

The Mightiest Little Peasant Chapter 3273

“He has Nine Eyes and his body is dark gold. It’s that monster!”

“Those two just now should be ancient monsters!”

Exclamations of shock could be heard from the surroundings of the divine mountain.

It had been thousands of years since a battle between immortal spirit bodies had happened. They didn’t expect to be able to witness it today. Even though it was a short battle, they were still extremely excited.

They also recognized the dark golden giant, and their faces were filled with reverence.

This was a young celestial venerable!

“You’re running pretty fast!”

Tang Hao grunted. He felt that it was a pity.

He still wanted to eat up these two old monsters!

These two ancient monsters even had immortal spirit bodies. They must have a shocking collection. It would be a pity to miss it.

“Forget it, taking down these two arms is not a small gain!”

He retracted his two silver Fox hands and immortal spirit body before returning to the divine mountain.

On the mountain, those people were still sitting and resisting the influence of the joyous unification formation.

“Hand over the Dao bead and I’ll let you go!”

Tang Hao glared at them and said coldly.

“I’ll pay!”

“I don’t have a Dao bead. I’m willing to offer you treasures. Please save me, Dao friend.”

They did not hesitate.

He was an existence even more terrifying than the two old demons. The two old demons could not kill them. At most, they could suck their essence dry. However, this man could refine a golden immortal to death.

“What about you guys?”

Tang Hao looked at the group of young people from the heavenly desolate Hall.

“We’ll pay!”

They were a little unwilling, but they still nodded.

“Come, come, come, put them all inside!”

Tang Hao grinned. He took out a heaven-earth bag and walked over to them. Then, he told them to throw their treasures into the bag one by one.

After completing one round, there were a total of five Dao beads, which was quite a harvest.

“Many thanks, fellow Daoist!”

After he destroyed the joyous union formation, everyone adjusted their breathing for a moment before getting up, their expressions returning to normal.

“What’s the background of those two old monsters?”

Tang Hao said.

“Oh! These two old demons were from a long time ago. One was called the Silver Fox scholar, and the other was you Moji. They were very active when the immortal world was just established and were famous for being fierce demons. However, they later disappeared after they provoked too many people and were hunted down. I didn’t expect to see them again today!”

Someone said.

“Al! The immortal world is really in chaos. All kinds of old demons and old monsters are coming into the world one after another. Our days are not going to be good!”

Then, many people sighed and looked worried.

“Fellow Daoist, many thanks!”

After the group of people from the heavenly desolate Hall stood up, their faces were all red and they looked ashamed.

“No need to thank me!”

Tang Hao replied indifferently.

“Fellow Daoist, we’re really sorry for what happened earlier. We’ve offended you!”

Then, they all bowed and apologized.

“No need!”

Tang Hao said, waving his hand.

He really did not care about this group of heaven desolate Palace’s monstrous talents.

“Ai! Fellow Daoist, when you came up just now, did you see our fellow sect members?”

Just as he was about to leave, one of the women said.

“The one in the green robe?”

Tang Hao said as he stopped in his tracks.

“Yeah! There are two others, but I can’t sense them. I don’t know where they are. ”

“Oh! He should have been captured! Don’t worry, they’re having a good time. When I came up just now, I saw that the one in the green robe was having a good time with that witch!” Tang Hao said.

“Did you have fun?”

The woman was stunned, and then her face turned red.

What else could it be if he was having fun with that lascivious witch?

“That old devil is really too shameless!” She cursed angrily.

“It’s fine. Don’t worry about them!”

Tang Hao smiled, then turned around and left.

That green-robed guy should have been captured.

That fellow was a golden immortal, so it would be very difficult to refine him to death. What awaited him would be endless destruction, absorbing day and night.

“That guy is probably quite happy!”

He muttered.

After leaving the divine mountain, he flew straight and found a desolate place to sit down.

He took out the five Dao beads and swallowed them all.

In his Natal world, he already had more than 111 stars.

“It’s almost time to cross the Tribulation!”

He muttered to himself.

With his current strength, he was 100% confident that he could pass the Tribulation.

“Eh? This is ... The aura of tribulation lightning?”

At this time, his expression changed. He felt a strange fluctuation in the void. It was coming from an extremely far place.

“Is it the Golden immortal tribulation or the zenith heaven tribulation?”

He took out his spiritual eye and looked over.

After seeing it clearly, his expression changed slightly.

That was the zenith heaven tribulation!

Someone was going to become a zenith heaven!

He must be an ancient monster who had obtained an opportunity and was about to undergo a tribulation.

“I’m afraid there will be more in the future!”

He retracted his gaze and muttered.

Each of the Dao beads on the divine mountain just now contained a Dao accumulation that was enough to greatly increase the cultivation of a golden immortal. Soon, more peak golden Immortals would be born, and the old monsters at the peak could also quickly break through to the zenith heaven realm.

In this immortal world, a large number of newly advanced Grand Luo Immortals would soon appear.

“I’ll also undergo the Tribulation!”

He took a light breath, jumped up, and rushed into the sky, releasing his aura.

Very quickly, thunderclouds rolled and appeared in the sky.

The zenith heaven tribulation was far superior to the Golden immortal tribulation.

However, it was easy for him to get through this tribulation.

At this moment, the size of his Natal world had far exceeded the level of tribulation.

When the Tribulation lightning was ready, it would strike down, and he would directly take it.

The entire process of transcending the Tribulation was very smooth.

When the last tribulation lightning struck, he sensed a familiar aura in the sky.

After the tribulation, a golden light fell. It was a monument.

It was the immortal list!

He squinted his eyes and saw three big words on the tablet: The zenith heaven roll.

On the list, there were over seventy names.

On it, he saw some familiar names, such as Tiantong and Huanglong, the heavenly venerates of the Yuanshi sect.

“What’s your name, fellow Daoist?”

That familiar voice rang out again.

“I’ll be nameless!”

Tang Hao said.

“Alright!”

The voice replied.

Then, the name on the list changed. On the 36th line, the original name disappeared and a new name appeared. It was Wu Ming.

Very quickly, at the bottom of the list, there were also changes in the 70 or so lines.

A new name appeared.

It was obvious that this person was the one who was undergoing tribulation on the other side of the immortal world.

“Zenith heaven roll, thirty-six!”

Tang Hao furrowed his brows as he looked at the list.

In other words, the list of Immortals believed that his current strength could be ranked 36th among all the Celestials of the great all-embracing heaven, just in the middle.

“It’s not bad!”

Soon, he shook his head and smiled.

He had just advanced to the zenith heaven realm. In terms of cultivation, he was still not as good as those old monsters who had cultivated for tens of thousands of years. However, he believed that he would be able to catch up very soon, take first place, and then surpass this ranking!
