

The Mightiest Little Peasant Chapter 3362

“Where’s master?”

Tang Hao saw his mistress again.

She still had that same lazy appearance, reclining on the Lotus seat. Her appearance was beautiful, and her figure was plump, like a ripe peach, exuding an extreme temptation.

“He’s in closed-door cultivation again!”

She grumbled with a bitter expression.

“You, on the other hand, are you alright?” She suddenly lifted her body and looked at him with concern.

“What could happen to me?”

Tang Hao was surprised.

“Haven’t you been in closed-door cultivation for a long time? before this, people from Hidden Dragon Mountain came here and said that you had killed more than ten of their disciples. They wanted to seek justice for you.” Cheap mistress said.

“There’s such a thing?”

“Yup! However, they were all driven back. Don’t you think this is ridiculous? More than ten true God Realm disciples, and five of them are intermediate rank. Not to mention you, even your big Senior Sister can’t kill them. They’re clearly trying to frame us. ”

“Master’s wife is wise!”

Tang Hao flattered her at the right time.

“I heard that the few people from Hidden Dragon Mountain had once tried to deal with you. Your Senior Sister has also confirmed this. That’s why I’m a little worried that you might have been injured.”

“I’m fine! I’m fine!”

Tang Hao said with a smile.

“Is that so?”

She narrowed her eyes and sized Tang Hao up.

Tang Hao was not afraid at all.

This was just a spirit God, how could he see through his disguise?

“Mm! He’s full of energy and doesn’t seem to be injured. Very good!” As she spoke, she suddenly stood up. With a wave of her sleeve, a wave of divine origin spread out and surrounded the entire room.

“Master’s wife, you are ...”

Tang Hao panicked.

Something was wrong with this situation!

“You’re still calling me master’s wife?”

She lowered her head shyly. When she raised her head again, her cheeks were already red. “You used to call me little baby!”

The corners of Tang Hao’s eyes twitched imperceptibly.

Little darling?

Why don’t you call me little Tian Tian!

His lips moved, but he gave up in the end.

He really couldn’t bring himself to call her ‘little darling’.

“Are you tired of me? Men are all the same. Once you get it, you don’t cherish it anymore.” She felt a little resentful when she saw him standing there without any reaction.

“How is that possible? I’m just a little worried. It’s too easy for people to be suspicious if we stay here.”

Tang Hao pretended to be nervous.

“What’s there to worry about? that dead man only knows how to cultivate every day. He’s in seclusion again, and it’ll be a few months before he comes out. I’m just lonely!” She glanced at him and said in a charming voice.

As she spoke, she slowly came forward and threw him into the corner.

What to do?

Tang Hao panicked a little as he looked at his master’s wife, who was like a Wolf or a Tiger.

It was true that master’s wife was not bad. She was mature and beautiful, but she was that perverted thief’s mistress.

Besides, he wasn’t a casual person.

He could pretend to be flirty, but he was still a little against it if he really wanted to do it.

“There it is!”

When he was being touched from head to toe and almost couldn’t resist, Tang Hao had an idea.

Since he couldn’t really do it, he could only fake it.

His eyes blinked, and a ghostly light flashed.

She stopped in her tracks and fell onto Tang Hao.

“Hu!”

Tang Hao pried her hand away and moved her to the Lotus seat. He then sat down and breathed a sigh of relief.

Soon, a groan came from the Lotus seat at the side.

The beautiful master’s wife was twisting her body on the Lotus seat like a beautiful snake.

At this moment, in her divine sense, there was a great battle.

Tang Hao used an illusion and sky demon power.

He already had a pair of heavenly demon eyes, and heavenly demons were quite powerful in this aspect.

After a long time, she finally stopped. There was no reaction at all, as if she had fainted.

“Xiaoyao, you’re awesome!”

When she slowly woke up, her expression was filled with unspeakable satisfaction.

Tang Hao chuckled in his heart.

With the excuse that he had something to do, he quickly got up and left the room.

The moment he arrived at the cave dwelling, he saw a figure standing at the entrance. After taking a closer look, wasn't it the lover of that lecher mu?

"F * ck! We can't stay in this broken place any longer!"

He turned around and left.

This pervert MU's identity was indeed not bad. He could attract hatred and could even disguise himself. However, his relationship was too complicated. He went around showing mercy everywhere. He had a beautiful master's wife above and a flirtatious Junior Sister below. If this continued, he would not be able to hold on.

He couldn't stay here any longer. He had to go outside.

Anyway, now that his divine body had been forged, he could roam freely in the vast divine world.

Not long after he flew out, there was a sudden whooshing sound.

An icy blue figure flashed in front of him and stopped him.

Looking closely, wasn't that the beautiful Senior Sister!

She stood in front of Tang Hao and sized him up with her ice-blue eyes.

"Senior Sister, what's the matter?"

Tang Hao was confused.

She still did not say a word, but there was a trace of suspicion in her eyes.

“You ... Killed that group of people?”

She asked suspiciously after staring at him for a long time.

“How is that possible? Senior Sister must be joking, I don’t have that ability! I’m good at drugging people, but I’m not good at killing people!” Tang Hao said with a natural smile.

“That’s true, I don’t think you have the ability to do so!”

She snorted lightly, her eyes revealing a bit of disdain.

When she found out that those people had died, she was shocked and suspected that it was this perverted Junior Brother.

However, after thinking about it, she realized that she knew what this Junior Brother of hers was capable of. How could he have the ability to kill that group of people?

“Senior Sister, is there anything else? If there’s nothing else, I’ll take my leave.”

Tang Hao said with a smile.

“You’re leaving? What are you going to do?” She said subconsciously.

“Senior Sister, what else do you think I can do?”

Tang Hao chuckled.

“Hmph! Shameless!”

She rebuked in a low voice, and her pretty face was covered with a layer of frost.

Then, he turned around and left.

Tang Hao heaved a sigh of relief.

His identity as a lecher was very useful to him, so he didn't want to expose it.

“Divine realm, I'm coming!”

He galloped all the way out of the mountain.

Now that he had an identity and a divine body, he was free to do as he pleased in this divine realm.

“Let's take a look around the Tangshan region and see if there are any heavenly materials and earthly treasures or rare ores. We'll take some treasures first, then leave the Tangshan region and take a look outside.”

“The Tangshan region is merely a small region in the divine realm. There is an even vaster world outside.”

He pondered and was a little excited.

The divine world was much more interesting than the immortal world.

“Ah! There’s a treasure!”

He didn’t fly far. When he passed by a mountain range, he found many divine herbs.

He landed and picked the fruits along the way.

He also encountered many fierce beasts.

These ferocious beasts were similar to those in the immortal world, but their bloodlines and strength were stronger.

After all, the environment of the God World was much better than that of the immortal world, and the heaven and earth Qi here was much denser.

The ferocious beasts born here were naturally stronger.

With the presence of ferocious beasts, there were naturally also demons. However, there were not many of them and their status was also very low. They were the targets of the God race.
