

The Mightiest Little Peasant Chapter 3251

In the horizon, the divine light had long disappeared.

However, everyone was still rooted to the spot, unable to come back to their senses for a long time.

Everything just now was too strange!

“What ... What’s going on?”

“Is senior fire spirit really crazy?”

After a long while, everyone came back to their senses and looked at each other. They could see the confusion in each other’s eyes.

He was a Grand celestial of the great all-embracing heaven, but he kept saying that he was killed by a group of disciples!

Wasn’t this ridiculous?!

With heavenly venerate fire Spirit’s strength, who else in the immortal world could threaten him?

“Could it be that this old freak has an extremely shocking background? so powerful that even the heavenly venerate fire spirit is afraid of him?”

Patriarch demonic heart said with a frown.

He raised his head and looked at an Immortal City in the distance with a shocked expression.

If that was the case, just how terrifying was that person's background?

"It can't be!"

"Only a few forces can scare the fire spirit."

The crowd was in an uproar, all of them somewhat unable to believe it.

In the entire immortal world, only forces at the level of Xuanyuan, origin, Emperor Xun, and the nightless club could intimidate a celestial master!

Judging from the reaction of heavenly venerate fire spirit, it was more likely to be the latter two.

This was because these two powers were backed by Immortal King experts.

"Don't tell me they're really from those two forces!"

An old monster said bitterly.

Everyone was silent.

Although he couldn't believe it, this was the only possibility.

"Your Majesties, let's return first!"

“Yup!”

The group of old monsters all had the intention to retreat.

Originally, they couldn't do anything to that old monster. Now that even the great eternity immortal was scared away, how could they continue?

“How could it be like this!”

The third Prince gritted his teeth, his face full of unwillingness.

He had never expected that the old monster would have such a shocking background, causing his plan to fail again.

“Your Highness, let's go back! Develop the territory well, and maybe we'll have a chance!”

Patriarch devilheart glanced at him and said helplessly.

The rest of the princes left one after another under the persuasion of their old monsters.

When they left, all of them were sighing, their faces dejected.

Judging from the current situation, the position of Saint was really going to fall into sister Jiu's hands, and his Saint spirit dynasty was going to have an unprecedented Empress.

Tianlan state capital.

Tang Hao was already prepared. He waited left and right, but the fire spirit did not show up.

He was still a little puzzled and glanced at the sky from time to time.

When he received the Jade talisman from the demoness, he was stunned.

That old monster had indeed come, but his behavior was very abnormal.

“That’s weird! Even if he knew my identity, he wouldn’t have to do this!”

He found it very strange.

“Maybe he’s afraid of the night Immortal King! He probably thinks that since I’m here, I represent the nightless club.” He pondered.

This was the most reasonable explanation.

He didn’t pay too much attention to it and quickly put the matter aside.

Since he no longer had to worry about the harassment from the other princes, the next thing he had to do was to develop his territory.

He was already prepared for this.

That was to throw money!

As long as one came to the sky Horizon State, they would be given immortal crystals. The higher one's cultivation and talent, the more immortal crystals they would be given.

This was also the simplest and crudest way!

Under the temptation of immortal crystals, not only people from the Saint spirit dynasty, but people from all over the world would come to join the sky billow state.

At the same time, he also had to publicize the immortal city's environment so that it could attract many people to migrate.

As long as there were more people, the development in other aspects would not be bad, and they could easily win the final Saint position.

He used his clone and Daoist Qingcheng and the others did their best to spread the news. The news of the tianlan province recruiting people quickly spread throughout the entire continent.

"Have you heard that mortals can also get money, but only 100 of them can get one immortal crystal. If a sage realm goes, each person will get one immortal crystal. This money is so easy to earn!"

"Yup! It'll cost a few hundred thousand immortal crystals for a family to move there. "

"I heard that the environment there is very good, and the people living there are all in immortal cities."

In an instant, the entire continent was in an uproar.

Everyone was discussing the situation in the tianlan Prefecture.

Many people were moved, and their entire families moved to the tianlan state.

This news also caused a sensation in the Saint spirit dynasty.

Because they all knew that the tianlan province was the territory of the ninth Prince, and at present, the ninth Prince was far ahead of the others. As long as there were no accidents, the next Saint position would be his.

“The ninth Prince should be the target of public criticism. If he goes to the tianlan Prefecture, will he be in danger?”

Many people were worried.

“Hey! Don’t worry, I’ve heard that the person behind the ninth Prince is extremely powerful and doesn’t fear the other princes at all. The Crown Prince and the third Prince have all been killed, and they can’t do anything to the tianlan Prefecture.”

A well-informed person stood out and talked about the situation at the front line.

The battle for the Saint position was of great importance and naturally attracted the attention of all parties in the celestial dynasty.

As soon as this news came out, the enthusiasm of all parties immediately rose.

In an instant, people from all the continents moved to the sky billow continent.

Most of them didn't have a good time in their original provinces, so it was a good time for them to change places and start over.

"We're finished!"

By the time they noticed this situation, all the princes realized that they had lost!

They couldn't stop sister nine at all.

Based on the current situation, even if sister nine couldn't take first place, she would still be in the top three. The final Saint position would be hers.

"We can't let these people enter the tianlan Prefecture. We can't let a single one in!"

The Rui Lin Prefecture.

The third Prince slammed the table, his expression somewhat crazed.

"No! If we don't capture them, we'll kill them all! Didn't these people want to seek refuge with sister nine? Then they deserve to die!" Then, he roared again, and his expression became somewhat ferocious.

Below, everyone frowned when they heard this.

Killed?

His Highness must be crazy!

These people were all citizens of the celestial dynasty, how could they be killed so casually!

“What are you guys doing? didn’t you hear me?”

The third Prince roared again.

The old monsters shook their heads and sighed in their hearts.

This person’s power had already been lost, and he no longer had any value in supporting him.

“Your Highness, those are the people of the celestial dynasty. I really can’t bear to do it. I still have things to do, so I’ll take my leave first. Goodbye!”

An old monster from the sacred Spirit Hall stood up and cupped his hands. He said coldly before turning around and leaving.

As a consecrator of the sacred Spirit Hall, they could be considered half a member of the celestial dynasty. They couldn’t do something like massacring the people of the celestial dynasty.

“Your Highness, you’ve truly disappointed us. I’ll be leaving as well!”

Then, the consecrators of the sacred Spirit Hall stood up and left.

Soon, the other old monsters also joined in and left.

“You ... You’re all bastards! Didn’t you all agree to support me in ascending to the saint’s throne? All of you, come back here!”

The third Prince was anxious and roared madly.

However, no one paid attention to him. One figure after another left.

In a short while, the large hall was empty, leaving him sitting alone in a daze, as if he had gone mad.
