ninth sister to get to the top!" The third Prince said, feeling a wave of regret in his heart.

If he hadn't provoked this person that day and had won him over instead, the position of Sage would have long been his, and he wouldn't have been in such a sorry state.

“Al! I didn’t know he was so powerful!”

The eighth prince was also a little regretful.

He had also offended this person at the Holy Spirit quarry that day, and now that he thought about it, he was filled with regret.

“Sister nine is so lucky!”

“Yup! I got the help of such an expert in my confusion!”

Then, they started to envy him.

In order to become a saint, they had prepared for many years, spent countless treasures, and roped in helpers from all over the world. But in the end, they couldn’t compare to ninth sister, who only knew how to eat, drink, and play all day!

It really made people want to vomit blood!

“If this continues, sister nine is going to win! She’s just a girl, how can she sit on the Saint seat? at that time, our Saint spirit dynasty will become a joke!”

One of the princes said angrily.

“That’s right! No matter what, we can’t let ninth sister take the throne!”

All the princes agreed.

Throughout the entire immortal world, there were no countries or dynasties that had a female Emperor. If the Saint spirit dynasty were to make an exception like this, they would definitely become a joke.

“But sister nine has such a powerful figure behind her. How can we stop her?”

But then, they were in a dilemma again.

That old monster was too powerful, and they couldn't think of a way to deal with him.

“There's still a way!”

After a moment's silence, the third Prince suddenly turned around and looked at the eighth prince. “It all depends on whether eighth brother is willing or not!”

“What do you mean?”

The eighth prince was stunned.

“This old monster is too powerful. We can't deal with him. We can only trouble eighth brother to ask your master. With him, we can easily suppress that old monster.” The third Prince laughed.

“Of course, I won't let you invite me for nothing. After this matter is completed, this Saint position will be yours, eighth brother!”

“This ...”

The eighth prince hesitated for a moment.

It would be difficult to ask master to help!

His master was a celestial of the great all-embracing heaven, a Supreme existence. It was improper for him to get involved in the affairs of a group of golden Celestials!

However, he couldn't resist the temptation of the Saint position.

If he could, the Saint position would definitely be his!

"Just tell your master that there are a few ancient immortal cities here that are very powerful and might have been built by immortal kings. With that, do you think he won't be tempted?" The third Prince said.

"Yup! 8th brother, I'm counting on you!"

"I think this is a good plan!"

The rest of the princes agreed.

This was the only way at the moment.

Of course, after ninth sister was eliminated, they would still have to fight for the sainthood. They would not give it to eighth brother so easily.

"Good! I'll try my best!"

The eighth prince nodded heavily, took out another jade talisman, and sent it out.

“I’m not sure if master will come.” He looked at the princes and said.

“I’m fine!”

The crowd laughed, each with their own thoughts as they waited.

About an hour later, ripples appeared in the void, and the Jade talisman returned.

“Master is coming!”

When he opened it, the eighth prince exclaimed in surprise.

“Hahaha! It’s done!”

The other princes were also overjoyed.

Once the celestial of the great all-embracing heaven came, no matter how powerful that old monster was, he wouldn’t be able to cause any waves!

They looked like they had vented their anger.

This time, that old monster had made them all dejected. When the great eternity immortal came, it would be the old monster’s turn to run away in embarrassment.
