

The Mightiest Little Peasant Chapter 3278

“What’s that?”

At this moment, everyone’s eyes were focused on the blood pool.

Everyone’s expression was somewhat bewildered.

In the past, there had only been Dao beads and no other treasures. Why was there a pool this time? Also, why did the great formation of the immortal Palace activate, as if it wanted to lock them in?

Staring at the blood pool, many people became uneasy.

This blood pool was made of some kind of white bones. The water flowing in it was also deep blood water, emitting a shocking evil Qi.

“That’s the celestial refining pool!”

Someone recognized it and exclaimed.

“The celestial refining pool? Is it the one in the legends?”

“What’s the meaning of this? Are you trying to refine us?”

In an instant, chaos broke out everywhere.

Some of them looked excited as they looked at the blood pool with burning eyes, while others looked flustered and kept retreating.

“Hahaha! You idiots, this celestial pond appeared here, of course it’s for us to use. As for how to use it, don’t you understand?”

Suddenly, a loud laugh rang out.

A sinister-looking old man in a black immortal robe suddenly reached out his hand, and a huge pitch-black Hand condensed and grabbed a genuine immortal beside him.

The genuine immortal was shocked and wanted to escape, but his Qi movement had been firmly suppressed and he couldn’t move at all.

“Don’t ... Don ‘t!”

His eyes were wide open, filled with extreme fear.

The person who attacked was a Grand Luo immortal!

“You guys watch carefully!”

After the black-robed old man grabbed the genuine immortal, his body flashed to the blood pool and he threw the man into it.

Plop!

A soft sound.

Circles of ripples appeared in the blood pool.

The true immortal screamed in horror and struggled to escape from the blood pool. However, the blood water surged and turned into a ferocious monster that pulled him into the pool.

Gulu! Gulu!

Soon, he disappeared.

The entire blood pool regained its calm.

The surroundings were deathly silent, and countless people felt their scalps go numb.

He was a heaven immortal, after all, and his Dao attainment was around 70000, but he just died like that.

“It’s the dark night King! That big demon!”

At this time, many people also recognized the black-robed old man. He was the great demon who had shocked the immortal world not long ago, the dark night King.

This was a heavenly venerable rank powerhouse who had attained Dao very early. When the immortal world was just established, he had already shocked the immortal world. Later, for some unknown reason, he disappeared and gradually faded out of the world’s sight.

“It’s actually him!”

Around him, everyone revealed a look of horror and frantically retreated.

“Keke! They’re here!”

The dark night Lord didn’t care. He just squinted and stared at the blood pool.

A pair of blood-red eyes flashed with extreme excitement.

“Gulp!”

There was a soft sound.

A golden object floated up from the pool of blood, and he reached out and caught it in his palm.

“Did you guys see that? this is how the celestial refining pool is used.” He held the object, looked around, and laughed.

“This celestial refining pool was refined from the ancient fiend God’s bones. The blood inside is also the blood of The Fiend God. Of course, the blood of many other vicious beings has been added as well. It can easily refine a person to death without leaving any residue behind.”

“Not to mention earth Immortals and heaven Immortals, it can even refine golden Immortals very quickly ...”

As he spoke, he looked around and his expression became more and more excited.

To him, this was a pleasant surprise.

Originally, with his realm, it would be very difficult for him to kill a golden immortal, so he could only hunt true immortals. But with this immortal-refining pool, he could easily kill a golden immortal and devour their Taoist connotation.

Everyone's expression changed.

The group of golden Immortals also looked flustered.

Originally, they had been confident in their cultivation and were not afraid at all. But now, they were a little panicked.

This guy was a big ancient demon, the ferocious dark night King, and with the immortal refining pool that could even refine golden Immortals to death, they might just die Here.

"Quickly retreat!"

They gasped and retreated. At the same time, their auras spread out and they took out defensive treasures.

"Hahaha! With the immortal King formation, where can you escape to? can't you see that the immortal King who set this up wants us to kill each other? Today, you're all going to die!"

The dark night Lord laughed and reached out. Another giant black Hand condensed and grabbed forward.

“Don’t ... Don’t ...”

It was a group of true immortals. Seeing the giant palm coming at them, they fled in panic.

However, before they could escape far, they were captured and thrown into the celestial refining pool.

Gulu! Gulu!

Soon, a few more balls of golden light emerged from the celestial pool.

Four heaven Immortals had fallen just like that!

“Only a celestial immortal, not enough! I need to be stronger, and more!”

Opening his mouth wide and swallowing the four golden lights, the dark night Lord licked his lips, looked around, and said fiercely.

“Get over here!”

Soon, he picked up another group of people and reached out to grab them.

In an instant, there was another wave of panicked shouts.

“How did this happen?”

“The void is sealed, there’s no way to escape!”

Everyone's faces turned pale.

They tried to escape, but with the immortal King formation sealing the void, they were completely helpless.

This immortal Palace had already become a cage.

However, not everyone was flustered. In the crowd, there were still many people who stood calmly in place, staring at the celestial refining pool with burning eyes.

Some of them were peak golden Immortals, half-step zenith heavens, and some were even heavenly Venerables.

They could also see the value of this celestial pool.

Originally, there were only about a thousand Dao beads in this immortal Palace. With so many people fighting for them, each person could only get a few. However, if they used this immortal pond to refine a few golden Immortals to death, they would be able to get more Dao accumulations.

They began to turn around and look around for their target.

Tang Hao stood where he was, frowning.

He had not expected such a turn of events.

“What a ruthless method!”

He muttered as he looked up at the sky.

The celestial King who had set this up was obviously not satisfied with taking out his Taoist connotation, and he wanted people to kill and devour each other.

In the face of such temptation, many people would not be able to resist.

Soon, this place would become a Shura hell.

“Get over here!”

Not far away, someone made his move. He used his divine power to grab a group of earth level deities and flew them to the celestial refining pool.

“Senior dark night, can you let me use it first?”

He smiled at the dark night Lord beside the blood pool.

The dark night Lord looked up, laughed, and stepped aside.

This was a half-step zenith heaven expert, and it was not easy for him to kill him. It was better for him to give way for the time being and focus on capturing the heaven Immortals and golden Immortals.

With someone taking the lead, the others began to follow suit. They grabbed people and threw them into the blood pool, refining them to death.

Soon, the surroundings were in chaos again. There were figures fleeing in panic everywhere, as well as heart-wrenching and desperate screams. It was like Asura hell.
