

The Mightiest Little Peasant Chapter 3269

“Still not getting lost!”

Curses sounded on the immortal warship again.

The few people from the heaven desolate Palace raised their heads and shouted impatiently.

Where did this guy come from?

His heavenly desolate Hall was such a big sign, how could he not see it?

Tang Hao stood there with his hands behind his back, as if he was not going to leave.

The few people on the ship were stunned when they saw this.

They couldn't believe their own eyes. This fellow in front of them was actually acting so arrogantly in front of their heaven desolate Hall. Did he not want to live anymore?

“Such great courage!”

The green-robed man gritted his teeth and shouted.

“That's right! I'm quite bold!”

Tang Hao nodded.

“You ...”

The man choked, his handsome face flushed red, and his eyes widened, almost spitting fire.

This was the first time he had met someone who dared to be so impolite to him!

“This is preposterous!”

“Who is this guy? You dare to be so arrogant!”

The rest of the people were also infuriated and cursed angrily.

When the four women behind him looked over, their brows furrowed slightly. They were a little puzzled, but they could not understand who this person was. How dare he look down on the reputation of the heaven desolate Hall?

Furthermore, they were all golden Immortals, the geniuses of the heaven desolate Palace. No matter who this guy was, he should have heard of them.

“This fellow is so rude, why don’t we teach him a lesson!”

Someone shouted.

“Forget it, it’s not worth wasting time on this guy. Let’s go in quickly! If we’re one step late, we might lose the opportunity!” The rest of them hesitated for a moment before shaking their heads.

There was no need to waste time on such an idiot who blocked the way. It would not be too late to deal with him after he had obtained the opportunity.

“Let’s go!”

The warship slanted slightly and passed by Tang Hao.

Tang Hao grunted as he watched them enter the divine light. He then moved and entered the light as well.

Through the divine light, there was a cloud of smoke that obscured his vision, making everything hazy.

“A great formation!”

He tried it and found that it was very difficult to penetrate the smoke. It should be a formation that came with the divine mountain.

Then, he realized that not only could he not see clearly, but he could not hear anything either. It was deathly silent all around.

“This is a great place to Rob and kill!”

He muttered to himself.

However, he didn’t plan to do that. After all, he was a true immortal, and he wouldn’t be able to knock him out with a bludgeon. His specialty was useless.

He moved and dashed forward.

Soon, he heard the sound of an intense battle not far ahead. There was the sound of metal clashing, and there was also the sound of cursing.

As he got closer, he saw a Palace made of black stones on the mountain in front of him. A ball of divine light floated in the palace, and a few figures were fighting in the sky above the palace. The battle was extremely intense.

“It’s the Taoist connotation!”

He narrowed his eyes and looked at the ball of divine light.

It was a crystal-clear Jade bead, which was filled with golden Taoist connotation.

“Just in time!”

He smiled and headed straight to the palace.

“Eh? Who are you?”

“Are you blind? Can’t you see we’re here?”

When they noticed him, the few of them were furious.

Motherf * cker!

They were fighting over it in full swing here, but this guy acted as if he didn't see them and went straight for the treasure.

"You're looking for death!"

They cursed and attacked with tacit understanding, activating their treasures to attack.

Tang Hao stopped and turned around.

"Argh! I Almost Forgot About You guys. I'm so sorry! Eh? Why are you all so polite?" He opened his mouth and laughed.

"This guy must have brain damage!"

Their faces immediately twitched.

They had joined forces to kill him, but this guy was still smiling and saying that they were being polite. If he didn't have brain damage, what was he?

"Then I'll reluctantly accept it!"

Tang Hao said with a smile.

Then, he stretched out his hand and grabbed at the divine light.

Two immortal swords and a flying shuttle, both of good quality.

The few of them almost laughed out loud when they heard that.

However, before they could laugh, their faces froze and their eyes widened as if they had seen a ghost. They were extremely shocked and horrified.

The celestial artifacts that the three of them threw out were all easily caught by that palm, and they were not injured at all.

Si si si!

Then, they sucked in a breath of cold air and were scared out of their wits.

F * ck!

This was an abnormal golden immortal old monster!

“My sword!”

Then, they all cried out in shock, only to find that they had lost control of their celestial artifacts.

“Didn’t you guys give this to me?”

Tang Hao said with a smile as he picked up a sword and gestured with it.

The three of them were stunned for a moment and almost cried.

“Right! That’s right! It’s for you, senior!”

“Senior, please keep it well. We’ll be leaving!”

They tried their best to squeeze out a smile, but it was uglier than crying.

After that, they turned around and ran away. They ran faster and faster as they fled.

Tang Hao smiled and tossed the three Immortal Weapons into his ring. He then descended and entered the palace to retrieve the Pearl.

After checking it once and finding no problems, he opened his mouth and inhaled, directly swallowing the Taoist connotation into his stomach.

As soon as the Taoist connotation entered his stomach, it was pulled by a huge force and directly poured into the immortal mansion, being absorbed by his Natal world.

Soon, another star was formed in his Natal world.

“There should be more!”

He left the palace and flew to the top of the divine mountain.

Soon, he found another place where there were also people fighting for it, so he directly took it.

“Eh? There’s something wrong with this mist!”

He continued to move upwards, and after a while, he discovered that the mist around him had changed. It was no longer pure white, but within the White, there was a hint of pink that was difficult to detect.

At the same time, there seemed to be a faint fragrance in the air.

He stopped and sniffed carefully. After trying to identify it, he couldn't help but wear a strange face.

“Was it arranged by that Celestial King or by someone else?”

He mumbled.

“Let's go up and take a look!”

He continued to move upwards.

With his physique and realm, these methods had no effect on him at all.

A moment later, he heard some strange sounds coming from the fog above. It was the kind of decadent sound that was unbearable to the ear.

Upon closer inspection, it was mainly a woman's voice. When a man's voice sounded, it was a painful roar.

After flying up for a while, they saw two figures entangled together in front of a Palace. The one who was pressed down was a man. Upon closer look, he looked a little familiar. It was the green-robed man from the heavenly desolate Hall.

“Waa! So bold and unrestrained?”

Tang Hao looked over and exclaimed in surprise.

The woman was shocked and raised her head. Her face was pale and her eyes were red, flashing with a faint luster.

She looked at Tang Hao in shock.

The man also noticed Tang Hao. He looked over and moaned in pain.””Fellow Daoist, save me ...”
