

The Mightiest Little Peasant Chapter 3315

"I'm rich! I'm rich!"

Tang Hao was in a good mood. He felt like he was about to fly.

He could no longer remember how many treasures he had taken.

There were simply too many treasures here. He had never seen so many treasures before. This was simply heaven!

"It seems to be a medicinal garden. Let's go in and take a look!"

After plundering a Palace, he found a small path and walked over.

At the end was a medicine garden. There was no array set up, so he walked in directly.

Inside, it was filled with colorful celestial soil like the outside. All kinds of plants were planted everywhere, and he was dazzled by them.

He stood there for a long time.

Then, he opened his mobile abode and started to search crazily.

He reached out his hand and grabbed the deity ground and the plants, storing them in his cave.

Very quickly, the entire medicinal garden had been completely plundered by him.

“Next!”

He did not stop and rushed to the next medicinal garden.

A total of five herb gardens were quickly plundered clean by him.

“Cool!”

Tang Hao heaved a long sigh of relief after closing the door. He felt refreshed.

This time, he had become rich.

In the past, his collection of plants and vegetation was quite complete. However, after coming to the immortal world, compared to those old monsters who had lived for tens of thousands of years, there was still a big gap, especially in terms of age.

The various herbs he had planted in the past could not keep up with his cultivation.

His cultivation level had risen too quickly, and his celestial water was very limited. He couldn't cultivate many useful plants at all. Now, when he concocted pills, he had to buy a lot of materials.

But now, with the plants that Emperor Tianhuang had planted, his collection would surpass these old monsters.

No matter how rich these old monsters were, could they be richer than immortal emperors?

“Let’s go up and take a look. There might be some good treasures!”

He didn’t go in the other direction as he didn’t want to bump into the treasure Daoist. Instead, he found a way and went up.

There was a Palace at the peak of the mountain, which should be where Emperor Tianhuang once lived.

“What a heavy Emperor pressure!”

The higher he went, the heavier the Emperor pressure became, making him feel somewhat uncomfortable.

After reaching the peak, he looked around and walked towards the palace.

Compared to the palaces on the mountainside below, the palaces here were much smaller in scale, with only about a hundred palaces.

He went straight to the middle.

Generally speaking, that was the most important Hall.

As he walked, he plundered everything that could be moved and kept them.

“Eh? Any movement?”

Just as he was happily looting, he suddenly stopped, because he had caught a slight movement not too far away.

It sounded like the sound of water.

“Is that the sound of flowing water?”

He listened carefully, and it sounded like the sound of a stream.

Following the sound, he carefully walked over.

A thick fog began to appear around him. It was so dense that it had turned into corporeal immortal Qi. The further he went, the thicker the fog became, and the more immortal Qi He felt.

“What shocking celestial spiritual energy!”

Tang Hao was shocked.

He had never seen such dense immortal Qi before.

Whoosh!

The sound of water was getting louder.

Soon, he saw clearly that there was a bath pool in front of him, and the immortal Qi in the surroundings came from this bath pool.

“What is this water? It has such a shocking aura?”

His gaze fell on the pool.

This wasn't any ordinary water, but some kind of specially made spiritual liquid. The aura it emitted was so strong that even he, a celestial of the great all-embracing heaven, was shocked.

"I'm afraid it's some kind of body-tempering divine liquid left behind by Emperor Tianhuang!"

Tang Hao's eyes were burning with excitement.

Since it was an item of the Tianhuang Emperor, it must be a Supreme divine item.

If he could absorb it, it would greatly strengthen his body!

His physical body had always been very strong. When he was at the ninth tribulation, he was comparable to a true immortal. When he was at the Golden immortal stage, he invented the primordial chaos golden pill. After swallowing it, his physical body was stronger than those of the same level and could even fight zenith heavens.

Now, his physical body was also stronger than those of the same level.

If he used this divine liquid, his physical body would definitely be able to reach a higher level.

He was about to take a step forward to get the divine liquid.

However, at this moment, his gaze froze as he saw the water in the pool surge, as if there was something below.

“Someone’s there?”

Tang Hao’s expression changed.

He froze on the spot, not daring to move.

“It can’t be the Tianhuang Emperor ... Who is he? or what is he?” He secretly guessed.

At this time, with a splash, the pool water rolled up, forming a Whirlpool. It was as if something below was absorbing the entire pool of divine liquid.

After a while, half of the water in the pool was gone.

A figure shrouded in dazzling immortal radiance was revealed.

It was a perfect body!

She was graceful and graceful. Every curve was perfect and natural, as if it had been carefully carved by the heavens.

Her skin was as white as snow, smooth and soft like cream.

And the face that was shrouded in the celestial light was so beautiful that it was suffocating.

“It’s her!”

Tang Hao's expression changed.

He had seen this face before. He had even seen this body.

She was the immortal execution King, the Tianhuang Empress!

"Yeah! She's the daughter of Emperor Tianhuang, so it's only natural that she's here. Perhaps this mountain could be sensed by senior abundant treasures 'treasured ruler because she's here, and her aura leaked out."

Tang Hao immediately understood.

But now, she was absorbing the divine liquid and refining her immortal body!

"Not good!"

Tang Hao exclaimed in his mind.

This was an Immortal King, and his gold fighting suit might not be able to hide from him.

He wanted to run away, but he didn't dare to move for fear of being discovered by this person. He could only freeze in place, extremely embarrassed.

A moment later, the entire pool of water had been sucked dry.

A majestic aura suddenly burst out from that figure and soared into the sky.

In an instant, the entire celestial mountain shook.

Tang Hao's body swayed, but he managed to stabilize himself.

"The last rotation is finally complete!"

In the pool, the beautiful figure opened her eyes and smiled.

Just as she was about to get up, her expression suddenly changed and she looked around.

Tang Hao's heart skipped a beat when she glanced at him. He tried his best to steady himself.

In the pool, her brows furrowed slightly, and there was a look of suspicion in her eyes.

Just as she was about to investigate further, she suddenly heard a burst of air-piercing sound, which was coming from the foot of the mountain.

"Who is it? You're so bold to break into Mount Emperor!"

Her expression turned cold, and her beautiful face was suddenly covered with a layer of frost.

Whoosh!

A golden robe flew out and wrapped around her beautiful body.

Her figure moved and rushed into the sky.

“This is a good opportunity!”

Tang Hao was overjoyed.

He had also heard the sound of something flying through the air, and it was definitely senior abundant treasures. With senior abundant treasures attracting her attention, he would have a chance to escape.

“Senior, you can go in peace! I’ll remember you and burn some joss paper for you when I’m free!”

He turned around and quickly ran down the mountain.
