

## The Mightiest Little Peasant Chapter 3321

The world was deathly silent.

The four figures froze in the air, their expressions extremely dazed.

Everyone else looked at the four of them in a daze.

They were all a little puzzled. The four celestial Venerables had clearly been filled with battle intent and looked like they were about to fight. Why did they all stop in an instant?

Moreover, from their expressions, it seemed as if they had seen something extremely shocking and were shocked.

But this was very strange!

“Master, what’s ... Wrong? Quickly save me!”

Li Chunyang was puzzled and shouted.

“Gulp!”

The four of them froze in the air and swallowed with difficulty.

At this moment, their scalps were about to explode.

They couldn’t control their bodies, and they started to shiver.

Of course, they were not afraid of that kid. They were afraid of the two beautiful women beside him.

“Why are these two here?”

They wailed in their hearts.

These two women were the most powerful and terrifying figures in the immortal world!

They found it hard to believe that the two of them would appear here. Furthermore, they were sitting on the left and right of the kid, looking extremely intimate.

This was too ridiculous!

They were two celestial Kings!

What did this kid do to have two celestial Kings on his left and right?

“My ... My fellow Daoists, I ... I’ll take my leave first!”

The dark night Lord stuttered.

After finishing his sentence with great difficulty, his figure moved and he scuttled out in a panic.

The three Wentian old-timers glanced at each other and also had the intention to escape.

From the looks of it, it wasn't that brat who had made a move, but one of the two celestial Kings. Their disciples must have provoked a Celestial King.

And just now, they had wanted to suppress that kid, so they must have offended the two celestial Kings.

If he didn't escape now, when would he?

As for those disciples, he was afraid that he could not save them!

How could zenith heavens like them withstand the wrath of a Celestial King? if they tried to save him by force, they might not be able to save him, and they might even get themselves killed.

"Al! Master, uncle, where are you going?"

"Save me!"

When he saw the three of them gradually retreat, Li Chunyang could not help but be stunned and in complete disbelief.

"All of you, take care!"

"Two senior celestial Kings, the actions of these disciples have nothing to do with us, and also have nothing to do with the sky seeking sect. You can deal with them as you wish!"

As the three of them spoke, they bowed deeply to the mountain peak.

Then, he turned around and turned into a divine light to escape.

“Celestial ... Celestial King?”

Li Chunyang was stunned again.

He only felt that his head was buzzing and was about to explode.

Those two women weren't celestial of the great all-embracing heaven, but celestial Kings?

Could they be the immortal execution King and the night Immortal King?

Everyone was also stunned.

Everyone's face was filled with extreme disbelief.

The two women beside celestial venerable Tang were actually celestial Kings?

For a moment, their minds were shocked to an extreme degree!

“If that's the case, then kill him!”

The night Immortal King snorted and flicked his sleeve. The disciples of the sky seeking sect exploded.

Then, she stretched out her hand, and a few balls of divine light flew out and floated in front of Tang Hao. They were the treasures and Taoist connotation that the disciples of the ask the heavens sect had.

“Barely okay!”

Tang Hao mumbled to himself as he accepted the call.

“Senior, please spare me!”

At this time, Li Chunyang came to his senses and begged bitterly.

“It’s not that easy if you want to die. I’ll suppress you for a thousand years and let you suffer all kinds of torture before I let you die!”

The night Immortal King snorted and reached out to take Li Chunyang into his arms.

“How pitiful!”

Tang Hao mumbled to himself when he saw that.

He was probably the first person in history who dared to insult and humiliate them in front of the two celestial Kings.

“Greetings, immortal execution King, night Immortal King!”

Everyone was stunned for a long time before they reacted and bowed in unison.

“Let’s go!”

The night Immortal King shouted.

Everyone raised their heads and retreated, not daring to stay here any longer.

Only after they had retreated far away did they dare to look at the mountain peak. Their expressions were somewhat excited.

“Didn’t they say that only the night Immortal King had an ambiguous relationship with celestial venerable Tang? Why is the immortal execution King the same?”

“This is too awesome! Two great celestial Kings are sitting on his left and right. Celestial venerable Tang is really a role model for our generation!”

Some of them were surprised, some were amazed, and some were in admiration.

Celestial venerable Tang was probably the first person in history who dared to flirt with two immortal kings at once!

“He’s truly a God!”

“Yup! A God! A godly man!”

Very quickly, the surroundings turned into exclamations.

Everyone was extremely excited.

Originally, they wanted to grab some immortal opportunities and join in the fun. Who would have thought that they would see such an explosive scene? one could imagine how much of a stir the immortal world would be when the news spread.

Even when celestial venerable Tang defeated the two primeval elders last time, there would not have been such a commotion.

Today's matter would definitely ignite the gossiping heart of everyone in the immortal world.

"As we all know, the two celestial Kings are not on good terms, and they have to do everything against each other. It must be the same when it comes to fighting for men, which is why there was a scene of jealousy. Is it the night Immortal King or the immortal execution King?"

"This ... Is so difficult to choose! Both of you are celestial Kings, and although your temperaments are different, you're both peerless beauties in the human world. There's no way to choose between you two!"

"Yup! If I were celestial venerable Tang, I'd be worried and not know what to choose!"

The crowd gathered in groups of twos and threes, discussing in low voices.

"I heard it. It seems like there are more people supporting me!"

On the mountain peak, the night Immortal King listened for a moment before he laughed smugly.

"Woof! I clearly have more. In the eyes of the world, I'm better than you!" Immortal execution King wasn't willing to be outdone.

"Cough! Two seniors, stop fighting!"

Seeing that the two of them were about to start arguing again, Tang Hao quickly stopped them.

Because he saw that the divine light in front of him had dispersed, revealing a divine mountain.

“Look, the divine mountain has opened. I should go in!”

As he spoke, he was about to stand up.

“No need to go through so much trouble, we’ll get it for you!”

The night Immortal King reached out and grabbed at the mountain.

On the side, immortal execution King also reached out and grabbed.

The next moment, beams of divine light flew out of the divine mountain and were caught by the two celestial Kings. They landed in front of them.

They were all Daoist beads, shining with golden light.

Tang Hao’s mouth was wide open.

How the hell is this possible?

The people who were about to rush in to fight for the Dao bead were also stunned.

“It’s a senior Celestial King!”

“I can’t afford to offend you! Can’t afford to offend! Hurry up and leave!”

They turned around to look, and all shuddered, revealing a fearful expression.

Then, they turned around and left.

Soon, the people in this world had all left.

Even the divine Mountain Rose up from the ground and disappeared into the sky.
