

The Mightiest Little Peasant Chapter 3304

Somewhere in the immortal world, an immortal ship was speeding.

On the ship, many figures stood still.

The two people in the lead were heavenly venerates Tiantong and Samantabhadra.

Behind the two of them stood ye Futian, sovereign Taixu, and the others.

The group's faces were filled with joy.

"The harvest this time is not small!"

The heavenly Dao Daoist stroked his beard and laughed heartily.

"Yup!" Samantabhadra chuckled.

The primordial beginning sect had seized more than half of the immortal encounter this time. All the elders and disciples of the sect had nearly three hundred Dao beads.

These Dao pearls contained amazing Taoist connotation. If those at the zenith heaven realm absorbed them, they could condense one more Dao star, not to mention those at the Golden celestial realm. One pearl could improve their strength by a large margin.

300 Dao beads were enough to increase the overall strength of the primordial beginning sect.

“It’s all thanks to master and all of you, martial uncles!”

Ye Futian complimented.

“Hahaha!”

Tiantong and Samantabhadra exchanged a look and laughed.

“You’ve done well this time too. After you absorb the Dao bead in your hand, you should be able to reach the peak! Once you reach the peak, it’ll be easy. Opening up a Natal world is not difficult, there are many secret techniques in the sect!”

“I think you’ll be able to cross the heavenly Tribulation soon!”

Celestial Lord Samantabhadra turned around and looked at ye Futian with a smile.

He stroked his long beard with a look of approval.

Now, the sect of the origin had three great heavenly venerates. It seemed that it would soon become four great heavenly venerates.

“Tiantong, your disciple is about to catch up to us!”

He looked at the heavenly Dao Daoist and smiled.

“Him? he’s just in time! If it wasn’t for this great opportunity, how could he be so fast? we didn’t have such a good life in the past, and we had to work hard to cultivate.” The heavenly Dao Daoist laughed.

“Yup! What a good time! If it was in the past, it would have taken us many years to even move our cultivation base. But now, I’ve improved so much in such a short time. Perhaps, an Immortal King will really be born this time.”

Samantabhadra said.

When he mentioned the immortal King, he revealed a look of yearning.

The Dao was endless, and there was always a higher mountain.

All cultivators wanted to reach higher realms, and he was no exception.

“That’s for sure. According to the current situation, there will definitely be a new Immortal King. I just don’t know who it will be.” Said Tian Daoist.

“It doesn’t matter who it is, as long as it’s not that brat!”

Samantabhadra said.

Everyone’s expression changed when they heard this.

The atmosphere on the ship suddenly became heavy.

That kid was now a huge mountain that was pressing down on their sect. He was a huge threat. As long as they thought of him, they would not be in a good mood.

“Him? It was impossible! He’s impressive, but he’s also made a lot of enemies. Dragon King Tian, origin Buddha, even the Silver Fox scholar and you Moji.”

“Not to mention the various forces in the immortal world. He’s made so many enemies, and he still wants to advance to the immortal King realm?”

An elder from the primordial beginning sect sneered.

“Yup! That kid has enemies all over the place, and no one wants him to have a good life. Besides, his cultivation is still low, at the level of a thousand stars at most, not as high as those senior old monsters.” Said the heavenly Dao Daoist, nodding.

He didn’t think that the kid would win.

After all, that kid’s cultivation was still a little low. Besides, he had so many enemies, so it would be difficult for him to surpass those senior old monsters and be the first to advance to the celestial King realm.

“Him? it’s still early!”

Ye Futian also sneered.

“Alright, let’s not talk about that kid anymore. He’s unlucky!” Celestial Lord Samantabhadra smiled.

Everyone changed the topic, and the atmosphere became cheerful again.

“There’s an immortal encounter there!”

An hour later, they made a discovery. They immediately activated the immortal warship and sped off in one direction.

Soon, a shocking divine light appeared in front of them.

There was a divine mountain in the divine light.

“Hurry up! Charge!”

“Hahaha! Another pile of immortal encounters!”

They looked at the divine mountain and laughed in joy.

At the same time, they increased their speed and were about to rush into the divine mountain.

However, at this moment, a beam of divine light suddenly shot down from the top of their heads. It was one step faster than them and rushed into the divine mountain.

“Who ... Who is that?”

“That was fast!”

They were all stunned.

That beam of divine light was simply too fast!

“Not good! It’s da Luo!”

The two celestial Venerables were shocked, and their expressions changed.

“Hurry up! Go in, or else you’ll have nothing!”

They shouted and rushed in.

By the time they arrived, there were already a lot of people in the divine mountain, and they must have taken away a lot of immortal opportunities. Now, there was another old monster from Daluo, who was bound to take away some immortal opportunities, leaving them with little left.

“No more!”

“This place is also gone!”

The group of people hurriedly entered the divine mountain, and when they looked around, they were all stunned.

As far as he could see, not a single Dao bead was left.

Every Palace on the mountain was empty.

“It’s him!”

When they raised their heads and looked at the peak of the mountain, they saw that the divine light was rushing over. Wherever it passed, the people who were fighting for the Dao beads flew out and all the Dao beads were taken away.

Before they could react, the divine light swept up the Dao bead and rushed into the sky.

In the blink of an eye, he disappeared.

The group of people stood rooted to the ground, dumbfounded.

'This is too F * cking fast!'

It was so fast that they couldn't even react!

"It's too fast!"

"Which old monster is this!"

When they came back to their senses, the people from the sect of Yuanshi couldn't help but exclaim.

Samantabhadra and Tiantong stared in the direction where the divine light disappeared, their eyes glimmering.

However, they quickly retracted their gazes and looked at each other, shaking their heads.

They had used their divine eyes to track and investigate, but they had found nothing.

The divine light had already gone far away!

And they couldn't recognize which old monster this was.

"It shouldn't be the main body! If it was his main body, it would be impossible for him to be so fast!"
Samantabhadra said.

"It's a soul!"

The heavenly Dao Daoist nodded.

This old monster's immortal soul had left his body and he had come to snatch the immortal encounter.

This speed was indeed fast, but the risk was also high. After all, it was a soul body, and its divine powers were limited. Moreover, it was easy to be restrained by some treasures that were specially used to suppress souls. There was a possibility of being trapped and injured.

Since this old monster dared to use his immortal soul to snatch the treasure, he must be very confident in his own strength.

"Forget it! We've already robbed him, so there's no other way!"

The two of them didn't pay much attention to it.

This time, it was just a coincidence that he met this old monster. It wouldn't happen again.

“Let’s go! There are still many immortal encounters, let’s go to the neighboring continent to take a look!”

The two of them shouted and left the divine mountain, heading towards the nearest Immortal City.

After taking the teleportation array, they arrived at the neighboring continent and continued to search for immortal fate.

After searching for half a day, they found something. Another beam of divine light descended from the sky and landed not far away from them.
