

The Mightiest Little Peasant Chapter 3331

In the blink of an eye, five months had passed.

Tang Hao finally stepped out of the bright moon Palace.

“Fellow Daoist, have you recovered?”

The nation protecting Saint flew over from the center of the Imperial City and said happily.

“I’ve recovered!”

Tang Hao smiled at him and nodded.

“That’s good!” The nation protecting Saint laughed. Then, he frowned and said, “fellow Daoist, are you going out? You’ve just recovered, so why don’t you take a break?”

As he spoke, he raised his head and looked at the sky above the Imperial City.

There, countless divine senses were lingering, constantly peeking at the situation in the city.

This situation had not stopped since the Heavenly King Dragon’s attack. It had been even worse in the past few months, and there were many more powerful divine thoughts.

They were all on guard against fellow Daoist Tang, determined to contain him and prevent his rise.

If fellow Daoist Tang were to go out now, he would undoubtedly attract their attention and get injured again.

Fellow Daoist Tang may be fierce, but he can't stand up to the enemy's numbers and treasures.

"No need! It's been five months!"

Tang Hao looked up and smiled.

"How about ... We go to the center of the Imperial City. There is a secret teleportation array there. No one will notice us if we use this array. Fellow Daoist, you can change your aura and no one will notice us for a while."

The nation protecting Saint muttered.

Under the watchful eyes of so many zenith heavens, it was impossible for him to hide his tracks forever. However, it was not a problem for him to stall for time.

"I appreciate your kind intentions, but there's really no need. If they want to come, then let them come. There's nothing to be afraid of!"

Tang Hao chuckled. A cold light flashed in his eyes as he looked up at the sky.

During these five months of closed-door cultivation, he was not just recuperating from his injuries.

He couldn't wait for them to come!

The nation-protecting Saint was stunned.

His eyes flashed with confusion.

Fellow Daoist Tang should be well aware that he is no match for the zenith heavens on his own, but why is he still so confident?

Last time, it was only old monster Styx River and old monster Xuanyuan who attacked fellow Daoist Tang. Next time, there might be more people.

“Fellow Daoist, I’ll take my leave first!”

Tang Hao raised his hand and saluted him. His figure flickered, and he headed toward the city gate.

“That’s ... That kid?”

“It’s him! It’s still the main body!”

When he was near the city gate, many divine senses hovering above the imperial capital had already discovered him.

“Five months! It’s quite fast, a month earlier than expected!”

“This brat is really bold. I thought that after the lesson last time, he would be more low-key and choose to sneak out of the city. I didn’t expect him to be so arrogant and even dare to leave the city in such a swagger!”

“This kid is looking for death!”

Soon, all the major forces were in an uproar.

The zenith heavens laughed coldly in disdain.

They had already predicted this and made all kinds of plans and deduced many situations.

However, the current situation was the simplest.

Since this brat was overestimating himself and insisted on swaggering out to challenge them, then they would just attack him directly and severely injure him.

“This time, I’ll make sure he can’t leave his house for a year!”

“Only a year? I’m going to make sure he can’t go out for two years!”

Quite a few da Luo even threw down some harsh words.

“Celestial venerable Tang has left the sacred Spirit imperial capital!”

This news spread to all the major continents in the blink of an eye, causing a shock in the immortal world.

Countless people turned their eyes to the Saint spirit dynasty.

In the past five months, the immortal world had been calm and peaceful. At most, there had been some small disputes over the immortal fate. However, when celestial venerable Tang appeared, it was a big show, and all the forces would move.

They had all expected that there would be another great battle soon.

All parties would definitely make their moves and attack again.

“That kid is out? And he even swaggered out? This ... He must be an idiot! Isn't he courting death!”

Somewhere in the celestial world, on a divine mountain, ye Futian and the others, who were fighting for the celestial fate, received the news and could not help but be stunned.

“Hahaha! Good! That's great! The last battle wasted five months of his time. This time, if I waste another half a year, he'll really be wasted. Perhaps, even I can catch up to him!”

Then, ye Futian laughed.

During this period of time, he had successfully passed the heavenly Tribulation and advanced to the zenith heaven realm. He was now the fourth celestial venerable of the Yuanshi sect.

As long as he was given a little more time, he might really be able to catch up to that guy.

At the side, Supreme Taixu was also delighted.

That brat had always been insolent, swaggering out of the door was indeed his style!

This way, it would be easier for them to be sniped by the DA Luo.

As long as he could drag this on for another half a year, he would have a chance of transcending his tribulation and ascending to the zenith heaven realm.

At that time, he would no longer be afraid of that kid and would be free of worries!

“He actually came out again! Hmph! I think he’ll run back with his tail between his legs in at most two days.”

In an immortal Palace, ning Yuzhen raised his eyes and looked in the direction of the Holy Spirit dynasty, sneering.

She couldn’t wait to see this guy in a sorry state.

This way, the hatred in her heart could be resolved.

“Eh? That kid is out? That’s great!”

When the primordial chaos boy heard the news, he was so happy that he slapped his thigh.

He had just finished refining the treasure, and the news of the kid coming out of the mountain came. Wasn’t this just right? even the heavens were helping him.

“Let’s go! If we’re late, we won’t have another chance!”

Then, he jumped up and headed in the direction of the Holy Spirit dynasty.

“This brat, he stole my treasure and humiliated me in every way possible. I’ll smash his dog head with my tower. Smashing it once isn’t enough, you have to smash it a hundred times, a thousand times, before you can vent your anger!” He cursed as he flew away.

At this moment, people from all over the immortal world began to move in the direction of the sacred Spirit dynasty.

For a time, the immortal world was once again in turmoil.

And as the center of the storm, Tang Hao was currently moving slowly.

After flying for a while, he would stop for a while, as if he was afraid that the spiritual will above him could not keep up.

His expression was even more relaxed, and he was all smiles, as if he was out on a scenic tour.

“What’s this kid doing?”

“Strange! Strange!”

The group of people who were following and monitoring them were a little confused.

It looked like he was out to play!

Could this be a cover-up?

This wasn't the kid's original body. Had they been tricked?

"Hurry up! Take a closer look at that kid, maybe we've been tricked!"

They all activated their divine eyes and scanned the figure over and over again.

The confusion in their eyes grew stronger.

That's right! This was the kid, the real deal!

"I think he's putting on an act to confuse us. We can't fall for his trick. We have to follow him closely. When the seniors of the zenith heaven arrive, we'll teach this kid a lesson!"

After some thought, they came to a realization.

It was said that this kid was full of tricks. Now, he was setting them up, making them suspicious and thus slacking.

"This kid only has this bit of ability!"

"Yup! With so many big Luo's joining hands to kill him, he can only accept his fate!"

They all sneered, their expressions full of disdain.
