

The Mightiest Little Peasant Chapter 3366

“Bones? Could it be that yang God Realm senior?”

An elder exclaimed in disbelief.

A yang God Realm powerhouse was extremely powerful!

Who could kill him with his divine power? And why would there be a corpse left in the cave?

“There’s supreme power on that corpse. It must be at the Yang God Realm!”

The sect master of the Black Lotus sect nodded, his expression becoming more and more serious.

A yang God Realm powerhouse had died in his own cave abode. This was truly inconceivable!

“Be careful!”

He reminded them and took the lead to fly toward the Great Hall.

“It really is the skeleton of a yang God!”

“How could a yang God Realm expert die Here?”

When they saw the skeleton sitting cross-legged in the hall, the elders all cried out in surprise, their faces full of confusion and shock.

“Look, what’s that?”

Suddenly, an elder shouted and pointed at the abdomen of the skeleton.

Tang Hao was also nearby. He fixed his gaze on the hall.

In the hall, there was a Lotus platform, and a skeleton sat cross-legged on it. It was quite tall, and the skeleton was nine-colored, like glass. It was flowing with divine light and exuded a powerful pressure.

He was indeed at the immortal King level, which was also a yang God expert.

Then, he looked at its abdomen.

In the abdomen of this skeleton floated a ball of bright light. It was nine-colored, and the nine-colored divine light shone alternately, dazzling and dazzling.

“Are they bones?”

“It doesn’t look like it! How can there be such a terrifying bone? and this divine light, it’s not right either!”

The elders of the Black Lotus sect looked at the divine light and discussed in low voices.

They were all a little confused, but they could not recognize this item.

Even the Black Lotus sect master frowned, deep in thought. He was trying his best to identify the item.

“It looks like a divine crystal, but the shape isn’t right!”

An elder guessed.

If it was a divine crystal, it would at least have a complete shape. Round, diamond-shaped, anything would be fine. However, the crystal in front of him had an irregular shape and was too small. It was only the size of a pinky fingernail.

No matter what kind of divine crystal it was, it wouldn’t be this small.

“It’s a fragment! A divine crystal fragment!”

After pondering for a long time, the Black Lotus sect master suddenly shouted.

Then, he revealed an excited expression and his entire body started to tremble.

“Fragments? Sect leader, are you saying that this is an ancient divine crystal fragment?”

The elders were all dumbfounded and in disbelief.

“That’s right! This isn’t even the divine crystal of this sun god. It’s the divine crystal of an even more powerful existence, and it’s only a very small fragment. ” The Blacklotus Grandmaster said excitedly.

“I’m guessing that this sun god died here because he wanted to devour this divine crystal fragment. In the end, he couldn’t withstand the power and the divine crystal exploded, resulting in his death. That’s why this skeleton is here!”

Hearing this, the elders' expressions changed and they were even more shocked.

This was a yang God powerhouse!

What level of divine crystal would it be to cause a sun god to explode? What kind of terrifying existence was that?

"This is a rare treasure! Hahaha!"

The Blacklotus sect master burst into laughter.

He was a heavenly God, so he did not dare to devour this item. However, this item could be exchanged for countless treasures, allowing him to easily advance to the Yang God Realm.

If he could use it well, he would be able to soar into the sky!

"Congratulations, sect leader!"

All the elders bowed and called out in unison.

They were also overjoyed and excited.

After a while, the sect master stopped laughing and stepped forward.

His expression was extremely serious. After all, this was something that could cause the body of a sun god to explode and die. It must be extremely dangerous.

When he reached the skeleton, he took a deep breath, then reached out his hand to grab the divine light in the abdomen.

However, before he could grab it, his expression changed. He sensed a strange movement in the void beside him.

He turned his head abruptly and saw the void split open. A hand reached out and grabbed the nine-colored divine light and the skeleton before he could.

Before he could react, the void ripples disappeared.

The figure disappeared.

All of this had happened too suddenly and too quickly. He had no time to react at all. He just stretched out his hand and froze on the spot.

Behind him, the group of elders were also stunned.

They had never thought that there would be someone else in the hall.

“Who is it?”

“Hurry up! Stop him!”

After a while, they finally reacted and were all furious.

They turned around and dashed toward the entrance of the cave.

This place was protected by a great formation. Only the entrance of the cave had been blasted open by them. If that guy wanted to leave, he could only go that way.

However, when they rushed over, they didn't find anything. When they looked into the cave again, they didn't see any trace of him.

Obviously, that guy had already escaped before them.

“Who is it? Who is it?”

In the palace, the Black Lotus sect master clenched his fists tightly and let out an angry roar.

Whoosh!

His figure moved, and he swept out of the cave to give chase.

His eyes were red and his expression was crazy.

That was a Supreme opportunity that could help him reach the Shangyang divine realm. He had to get it back at all costs!

“What's going on?”

Outside the cave, the group of disciples were all stunned, completely unaware of what had happened.

“You guys ... Stay here and guard! And you elders, watch over this place. We’ll follow the sect master to pursue the person, and we must get the treasure back!”

The group of elders flew out and split into two groups. One group went out to chase, while the other group stayed in place to guard the entrance.

“Someone sneaked into the cave and took the treasure right under the sect leader’s nose?”

When they found out what had happened inside, the disciples were stunned again.

Who was that?

How could he be so bold? furthermore, his magical power was so superb that none of them had noticed him at all.

At this time, ten thousand li away, Tang Hao was rapidly flying through the air.

He looked a little excited.

This time, he was rich!

A yang God’s skeleton was already a Supreme treasure. It could be used to forge a Celestial King weapon.

The nine-colored divine crystal fragment was even more valuable than the skeleton.

This was because it could be the divine crystal of an ancient ancestor God.

Even though it was just a small fragment, its value was hard to estimate.

If he could absorb it, it would definitely greatly improve his current divine crystal.

After flying for a while more, he landed.

Using the formation, he concealed his tracks and aura.

He had already flown so far away, and the sect master was only a 2-star celestial God, so he wasn't worried about being caught.

He sat down and waited for a while, but no one caught up to him.

After another half a day, he was finally at ease. He wiped his face and changed back to the appearance of a lecher.

He rode on the Luan and swaggered out.

After flying for a day, he found a place to sit down and set up layers of formations.

Then, he took out the Yang God's skeleton and the nine-colored divine crystal fragment to examine it.
