

The Mightiest Little Peasant Chapter 3364

On a barren mountain.

Tang Hao sat cross-legged in a cave.

He flicked his sleeve, and rays of dazzling divine light flew out. They were all divine crystals.

It had been more than ten days since he had left the cloud light Mountain. He had wandered around and attracted a lot of hatred. He had killed many people and accumulated a large number of divine crystals.

Gulu!

He casually grabbed one and threw it into his mouth.

It didn't take long for the divine crystal to be completely absorbed.

There was basically no change in his cultivation base because the owner of this divine crystal was only a low-level deity, equivalent to a human immortal. On the other hand, his current cultivation base was at the heavenly God Realm, which was equivalent to a Grand Luo immortal. Even if he devoured the essence of the divine crystal, there would not be much effect.

However, no matter how small a mosquito's leg was, it was still meat. Tang Hao would not let it go.

Then, he grabbed more divine crystals and threw them into his mouth.

He quickly devoured all the divine crystals.

“There’s a slight improvement, but not by much. I still have to kill more geniuses. Their bloodlines are strong, and the effect will be stronger after devouring them.”

He touched the divine crystal on his forehead and muttered to himself.

The main reason he devoured these people was to improve his divine crystal.

There were different levels of divine crystals.

The higher the grade, the stronger the bloodline power and the higher the talent.

Generally speaking, divine crystals were divided into twelve grades.

The lowest grade was ninth grade, which was the lowest quality. It meant that the bloodline of the God race in one’s body was extremely weak. Divine crystals like this were also dull and turbid.

Then, it was the eighth grade, the seventh grade ...

As its grade increased, the luster and appearance of the divine crystal also increased.

A rank-3 was already considered a genius, and a rank-1 was even more so a first-class genius.

Above the first grade, there were three other Supreme grades, namely flawless, perfect, and Supreme.

The Lei clan’s God crystal that he had refined was flawless.

In the entire God race, they were all first-class, and there were not many of them.

As for the higher level, perfect, there were even fewer of them. They were the top existences of the God clan because the divine crystals of the highest level could only be found in the ancient God clans.

He wanted to upgrade his divine crystal to a perfect level.

In this way, his strength in the divine Dao would be able to rise to another level.

“There’s quite a lot of stuff!”

Next, he began to sort out the things on these people.

There were more than a hundred rings, and he took a long time to organize them.

Even a bunch of true immortal state beings did not have any good stuff on them. The most useful thing on them was divine coins, the currency used in the divine realm.

After he was done, he left the cave.

In the next few days, he did the same thing and killed a few more groups of people.

The deaths of so many people naturally caused some waves, but no one had expected that it would be the doing of a puny God like him, so every time he tried to lure them in, he would succeed.

“This guy, his hatred points are really high!”

He was a little emotional.

As long as it was a man, after recognizing him, there was no one who didn't grit their teeth and spit fire from their eyes.

At least in the Tangshan region, this pervert had reached a level where both man and God were angry.

"I'm going to the city to sell some things!"

After sorting out the things of this group of people, he packed all the useless things together and prepared to sell them for divine coins.

After flying for half a day, he arrived at the nearest city, the one known as Mt. Tang.

This was the center of the Tangshan region, even more prosperous than long mountain City.

"Shopkeeper, I'm selling!"

He found a shop and walked in.

Ten minutes later, he walked out with a bulging storage bag in his hand. It was filled with more than 100000 divine coins.

In the divine realm, this was not a small amount.

"Go! Let's go for a drink!"

He threw the bag and walked briskly to the tavern in the city.

In the divine realm, many of the customs were learned from the human race. Naturally, there were restaurants and even brothels.

He had only taken a few steps when he saw a group of people walking towards him in big strides. They were all dressed in black and had an extraordinary aura.

“The Black Lotus sect!”

Tang Hao recognized him.

The Black Lotus sect was a famous force in the Tangshan region. They were quite powerful and had a divine realm expert.

A celestial deity was equivalent to a Grand Luo immortal. With such a powerhouse on their side, they could look down on a region.

The number of heavenly gods in the entire Tangshan region did not exceed five.

“What?”

At this time, this group of people also discovered him.

Their expressions changed slightly when they glanced over.

“It’s that perverted Bandit!”

“This shameless scum!”

They cursed in a low voice and glared at him with knife-like eyes.

“Yo! Isn’t this the brothers from the Black Lotus sect?”

Tang Hao grinned and went up to them.

“Who’s your brother?”

Someone stepped forward and cursed loudly. It seemed like he was about to make a move.

“This is Tangshan City, don’t be impulsive!”

The leader, a handsome young man, stopped him. He narrowed his eyes and glared at Tang Hao. “Get lost! Don’t block the way!”

“You actually don’t want to kill me?”

Tang Hao was surprised.

This youth was the most famous genius of the Black Lotus sect’s younger generation. His name was Mu Fei, and he was a genius on the same level as his cheapskate Senior Sister. His cultivation was also at the high-level deity stage.

This fellow had always disliked perverted mu. Every time he saw him, he wanted to kill him. However, today, he seemed to be in a bad mood. It was really strange.

“Hmph! I’m afraid of dirtying my hands by killing you!”

Mu Fei sneered.

“Pervert, you’re lucky today. We have important things to do. Otherwise, you’ll be in trouble.” Behind him, a person shouted.

“Senior brother, ignore him. The elders want us to hurry over!”

Someone stepped forward and whispered in his ear.

“I know! Let’s go!”

Mu Fei nodded and glared at Tang Hao. Then, he led the group of disciples and walked past Tang Hao in a hurry.

Tang Hao turned around and watched them walk toward the city gate. His brows suddenly twitched.

He remembered that this person with the surname mu seemed to be a rank-2 genius.

A second-grade divine crystal was pretty good.

“I’m not drinking!”

He smiled and quickly followed the Black Lotus disciples.

Apart from Mu Fei, who had a second-grade divine crystal, the rest of them were all third-grade divine crystals. If he could take them all, it would be a big harvest.

When this group of people left the city, he followed them out and entered the void, following them from a distance.

With his cultivation, he naturally wouldn't be discovered.

He was prepared to follow them for a while and find a suitable place to take them down.

"Senior brother mu, what's the matter? why did the elders call us over in such a hurry?"

"Yup! What's the rush?"

There were sounds coming from the front.

The group of disciples asked Mu Fei.

Mu Fei looked around cautiously. He then lowered his voice and said,""I heard from the elder that they found a treasure land. There might be valuable treasures!"
