

The Mightiest Little Peasant Chapter 3286

Immortal world, somewhere.

In a small world, there were many pagodas and temples.

On the top floor of a Pagoda, a figure was sitting cross-legged.

She had a beautiful face and delicate features. Every part of her looked like it had been carefully carved by God, perfect and flawless.

Her snow-white skin was like cream, suffused with a layer of bright light, making her look like a goddess from the nine Heavens, otherworldly and Holy.

She was wearing a thin, transparent chiffon dress, and the curves of her body were faintly visible, making people's imagination run wild.

She sat there motionlessly, looking like a perfect sculpture. At first glance, there was a strong holy aura, making people unable to have any thoughts of blasphemy. But upon a closer look, one could see the moving and beautiful curves under the gauze dress, making people's hearts flutter.

Holy and debauchery, two completely opposite temperaments appeared on her body at the same time, forming a strong contrast.

After a long time, her eyelids trembled and she opened her eyes.

"Big Luo ..."

She mumbled and gritted her teeth, her expression extremely gloomy.

She clenched her fists and trembled slightly.

“That bastard ... He actually advanced!”

Her face was filled with unwillingness, and her eyes were filled with hatred.

All these years, her hatred did not decrease in the slightest. Instead, it became more and more intense. In order to be able to take revenge with her own hands one day, she did not hesitate to leave the utmost Western Pure Land and come to this ghostly place, wearing these perverted clothes.

He had thought that he would have a chance to take revenge.

However, she didn't expect that the bastard's cultivation speed was even faster than hers. He had already advanced to the zenith heaven realm, while she was only at the intermediate golden immortal stage and had only bloomed a six-petal Golden Flower.

Even though opportunities were everywhere now, it was easier said than done to catch up.

“Is there really no hope of revenge?”

She muttered, feeling more and more indignant.

At this time, a loud bang came from outside the pagoda, and the entire Pagoda shook.

“It's the Buddha Lord!”

She raised her head and looked over.

“If the Lord Buddha takes action, there’s still hope!”

After a moment of silence, she smiled coldly and stood up.

She lowered her head and examined her perfect figure under her muslin clothes. She couldn’t help but smile, and a hint of satisfaction appeared in her eyes.

She was very confident in her own body.

It was precisely because of her peerless appearance and perfect figure that she was able to charm those young geniuses and have her confidants spread all over the immortal world.

Even Lord Buddha would be tempted!

She took a light breath, puffed out her chest, and walked toward the tower door.

She took light steps, her figure swaying. The scenery was boundless.

Outside the pagoda was a vast Buddhist land. There were countless pagodas, towering into the sky, blooming with circles of brilliant Buddhist light. It was extremely dazzling.

She got up and headed to the center of the Buddha land.

There was a magnificent Buddhist Palace.

There were many figures flying around the Buddhist Palace. They were all beautiful women like her. They were all wearing light gauze clothes, and their curves were faintly visible.

“Yuzhen greets the Lord Buddha!”

She entered the palace and knelt down in front of a Hall.

In the hall, there was a bath pool, and about ten women were soaking in the pool, accompanying a child.

This child looked like he was only 11 or 12 years old. His face was young and tender, but his appearance was quite mystical. His entire body was golden, his skin was like crystal Jade, and his eyes were also golden. When he blinked, the light of Buddha overflowed, and countless swastikas of Buddha sect could be vaguely seen flashing.

He was lying in the pool with his eyes closed in comfort.

This person was the master of this Buddha land, the primordial chaos Buddha.

Although he had the appearance of a child, he was actually an old monster that had lived for tens of thousands of years, an existence at the zenith heaven level.

“Come in!”

He called out when he heard the noise outside.

Ning Yuzhen stood up and walked into the hall.

“Buddha Lord!”

She called out when she came to the pool.

“What’s wrong?”

Buddha Lord of primordial chaos opened his eyes and glanced at her.

“Yuzhen heard that Lord Buddha had come out of seclusion and specially came to congratulate Lord Buddha on his great progress.” Ning Yuzhen bowed.

“Hahaha! It’s alright! It’s a little progress!”

Buddha Lord Hunyuan laughed out loud.

A few days ago, he had stolen a lot of immortal opportunities. After absorbing them, his cultivation level had indeed increased a little, but it wasn’t a lot.

The reason why he went into seclusion was not to absorb the immortal encounter, but because of the special cultivation technique he cultivated.

“Lord Buddha, why don’t you let Yuzhen go down and serve you ...”

Ning Yuzhen said in a low voice.

As she spoke, her Jade-like hands reached out and gently undid her gauze clothes.

“Hahaha! Good!”

Buddha Lord of primordial chaos squinted his eyes and looked over. After sizing him up, he couldn't help but laugh.

“Whoosh!”

A graceful figure jumped into the pool and swam to the side of the Buddha.

“Lord Buddha, while you were in seclusion, something big happened outside!” Ning Yuzhen said in a low voice as she reached out and gently massaged her shoulders.

“Oh? What's the big deal?”

Buddha Lord Hunyuan asked in surprise.

“It's the demon I told you about before.” Ning Yuzhen said.

“Him! What's wrong with him?”

Buddha Lord Hunyuan frowned.

He had naturally heard of that monster.

“He has advanced to the zenith heaven realm and is now ranked 36th on the zenith heaven roll. He has also defeated two senior Celestial Masters, celestial master Xumi and Demon King midnight.” Ning Yuzhen said.

“What? It must be fake! That kid is that powerful?”

Buddha Lord Hunyuan’s eyes widened in disbelief.

He was very clear about the superpowers of Xu mi and dark night. How could they be defeated by a kid who had just advanced? that kid was a bit monstrous, but not to this extent, right?

“It’s true. It’s absolutely true. Everyone in the immortal world is talking about this. It’s said that the demon has a very powerful divine ability. It was with this divine ability that he defeated the two celestial Venerables.”

“He also said that he could break all the magical powers in the world with a single palm ...”

Ning Yuzhen said.

“What? How could he be so arrogant?”

Buddha Lord of primordial chaos’s expression changed as he stood up.

“He really said it?”

“He did!”

“What an arrogant kid! I should be the one saying that. My mixed Yuan Ru Yi body is the most powerful immortal body in the world. One palm can break all spells and is invincible. He is nothing!”

“F * ck!” Buddha Lord Hunyuan cursed.

That B * stard actually dared to steal his limelight, he really deserved to die!

Seeing this, ning Yuzhen was overjoyed.

“Yup! “Now, people are saying that the evildoer is too arrogant and condescending. I heard that when he defeated two celestial Venerables, he even ridiculed a group of older celestial Venerables, saying that they ...” Ning Yuzhen said, but he stopped.

“What did he say?”

Buddha Lord Hunyuan shouted.

“He said ... They’re all trash. Xiu mu can’t even withstand a single blow. He even said he’ll defeat all of the older celestial Venerables.” Ning Yuzhen said, making a hesitant expression.
