

The Mightiest Little Peasant Chapter 3263

“This kid seems to have become very extraordinary!”

On the warship of fortune, the old locust tree smiled.

He could not sense the kid’s realm at all.

Behind him, the ship was filled with enthusiastic cheers.

“This guy ...”

Many of the deity’s descendants had complicated expressions on their faces.

Back then, this man had once transcended the peak of Pangu, and had been in the immortal world for more than ten years. It was unknown what level his cultivation base had reached.

“This person is too strong. Let’s go!”

“It’s time to retreat. Otherwise, it will be like the last time.”

At this moment, many cries of alarm could be heard from the nine-colored tribe.

The people who spoke were all true God level characters.

They couldn’t see through the opponent’s strength at all. Based on those moves just now, they could conclude that this person was at least a mid to late earth immortal realm human.

“Hmph! No matter how strong he is, he’s only one person. We have so many people, can’t we take him down?”

“That’s right, things are different now!”

However, there were also many people who snorted coldly with a look of disdain.

They had ten earth Immortals, not to mention true immortals, which was even more. If they attacked together, would they not be able to deal with this guy?

Even if he couldn’t kill them, he could at least resist them!

“This ...”

Hearing them say this, the others couldn’t help but reveal hesitant expressions.

That’s true, they might be able to fight.

“If we don’t fight and just run away, the highgod will definitely blame us!”

“Right! We still have to fight!”

As they discussed, their fighting spirit was reignited.

“Your courage is commendable!”

Tang Hao looked over and smiled.

“Hahaha! I think you are the one. Do you really think that my gods race can’t do anything to you just because you have reached the earth immortal level? With a highgod present, even if you became a celestial immortal, it would be useless! Your Pangu clan is destined to be destroyed. ”

“Hmph! He was really Savage! Come and fight if you have the guts!”

The earth level deities of the nine-colored tribe shouted.

Tang Hao’s eyes narrowed, and a bone-chilling glint appeared in them.

The next moment, his figure flickered and suddenly disappeared. When he reappeared, he was already in front of the crowd.

“You ...”

They were shocked.

It was too fast!

They couldn’t react at all.

“A mere earth immortal dares to be arrogant!”

“Hmph!” Tang Hao reached out and grabbed the face of one of the nine-colored Warriors in front of him. He slowly applied force and squeezed.

Kala! Kala!

First, his helmet cracked. Then, the sound of flesh and bones cracking could be heard.

Ah!

“Ah!” A heart-wrenching scream tore through the sky.

All around the battlefield, everyone watched in horror as the earth-god expert was grabbed in the face and crushed without any ability to resist.

Si si si!

On the side, the other nine-colored powerhouses' eyes were about to pop out. They opened their mouths and crazily sucked in cold air.

F * ck!

This was an earth-god level expert!

It was crushed without any resistance?

What a joke!

Was this guy really an earth immortal?

“Hurry up! Hurry up and run!”

They shrieked, completely scared out of their wits.

Whoosh! Whoosh! Whoosh!

They turned into divine light and tried to escape.

“Did I let you go?”

At this time, they heard a cold snort that exploded like thunder. It shook their hearts and minds, and the qi and blood in their bodies churned. Those with weaker cultivation levels almost vomited blood.

At the same time, their figures also stopped for a moment.

“If you want to leave, you have to ask me first!”

“Die!” Tang Hao shouted coldly. His body flickered, and he appeared in front of one of the men. He slammed his palm down.

Bang!

His entire body, along with his armor, instantly exploded.

Seeing this, the rest of the people were even more frightened.

However, before they could escape, their bodies also exploded one after another.

“You ... You’re ... A celestial immortal?”

Soon, Jiang Taiyuan was the only one left among the ten earth level deities.

He froze on the spot, not daring to move, his face full of disbelief.

This kind of strength had definitely surpassed the earth immortal level of the human race and reached the heaven immortal level.

But, how was that possible!

Even a highgod like him was only at the celestial immortal level. How could this human have reached this level?

“A celestial immortal?”

Tang Hao chuckled with disdain.

Jiang Taiyuan was stunned, and his eyes widened in horror. Could it be that he was not a celestial being, but a higher level?

“I let you escape last time, but you can stay this time!”

With a wave of his hand, Tang Hao crushed Jiang Taiyuan with a single palm strike, then threw him into the furnace.

“You guys, come in too!”

He activated the divine furnace, which expanded to the size of a sky-covering object. It directly enveloped the front and suppressed all the true immortals.

“I’ll leave the rest to you!”

He put away the divine furnace and looked in the direction of the sacred city.

The sacred city was in an uproar. Countless figures shouted and rushed out, pouncing toward the nine-colored tribe.

“Greetings, chief sovereign!”

Many people would stop and bow when they passed by.

Then, he continued to rush forward.

“Tang kid, I don’t know what to call you anymore. What’s your current realm?”

Supreme Xuan Hong led a group of people from the sacred Hall and also flew over.

“A celestial immortal!”

“That’s right!”

The people from the divine temple laughed.

Tang Hao smiled and shook his head.

“He’s not a celestial immortal?”

The group of people was stunned.

He’s so powerful that he could suppress ten earth level deities, but he’s not a heaven immortal?

“That’s true! It wasn’t easy to become a heaven immortal, it required 50000 Dao attainment points! Everyone in the immortal realm is an immortal. It’s not that easy to survive. It’s difficult!”

“Hey! It’s nothing, earth Immortals are still so fierce!”

They laughed.

“Who said I’m an earth immortal!” Tang Hao laughed.

“Ah? Not an earth immortal? Then what are you now? Hahaha! He can’t be a golden immortal!” A Saint Hall elder laughed.

“Almost!”

Tang Hao nodded.

The laughter stopped abruptly.

The elder's eyes widened so much that his eyeballs were about to pop out.

Golden immortal!

That was an existence that surpassed true immortality. Even in ancient times, it was considered an expert. To become a golden immortal, one needed 100000 Dao attainment and three connate spirit items, which was as difficult as ascending to heaven.

How many years had it been since this person went up there? how did he become a golden immortal?

Even Supreme Xuan Hong was in a daze.

"I'll tell you guys later!"

Tang Hao smiled at them, then lifted his head and looked up.

There, the giant Golden Eye appeared again.

"You again!"

"You're not dead yet!"

An angry roar could be heard from the hole.

It's that human reptile again!

Why isn't he dead yet!

The Dragon count roared non-stop and raised his hand to hit the barrier.

Tang Hao stopped a thousand feet away from the cave and looked up coldly.

Right now, he could already see the cultivation realm of this Dragon count. He was only at the late heaven immortal realm, which was close to the peak. If he were to attack, he could easily kill him.

However, he did not want to make a move.

It was best to keep this Dragon count alive. If he killed him, he would attract the attention of the entire Dragon count celestial race, which would be extremely disadvantageous to Pangu.

With a wave of his sleeve, rays of divine light flew out. They were all formation discs and formation flags.

Soon, layers of formations were activated, covering the entrance of the cave.

In the future, if the nine-colored gods wanted to come in again, they would have to break his 100-layer formation first.

And to do that, the nine-colored clan had to have someone at the zenith heaven level.

After setting up the formation, he ignored the roaring Dragon count and walked away.
