

## The Mightiest Little Peasant Chapter 3335

Somewhere in the immortal world.

Above a Mirror Lake, figures condensed and took shape again.

The various immortal kings gathered again.

“Everyone, it’s been more than a year and a half, and the results are remarkable! During this period of time, many golden Immortals and nearly 100 great eternity Immortals have been born in the immortal world. I think that an Immortal King will be born soon.”

The white-robed golden-haired Xuanyuan clan’s Immortal King looked around and smiled.

The rest of the celestial Kings looked at each other and nodded.

They were quite satisfied with the results of this period of time.

In a few years, many celestial Kings would be born, and at that time, those people would die in their place.

In the next Great Tribulation, they could use the same trick to protect themselves.

“Woof! I’ve seen a lot of interesting people and interesting things, especially that kid ... He’s really interesting!”

Suddenly, an Immortal King laughed.

As he spoke, he glanced in the direction of the night Immortal King.

“You mean ... That Tang kid? I’ve heard about him too. I’ve seen him from a distance, and he’s indeed an interesting little guy. He’s only a little over 100, but he’s already at the zenith heaven realm. It’s really incredible!”

An Immortal King nodded.

There was a hint of emotion in his tone.

He really did not expect that there would be such a monstrous young man in the immortal world.

What was even more interesting was that this young man seemed to have some unclear relationship with the two celestial Kings, night and Phoenix.

“That kid, Hmph! Although I don’t like him, I have to admit that he’s quite a character!”

Xuan Yuan Immortal King snorted coldly, a little unhappy.

There was a great enmity between the Xuanyuan clan and that brat. Just a few days ago, the Xuanyuan clan’s people had made a move to deal with that brat. They had even used the Emperor brush, but in the end, they were still defeated and fled in panic. It was simply a disgrace to the line of renhuang.

This also made him feel ashamed!

“Hahaha! I quite like this kid!”

The old-looking medicine Immortal King laughed.

“This kid is clearly very young, but his alchemy skills are too strong. He’s even more powerful than that old man, the Grand Supreme. I really didn’t expect this.” He said with emotion.

“It’s a little unbelievable!”

“Speaking of Grand Supreme, he’s about to advance! In the early years, I had some friendship with him, but it’s a pity that he still has to die, die for us!”

“This kid’s momentum has been very strong recently! Fellow Daoist ye, when that time comes, you can’t be biased towards him. Don’t forget that he was able to advance because he obtained our immortal fate, so he has to die for us. ”

The group of immortal kings discussed.

Many people turned to look at the night Immortal King.

“Naturally!”

The night Immortal King laughed.”As long as you don’t side with your own disciples and clansmen, I won’t either.”

“Good! I was waiting for you to say that!”

The group of immortal kings shouted.

“Everyone, we don’t have much time left. At most, we only have seven or eight years. Let’s go back and continue. If necessary, we can speed up.” Xuan Yuan Immortal King said.

“Alright!”

The group of celestial Kings responded and left one after another.

Soon, only Xuanyuan Immortal King was left in the void.

He stood on the mirror Lake with his hands behind his back and sneered.

That kid ...

No matter how monstrous he was, he was still a sacrifice to these immortal kings, a chess piece that wouldn’t last for a few years.

He didn’t care that Xuanyuan was humiliated in his hands.

At his level, he was more concerned about himself. As long as the Xuanyuan clan was not destroyed, he did not care.

“Little brat, eat more. The more immortal encounter you eat, the closer you are to death. Even that ye guy can’t protect you!”

He sneered and disappeared from the mirror Lake.

-----

Time flew by.

In the blink of an eye, two years had passed.

In two years, the immortal world had changed a lot.

The immortal encounter had never stopped, creating more golden Immortals and zenith heavens. There were now more than 270 people on the zenith heaven roll. At the beginning, there were only 70 people on the roll, but now there were more than 200 zenith heavens!

With the emergence of golden Immortals and zenith heavens from all over the world, the turmoil in the immortal world continued to intensify. Conflicts and disputes occurred frequently, and the situation was rather chaotic.

During these two years, Tang Hao used all kinds of methods to frantically search for immortal encounters.

His cultivation level had also soared from over 20000 stars to the current 70000 stars.

At this stage, he was considered to be in the late stage of the zenith heaven realm.

He did not forget to collect spiritual essences to increase the strength of his clones. He also suppressed many demons and prehistoric beasts and kept them in the gods Palace.

The two girls, Chun Xuan and Qiu Ci, had already advanced to da Luo.

Even Fei Wan had broken through to the zenith heaven realm not long after the two women.

The Pingtian sect was also developing rapidly.

Ji Ruyin and su Xuezi had both advanced to the zenith heaven realm. With the two of them around, the Pingtian sect would be able to stand tall.

After the two of them advanced, Tang Hao recalled his origin core clone, which devoured a large amount of spiritual essence and broke through smoothly.

The original intention of creating the Pingtian sect was to give the people from the lower world a place to settle down. Now, this goal could be considered to have been successfully accomplished.

In the sect, there was not only Youji, the two ladies, the two zenith heavens, but also the old silver Dragon, mo hun, and blood crocodile. They were not far from the zenith heavens. When they had all advanced, there would be five zenith heavens in charge.

Tang Hao had heard a lot about his old friends in the past two years.

For example, the old demon desolate evil.

He had the bloodline of the ancestral Dragon. Even if he came to the immortal world, he was also very successful. Not to mention that he had encountered such a shocking opportunity not long after he came here. He took advantage of the situation and now had a great reputation.

There were also those from the major clans and sects. Some of them were doing well and had some fame.

As for the Saint spirit dynasty, it was also developing well.

The power of the nation-protecting Saint, tantai Feiyun, and the old founding Emperor had all increased greatly. Even tantai Mingyue had used all sorts of resources to reach the zenith heaven realm and successfully advanced, becoming the fourth celestial venerable of the celestial dynasty.

Tang Hao was not worried anymore.

Even if immortal kings were born in those major forces or the primordial chaos boy had advanced to the immortal King realm, he would not be afraid.

With his late-stage zenith heaven cultivation, he could protect himself.

On this day, he plundered another divine mountain and obtained a few hundred Dao beads.

He landed on a barren mountain and sat down with his legs crossed. He took out the Dao beads and swallowed them all.

Now, the effect of each Dao bead was two or three times stronger than before. The more than 200 Dao beads could increase his cultivation by 600 to 700 Dao stars.

He closed his eyes and regulated his breathing for a moment. Then, he moved and was about to get up to continue to the next place to search for immortal encounter.

At this moment, his expression suddenly changed. He sensed a strange fluctuation coming from the immortal realm.
