

The Mightiest Little Peasant Chapter 3254

“Fellow Daoist, your Immortal City is truly unparalleled!”

In an Immortal City of the Tianlan Prefecture, two figures stood on the highest tower and looked down at the surroundings.

One of them was a middle-aged man in a Golden Dragon immortal robe. He had a dignified expression.

He looked around and couldn't help but sigh. His eyes were burning.

The Celestial City under their feet was comparable to the capital of the Saint Spirit Celestial Dynasty, which was incredible!

What was even more unbelievable was that there were seven such immortal cities.

Now, these eight immortal cities were the focal points of the entire dynasty.

People were guessing where these immortal cities came from.

“Fellow Daoist, state your price! The eight immortal cities were all left behind. Also, I will compensate you for the immortal crystals you spent. In addition, I will reward you handsomely.” He looked at the white-robed man beside him and said fervently.

He had already vaguely guessed this person's identity.

There were only a few people in the entire immortal world who could help Little Nine, who had no foundation, win this battle for the Saint position.

Furthermore, this person was skilled in artifact refining and had such a unique style, his identity was obvious.

The former master Haotian was now the young celestial Lord who shocked the celestial world!

He also knew that little Jiu admired master Haotian, which explained why he would be with little Jiu.

“The sage Emperor truly is a straightforward person!”

Tang Hao smiled.

“I’ve taken over 10000 Saint spirit pills from you before. Consider it a part of the compensation,”he said after a moment of silence.

“No, no, no! That doesn’t count, that’s the compensation for the previous two rounds. ” The sage Emperor hurriedly said,“we are now talking about these eight immortal cities.”

“Alright!” Tang Hao nodded and furrowed his brows.”I wonder how many top-grade immortal stones your Saint spirit dynasty has?”

“Top-grade immortal stones?”

The sage Emperor was startled.”You don’t want the origin core stone?”

“No need! I only want immortal stones, the ones that haven’t formed an origin core. I want the best ones, the more the better. If there are more Saint spirit pills, that would be even better. Give me more. ” Tang Hao said.

To him, the origin core stone was of no use, because he could create his own origin core.

A natural-born origin core would usually have five or six apertures opened, and seven apertures was already the best. However, the one he created was at the level of eight apertures, which was the legendary origin core.

“I don’t have many Saint spirit pills left, and I can’t take out more. However, I do have a lot of immortal stones in the Treasury of the celestial dynasty. Of course, the quality is the best. What do you think about 100000 pieces?”

The sage Emperor said.

So many!

Tang Hao was shocked.

He didn’t expect that the Saint spirit dynasty would be able to take out so many top-grade immortal stones in one go.

“Alright!” He quickly agreed.

“Then it’s decided. 100000 top-grade immortal stones. Do you need anything else?”

“Gold iron immortal material! There’s no limit to the type, as long as the grade is a little higher.”

“Alright!”

The sage Emperor very quickly agreed.

As the number one great Immortal Dynasty in the immortal world, they naturally had a lot of gold and iron immortal materials.

“Then I’ll get someone to prepare it and send the immortal crystals over. By the way, fellow Daoist, when do you plan to leave? why don’t you wait until after little Jiu’s coronation ceremony?”

“No, I’ll leave in a few days!”

Tang Hao said, shaking his head.

He had already stayed in the Saint spirit dynasty for more than half a year, so he had to leave. He still had a lot of things to do.

“I see! What a pity!”

The sage Emperor sighed.

“Xiaojiu’s still a bit too young and childish, but that doesn’t matter. She’ll soon learn how to be a saint-Emperor. She’s pure and kind, so she can be a good Saint-Emperor. ”

As he spoke, he looked at a Hall below and said.

“Yup!”

Tang Hao followed her gaze and nodded with a smile.

He also felt that this girl was not bad, which was why he supported her.

The two of them chatted for a while more before they went down the tower.

“Father, you’ve been talking for so long. What were you talking about?” Tantai Mingyue asked curiously as she walked up to him.

“We were talking about you!”

The sage Emperor laughed.

“What’s there to talk about?” Tantai Mingyue muttered softly.

“We’re talking about you. How should you become the sage Emperor, and if you’re good at it.” The Saint Emperor said, “alright, you young people can continue chatting. I’ll be going back first.”

He cupped his hands at Tang Hao, then turned around and left.

Tang Hao’s brows furrowed. He knew that the man had guessed his identity.

He didn’t care. When he was building the immortal City, he knew that he couldn’t hide his identity.

“I’m prepared to leave in a few days!”

After watching the sage Emperor leave, Tang Hao turned around and looked at tantai Mingyue.

“Ah? So fast?” Tantai Mingyue was shocked, “not staying for a while longer?”

“No! I still have a lot of things to do.” Tang Hao smiled. “It’s fine. I’ll be visiting the Saint spirit dynasty again in the future.”

“Alright then!”

Tantai Mingyue replied in a low voice, her eyes dimmed.

“Since you’ve already obtained this Saint position, you should do your best. Take this, it’s for your self-defense.” Tang Hao took out a token and handed it over.

This was a mobile immortal’s cave, and inside it were one hundred origin core avatars he had prepared, all of which were at the gold immortal level.

As the future Holy Spirit Empress, how could she not have some trump cards?

“Consider it a gift to celebrate your ascension to the throne!” Tang Hao said with a smile.

The moment she opened it, tantai Mingyue was taken aback. Her beautiful eyes widened.

She could tell that these were all eight-orifice nascent embryos.

However, how could there be so many eight-aperture origin embryos?

“Keep it, and remember, don’t tell anyone!” Tang Hao made a shushing gesture.

Tantai Mingyue was jolted to her senses when she heard the sound of something breaking through the air. She kept the token.

“Senior, come, let’s drink!”

The person was none other than patriarch demonic heart.

“Alright!”

Tang Hao smiled and went down.

In the Great Hall below, Qingcheng, Dragon-slam, and the others were all there, as well as the Holy Spirit Hall’s sinecures who had joined them. They were drinking wine, and it was quite a lively scene.

The demoness was also there. She sat at the table in a bold and unrestrained manner.

The party only ended after drinking for half a day.

The group returned to the capital.

Tang Hao stayed in the bright moon Palace for three more days.

The treasures promised by the sage Emperor had arrived long ago. There were 100000 top grade immortal stones, a few billion immortal crystals, countless gold and metal immortal materials, and many other immortal artifacts and rare immortal level herbs.

“Let’s go!”

After bidding farewell to tantai Mingyue, patriarch demonic heart, the old Daoist Qingcheng, and the others, Tang Hao left.

He naturally brought along the two girls, Chun Xuan and Qiu Ci.

When they left, the two girls were still somewhat reluctant, especially Qiu Ci. She had the best relationship with Ming Yue and had the same temperament.

After leaving the sacred Spirit Imperial City, Tang Hao opened his mobile abode.

The group of people from the Taiyi celestial dynasty walked out.

“Many thanks!”

Tang Hao took out an immortal ring and handed it over.

“Al! I can ‘t!”

The people of the Taiyi celestial dynasty hurriedly declined.

They didn’t dare to take anything from this person.

They had no choice but to accept it when Tang Hao insisted on giving it to them. They thanked him again and again before they left.
