

The Mightiest Little Peasant Chapter 3376

Ah!

A blood-curdling screech pierced through the sky.

The burly man's eyes widened in disbelief and fear.

He was at the spiritual God Realm, a five-star Master, while this perverted Bandit was only at the medium divine realm! How was it possible for him to explode his flesh with a single punch?

Behind him, the rest of the people were all dumbfounded.

They were at a loss, not knowing what was going on.

"God ... It's the God Realm!"

The burly man trembled and groaned, his face instantly turning pale.

"Heavenly God? He's not that perverted Bandit?"

"Let's go!"

The people behind him were shocked. They looked around, trying to find a way out.

However, this was clearly a small world, and there were formations in all directions to reinforce the void. Even if they wanted to tear open the void, there was no way.

They were already turtles in a jar!

“You ... Who are you?”

The burly man froze on the spot and trembled even more violently.

It wasn't that he didn't want to escape, but he was suppressed by the other party's terrifying Qi and couldn't move at all.

He was sure that this guy was definitely not the perverted mu because even the top heaven's pride experts in the hundred territories couldn't have such a terrifying aura.

Perhaps the world's previous guess was right, this was an old monster!

However, he had disguised himself as the little perverted Bandit and lowered their vigilance.

“You don't need to know!”

Tang Hao shouted coldly! With a chop of his hand, a head suddenly flew up, with nine-colored divine blood spurting out.

Grabbing the head, he turned his hand into a claw and dug out the divine crystal between the head's eyebrows.

Giggle!

The sound of teeth chattering could be heard.

The people behind him were so scared that their legs went soft, and their faces were extremely pale.

How was this a F * cking pervert? he was clearly a terrifying and peerless old demon!

“Se ... Senior, have ... Have mercy ...” One of them shivered and begged.

However, as soon as he finished speaking, a black shadow flashed and his head flew high into the air with a pfft.

God’s blood spurted out, splashing on the faces of the people around him.

They were frozen on the spot, and their minds were blank because of extreme fear.

Puff! Puff! Puff! Puff!

With a few light sounds, their heads were cut off one by one.

“Seven spiritual gods and eight highgods. Not bad!”

Tang Hao took out all their divine crystals. With a wave of his sleeve, the great void divine furnace flew out and absorbed all their bodies into it. Then, he began to refine them.

This group of gods was equivalent to seven golden Immortals and eight heaven Immortals. It was not bad. After devouring them, his cultivation base would increase.

“This is really good stuff!”

Tang Hao retrieved the dudou from the large man.

Such undergarments could only be produced once or twice a day, so they couldn't be wasted.

Next, he used the same method to lure people over with the clothes and put them into the small world before killing them one by one.

This way, he wouldn't cause a huge commotion and expose himself, allowing him to continue harvesting.

In just a few days, he had killed more than ten groups of people, among which there were two one-star divine realm experts. Just these two divine realm experts alone had allowed his cultivation to rise by a large margin.

Currently, there were too many people in the Tangshan region. The situation was extremely chaotic. No one would notice if a hundred people suddenly disappeared.

He continued to hunt, even more cautious than before.

A few days later, his cultivation level broke through successfully and he entered the five-star realm.

It had been exactly half a month since he had captured the saintess.

“Change into it!”

After entering the mobile abode and seeing the saintess, he threw out a pile of clothes as usual.

“What ... What kind of clothes are these? Why does this look like a fishing net? I’d rather die than wear this!” Su lingsu looked down and blushed.

This bastard was getting more and more overboard!

The clothes were getting thinner and more transparent.

“If you don’t wear it, do you believe I’ll really send you to your death?” Tang Hao shouted coldly.

“You ... Why are you so fierce! I’ll just wear it!”

Her beautiful eyes glared and she puffed up her chest. She wanted to be tough, but when she met his cold eyes, she immediately lost her breath.

This guy’s aura was too fierce, and she couldn’t resist it at all.

She had no doubt that if she really didn’t obey, he would kill her without hesitation.

“I’ll wear it! I’m wearing it!”

She squatted down and picked up the few pieces of simple clothes. When she got up again, her beautiful face was so red that it could drip water.

“Turn around!”

Seeing that he was still looking at her, she became even more shy.

She had never thought that she would one day wear these ridiculous and shameless clothes in front of a man.

That strong sense of shame was simply too much!

“Oh,” Tang Hao replied, then turned around.

A moment later, she was done changing.

He turned around and was slightly stunned.

She was born beautiful, and her figure was also exquisite. Wearing such sexy and thin clothes, she immediately looked very seductive. Moreover, the strong holy aura on her body formed a strong contrast with what she was wearing at the moment, and there was a huge impact.

Seeing his slightly startled expression, she immediately raised her face and revealed a somewhat proud expression.

This B * stard, he used to be disdainful of her as if she was an unsightly and ugly woman. Now, he finally saw her beauty!

“It’s alright!”

Tang Hao said, nodding.

Her beautiful eyes widened in disbelief.

With her conditions, it's only alright?

This guy was just bragging!

"Let's go!"

Tang Hao ignored her. He turned around and walked toward the exit.

"Hey! How long are you going to keep me here?" Su lingsu stomped her feet in anger and shouted at his back,"if you don't let me go, you'll be dead when the palace Master of the Tai Qing Palace comes!"

Tang Hao did not reply and walked out of the room.

The palace Master of tai Qing!

He had heard that one of the few yang God Masters in the hundred domains of the East continent was at the immortal King level and was extremely famous in the hundred domains.

However, he wasn't too affected by it. If it was a high star sun god or even an ancestor God, he might be afraid, but it was only a low star sun god, so he really wasn't afraid.

After leaving the cave, he changed his appearance and continued to set up traps.

Very quickly, another wave of gods was lured into the small world and killed.

In the blink of an eye, another half a month had passed.

He kept devouring, and his cultivation level skyrocketed. He successfully broke through to the six-star realm.

At this time, no one had noticed anything wrong.

After another half a month, when more people went missing, people gradually noticed this situation and raised the vigilance of many people.

“There must be an old demon here to take the opportunity to kill!”

“Yup! The current Tangshan region is a pool of muddy water, too chaotic, too messy. Those old demons are like cats that have smelled blood and can’t wait to rush over. ”

After a discussion, everyone felt that an old demon had sneaked in and was hunting everywhere.

This was also very normal. In the past, when there was such a hot disturbance, it was inevitable that a few old demons would be attracted.
