

The Mightiest Little Peasant Chapter 3307

“There’s something strange! There’s something very strange!”

On the sea, the primordial chaos boy turned back and forth with his hands behind his back.

His pair of Buddhist eyes were blooming with golden light. He went into the sea and kept scanning.

When he passed by this sea just now, he sensed an unusual aura and even vaguely saw a seven-colored divine light blooming in the sea. It was extremely dazzling.

It was as if some rare treasure had appeared.

However, after a while, the divine light disappeared.

“It’s indeed the light of a treasure. I can’t be wrong. Moreover, from the color, it’s of an extraordinary grade ... Could it be that someone took it away?”

“It’s possible. There are many ferocious beasts in the sea, and many of them are from the primitive tribe. Maybe they’ll take it.”

He pondered.

“Hmph! How can we let these beasts take such a rare treasure?”

He snorted and narrowed his eyes. Suddenly, the divine light in his pupils brightened.

Countless Buddhist swastikas flickered in his eyes and started to spin.

Around his body, translucent ripples appeared, like water waves, spreading out.

At this moment, everything in front of him began to reverse. The waves on the sea were pulled back, and the fish in the sea were also swimming back.

Even the wind on the sea was blowing in reverse.

This was the time backtrack divine ability!

In Buddhism, there was a saying of the Buddhas of three lifetimes. The past, present, and future were the three lifetimes. The fusion of the three lifetimes would become the Supreme Divine Art of Buddhism.

What he was using now was the power of his past life. He could go back in time and see through everything in the past.

With his sacred art, nothing that happened here could escape his eyes.

“So it’s you, you bastard!”

Soon, he saw everything clearly.

The seven-colored divine light was swallowed by a giant whale before he arrived.

He had also seen clearly what the seven-colored divine light was.

“It’s actually this treasure!”

“This is a rare treasure! A legendary divine item! If I have this, I can nurture a treasure that can match, no, even surpass an Emperor artifact. By then, that brat’s gods Palace will be nothing but trash!”

“Hahaha! The heavens are really helping me! Even the heavenly Dao can’t stand that brat, and wants to gift me such a divine item!”

Dispersing the divine light in his eyes, the primordial chaos boy couldn’t help but laugh out loud with a look of ecstasy.

The seven-colored divine light was the legendary divine item, the sea calming divine Pearl!

This was a legendary treasure with a great history!

The Dipankara Buddha, an elder of the ancient Buddhist sect, used this treasure.

This treasure was a connate item. It was one of the first spiritual items born when the world was created. After many years of nurturing, it constantly absorbed the essence of heaven and earth and transformed. From there, it gave birth to divine powers and became a natural treasure.

This also made it different from other connate spirit items.

Ordinary connate spirit items could only be refined into the vessel of the Golden Flower of Dao, or refined into an Immortal King weapon or Emperor weapon.

However, he didn't need to refine this thing anymore. It had its own magical power, so he just needed to keep nourishing it.

"Bastard, where are you running to!"

He activated his divine eyes again and turned back time, sweeping the sea area.

After a while, he found traces of the giant whale.

"That way!"

After swallowing the sea calming divine Pearl, the beast went all the way north. It even shrank its body size and changed its aura.

If he did not have such a pair of magical Buddha eyes, he would not have been able to find it.

He continued to use his divine eye to track the enemy.

About an hour later, he finally found that guy.

"Evil creature, get out here!"

He rushed into the sea and stretched out his palm, grabbing at the void at the bottom of the sea.

In the next moment, a divine light suddenly shot out of the void and darted out.

“Hmph! You want to run?”

The primordial chaos boy sneered with disdain.

It was just a peak golden immortal primeval beast. In front of him, a zenith heaven immortal, it was nothing.

His figure moved, and he gave chase.

“Get over here!”

Suddenly, with a loud shout, he stretched out his hand again and saw a Golden Buddha Palm forming in the deep sea. It split the water waves and grabbed at the escaping whale.

“Not good!”

The whale raised its head and was shocked to see the Golden Buddha’s Palm.

“Senior, please spare me!”

“I’ll hand over the treasure, I only ask for senior to spare my life!”

The whale let out a sharp cry and spat out a rainbow-colored divine light.

The primordial chaos boy’s eyes lit up with a burning light.

That's right!

It was indeed the sea quelling divine Pearl!

As long as he had this item, that brat would be nothing. He could smash that brat's broken gods Palace with a single bead.

"Hahaha! Get lost!"

He laughed out loud and no longer tried to catch the whale. Instead, he went for the sea calming divine Pearl.

"That's great!"

"I'm really lucky! The heavenly Dao has possessed me!"

When he caught the divine Pearl, the origin child could not help but laugh out loud, his heart filled with ecstasy.

To be able to obtain a treasure like the sea calming divine Pearl, his luck was simply heaven-defying!

He could almost see himself nurturing the Pearl and defeating all the zenith heavens 'enemies.

At that time, not to mention that kid, he would not even be afraid of those old monsters who were ranked in the top few of the zenith heaven roll. He would smash them all.

"Eh? This is the sea calming Pearl?"

However, at this moment, a familiar voice suddenly rang out from the side.

He was stunned.

This voice ... Was so familiar!

Then, to his shock, he saw the void in front of him suddenly tear open. A figure came out and struck out with a palm, blasting his Buddha Palm apart.

With another move, he was about to take the sea calming divine Pearl away.

“You ... Why are you here?”

“What are you doing here?”

He cried out in shock.

Wasn't this that detestable, damned stinky brat?!

What was he doing here?

And it just so happened to appear and wanted to take away his treasure!

“Stop! That's mine!”

Then, he roared again, his eyes almost popping out.

The divine Pearl was pulled over, and it was about to fall into the boy's hand.

Golden light shot out of his Buddhist eyes and turned into two rays of golden light that shot forward.

"Hmph!"

With a soft grunt, the temple of gods inside Tang Hao's body shook, and a circle of translucent ripples spread out.

With two muffled bangs, the two golden lights were blasted apart.

He stretched out his hand and caught the divine Pearl in his palm.

The bead buzzed and tried to escape.

Tang Hao clenched his fist and held it firmly.

"What a great treasure!" He picked up the bead and examined it carefully. He couldn't help but grin.

This Pearl was his biggest gain from this trip.

"Virgin brother, thank you!"

He kept the bead and looked at the primordial chaos boy with a smile.

“What ... What did you call me?”

The primordial chaos boy was already furious. When he heard the word ‘Virgin’, he almost blew his top and his face twisted.
