

The Mightiest Little Peasant Chapter 3328

Tang Hao's expression changed when he saw the scroll.

This test was pill identification.

The difficulty of this test was more than a hundred times that of the seventh stage test.

The pill identification questions in the seventh realm test involved at most a few hundred kinds of materials, while the ninth realm test involved more than ten thousand kinds.

Over ten thousand types of plants and divine liquid had been fused together and refined through a special technique. The aura of each material had become extremely weak and difficult to distinguish.

It was almost impossible to identify all of them.

This was also the reason why the ninth-level test was so difficult, and so far, only the Taishang Daoist had completed it.

"At least 10000 ingredients. This medicine Immortal King ... Is really inhumane!"

Tang Hao smiled wryly.

This was also the first time he had seen such a freakish pill Dao test.

"Let's try it first!"

He closed the scroll.

The next moment, a golden light flew out of the divine Tree and landed in his palm.

He held the pill and closed his eyes. He began to analyze and identify the ingredients within.

This debate took more than half a day.

At the foot of the divine mountain, multicolored light shot up into the sky from every region. Even the rank-8 region had two beams of multicolored light. Only the rank-9 region remained silent.

The seven people who were originally sitting became six.

“It’s almost time!”

Suddenly, Tang Hao opened his eyes. He took out a blank scroll, unfurled it, and wrote down the ingredients on it.

“Silver heart grass, dove tail flower ...”

Most of the materials he wrote down were the lowest grade materials. For example, the silver heart grass was not much different from ordinary grass. It was used by cultivators below the Golden core level to make pills.

The lower the grade of the material, the weaker the aura, and the harder it was to identify when placed in such a pill.

Moreover, for people at their level, they basically couldn't come into contact with such materials. They might forget or be unfamiliar with its aura, which greatly increased the difficulty.

Fortunately, he was young and had only come into contact with these materials a few decades ago, so he could still remember them clearly.

If it was any other old monster, how could they remember so clearly after tens of thousands of years?

"Alright, I'm done!"

After writing down the last ingredient, Tang Hao put away the brush and threw the scroll forward.

From within the divine Tree, a divine sense extended out and scanned the scroll.

In the next moment, the divine Tree shook, and multicolored light shot into the sky.

Tang Hao breathed a sigh of relief when he saw that.

It was not easy to complete this test.

"That's ... The rank-9 area?"

"Someone has passed the ninth-grade test again! Which Big Shot is it? Taishang Daoist again?"

Noticing the rising light at the top of the mountain, the divine mountain was in an uproar again.

Countless people looked up at the sky with eager expressions.

The ninth-grade test represented the pinnacle of alchemy!

Those who could break it were all people who had reached the alchemy Dao's end realm!

"It's not the Grand Supreme. This time, it's celestial venerable Tang!"

Another person rushed up to the rank-9 area and inquired about the situation. When he returned, he cried out excitedly.

"Celestial venerable Tang has also broken through the ninth grade? Amazing!"

"Yup! Celestial venerable Tang is still so young, but his attainments are already comparable to the Taishang Taoist. It's really incredible!"

Exclamations of admiration rose from all around the divine mountain.

The faces of the people from the major forces turned even uglier.

The more tests the kid passed, the more Dao pearls he would obtain and the higher his cultivation level would naturally be. This was extremely bad news for them.

"Fuck! It's actually this little bastard!"

The primordial chaos boy was also alarmed. He opened his eyes and was about to spew fire again.

How could it be this kid?

This brat clearly came later, so how could he be faster than him and pass the test?

“Motherf * cker!”

He cursed in a low voice, very unhappy.

This kid was faster than him, which meant that his alchemy skills were higher than his.

He was an old monster who had lived for tens of thousands of years. To be surpassed by a young boy was a disgrace!

At the side, the Taishang Daoist also opened his eyes and looked over.

This time, there was a slight ripple in his eyes, and he was a little surprised.

But he quickly regained his calm and turned his head.

The light lasted for a while before it dissipated.

A golden light flew out from the wood.

Tang Hao was surprised when he caught the book. Then, his eyes lit up with joy and excitement.

The Dao accumulation in this Dao bead was hundreds of times more than that of ordinary Dao beads!

“It’s almost equivalent to five hundred pills!”

He estimated for a moment, and his heart felt a little hot.

The reward from such a test could be compared to a dozen seventh stage tests.

He immediately swallowed it, shifted his position, and continued.

“Hahaha! “I also broke it. Isn’t it just a ninth-grade test? it’s simple. If there’s a tenth-grade or eleventh-grade test, I can also break it!”

After more than two hours, a loud laugh was heard.

It was the primordial chaos boy.

He laughed out loud. In front of him, the divine Tree emitted a piercing multicolored light that shot into the sky.

Tang Hao opened his eyes and looked over. He raised an eyebrow.

This guy is not bad!

To be able to break through the ninth rank meant that his alchemy Dao level was also at the highest level!

“F * ck! Brat, what’s with your gaze? can’t I see through it? Let me tell you, not only can I break it, I can break more. Just you wait! I’ll definitely win this time. I’ll definitely break more than you.” The primordial chaos boy said angrily.

He was originally very happy, but when he saw this kid, he couldn’t control his anger.

“Is that so?”

Tang Hao said lightly.

“Of course. If I lose, I’ll call you Grandpa!” The primordial chaos boy snorted.

“Alright!”

Tang Hao smiled, then closed his eyes and continued to work on the pill recipe.

This test was about pill creation recipes.

“Hmph Hmph! How could I possibly lose! What a joke! I’m a famous genius in alchemy, and I’m unrivaled in ancient times. Why would I be afraid of a kid who hasn’t even grown his hair?”

The primordial chaos boy snorted in disdain.

He picked up the Dao bead and stood up. His face was red and he was in high spirits as he walked to the futon at the side.

However, not long after he sat down, he heard a burst of exclamations from below the divine mountain.

When he opened his eyes, his expression changed.

It's that kid again!

This was the second test!

"Is this kid really that powerful?" He was in disbelief.

Breaking through two in a row, he was even more powerful than that Grand Supreme old man. This was something he could not believe and could not accept.

He started to feel a little uneasy. What he had said just now seemed to be a little too hasty!

"No! How can I lose? I already lost a lot of face when I lost to this brat in the Saint spirit dynasty! I can't lose again!"

Then, he gritted his teeth and used all his strength to break through the test.

However, his efforts seemed to be in vain. After he broke through the test in front of him, he was not happy for long. On the other side, the kid had broken through the third one and was still ahead of him.

After another half a day, the degree of lead would change from one test to two.

After another day, it became three.

The gap between the two of them was getting bigger and bigger. When it became four, he began to despair.
