

The Mightiest Little Peasant Chapter 3374

“Did you hear? the Grand Pure Holy maiden has gone missing!”

“Someone has kidnapped the Holy maiden, and we haven’t found her yet!”

These days, such rumors had spread throughout the Tangshan region.

In the beginning, the world did not believe it.

What a joke!

That was the saintess of the Tai Qing Palace. Not to mention the strength of the Tai Qing Palace, the saintess herself had the cultivation of a heavenly God. Who could kidnap her?

Who would dare!

Behind the Holy maiden, there was not only the Tai Qing Palace, but also thousands of admirers, all of whom were geniuses from various regions.

However, after a few days, no one refuted the rumor. Some even said that they saw a large number of people from the Tai Qing Palace searching the Tangshan region in a hurry. Everyone had to believe it.

The entire Tangshan region was boiling!

When the news spread, the four regions were in an uproar.

The Tai Qing saintess had been kidnapped!

This was a shocking event!

“They must be targeting the Tai Qing Palace. It’s the work of some old monster!”

“Yup! In recent years, the Tai Qing Palace’s power has been constantly expanding and they have offended many people. ”

The crowd discussed spiritedly, all thinking that it was the doing of some old monster.

They were all a little afraid and did not dare to get involved.

To dare to go against the Tai Qing Palace, one could imagine how powerful this old monster was.

However, a few days later, a shocking piece of news spread.

This wasn’t the work of some old monster at all, but rather the work of a little perverted Bandit who was only a mere God.

The entire Tangshan domain exploded.

Everyone was in an uproar. They couldn’t believe it.

Of course they knew of that perverted Bandit. He was rather famous in the Tangshan region, but they really did not dare to believe that this perverted Bandit dared to abduct the saintess. Moreover, how could he have such strength?

“It’s him. He appeared in person and said that he was the one who took her. He even left a piece of clothing from the Saint as proof.”

“How could it be him? Where did he get this ability from?”

When the news was confirmed, they were even more shocked and puzzled.

Then, they became furious.

A little perverted Bandit dared to blaspheme the saintess, he was really audacious!

“Kill the perverted demon and save the Saint!”

Such a slogan spread throughout the entire Tangshan region.

Everyone was going crazy.

Previously, they had thought that it was an old monster, which was why they didn’t dare to get involved. But now, they discovered that it was just a little perverted God. Their hearts instantly burned with desire. Given their power, smacking a God to death would be a simple matter.

As long as they could kill this thief and save the saintess, they would be famous all over the world and become heroes that everyone looked up to.

Perhaps he could even win the saintess’s heart, enter the Tai Qing Palace, and reach the peak of his life.

Just the thought of it made them extremely excited.

Xiao mang mountain.

In a Pavilion, an ice-blue figure was sitting upright. Her back, waist, and buttocks showed off her charming curves.

She raised her hand and took a sip of the tea.

MMH!

She closed her eyes in enjoyment.

It was really good tea!

With one mouthful, his entire body felt light as a feather, and his soul seemed to be cleansed.

She took another sip and pursed her red lips. She let out a soft moan, which was somewhat alluring.

“Not good! It’s not good!”

Just as she was enjoying the peace and quiet, an anxious roar broke the silence of the mountain.

She frowned and looked a little unhappy.

“Not good! Brother mu ... He kidnapped the Holy maiden!” The voice shouted.

She was stunned, and in the next moment, she spat out the tea in her mouth.

Her beautiful eyes were wide open.

That guy kidnapped the Saint?

Her head was buzzing and she almost fainted.

This news was like a bolt from the blue.

Because if it was really done by that guy, the entire Xiao mang mountain would be razed to the ground by the Furious tai Qing Palace.

“Oh my God! Brother priest has kidnapped the Saint!”

“It’s true! It was him! The entire Tangshan region has gone crazy!”

Very quickly, the entire Xiao mang mountain was in an uproar.

“Hurry up! Hurry up and run!”

There was only one thought left in everyone’s mind, and that was to run. The further they ran, the better.

In just a short while, everyone had packed up their things, picked up big and small bags, and rushed out of the mountain Gate to escape.

This was all too normal for them.

As an evil sect, they could provoke some strong enemies at any time. When they couldn't win, they could only run.

However, the trouble he had caused this time was a Little Big, and he was afraid that it would not be as easy to deal with as before.

"Him?"

After a long while, she finally came back to her senses, her eyes full of disbelief.

It was not as if she did not know how much that fellow was worth. How could he abduct a celestial deity powerhouse?

But at this moment, she didn't have time to think too much. She immediately got up and also went out of the mountain.

"Hmph! He ran pretty fast!"

About 20 minutes after they left, a divine light swept over. It was a group of furious heaven's favorites.

Looking at the empty Mountain Gate, they could only shout a few times to vent the anger in their hearts.

“This perverted Bandit not only insulted us, but he also kidnapped the saintess. He’s really despicable. Don’t let me find him, or I’ll make him suffer!” The white-robed Paragon of the bi Jian sect roared and flicked his sleeve. The mountain below him exploded.

“Go! Go and find that perverted Bandit and tear him into pieces!”

The group of people turned around and left, searching around with murderous intent.

“Eh? What’s going on over there?”

As they were flying, a divine light suddenly shot up from a mountain in the distance.

But in the next moment, it disappeared again.

“Let’s go and take a look!”

Ning Baiyi shouted and led the way.

“What’s that?”

When they reached the top of the mountain range, they looked around and were stunned.

There was a tree in the mountain, and on the tree hung a pink shirt with a sign next to it.

“The saint’s personal clothing?”

Upon reading the words on it, everyone's expression changed.

Their eyes were burning with passion as they looked at the piece of clothing.

This was the most fitting one.

There was definitely the aura of the saintess on it. Just looking at it would make one's imagination run wild!

Quite a few people moved and were about to land.

"Wait, this must be the perverted Bandit's scheme. He wants to use this to lure us into a trap. There must be a formation down there." Ning Baiyi shouted.

In an instant, everyone's figures stopped.

That's right!

There must be a conspiracy!

"I'm the strongest, I'll go down and take a look!"

Ning Baiyi shouted with a righteous look.

After he finished speaking, his figure moved and he directly landed. He reached out and grabbed the clothes.

With a light sniff, he revealed an intoxicated expression.

As expected, there was the fragrance of a saintess on it!

The next moment, he quickly rubbed it and stuffed it into his clothes.

“Strange, there’s no trap ...”

He turned around and muttered to the people who were rushing over, not mentioning the clothes at all.

This shameless guy!

The paragons cursed in their hearts.

However, they couldn’t say it out loud. After all, they also wanted their pride. How could they quarrel over a little woman’s clothes?

“Another divine light!”

At this moment, there was another flash of divine light in the distance.

Everyone looked up and immediately became excited. They fought to be the first to rush out, rushing towards the source of the divine light.
