

The Mightiest Little Peasant Chapter 3388

“Originally, I didn’t want to use this formation. Do you know how many years it took me to create this formation?”

“Five years! It’s been five whole years!”

“This is my most precious treasure, my life’s work ...”

Suzaku.

Grandmaster Tian He stood in front of the pavilion and spoke with fervor and assurance.

He had returned to his previous high-spirited appearance.

What had happened before was just an accident. It was that little soldier opposite him who was too lucky, not that his formation skills were bad.

“A master is indeed a master. He’s brilliant!”

“This time, they can forget about breaking the formation easily!”

The Vermilion Bird divine generals began to flatter him again.

They looked at the formation at the front line from time to time, feeling proud and elated.

The nine prison heavenly gate formation had been bragged by them as the number one formation in the East continent. In the end, it had been broken in less than a day. It was really embarrassing.

This time, Grandmaster brought out his trump card, he would definitely be able to get back his face.

“Why aren’t they sending any more people?”

“Woof! This isn’t simple. They must know how powerful our formation is and don’t dare to do it anymore!”

After waiting for a long time and not seeing anyone from the opposite side come to break the array, they were even more pleased with themselves.

“Don’t worry. With this array, it won’t be a problem to block them for ten days to half a month!”

Master Tianhe stroked his long beard and laughed.

“Someone’s coming!”

“Why are you alone? Eh! Why does he look so familiar? isn’t he the soldier from before?”

After a while, there was a commotion in the building.

They all saw a divine light sweep over and land in front of the formation.

“It’s this guy!”

Master Tian He looked over, and the corner of his eyes twitched.

It was this guy who had caused his formation to be broken, and he had fainted from anger.

“Hahaha! Don’t panic! This kid was just a little lucky. Last time, he was so lucky. Could he be lucky again this time? Don’t worry, as soon as he enters, he will be killed by my formation.”

Grandmaster Tian He waved his hand and laughed.

At this moment, he was overjoyed.

The other side had sent this kid out to help him take revenge!

“Master is right!”

“I guess they’re at their wit’s end, so they sent this guy over. They’re really naive, thinking that this guy can get lucky?”

The Vermilion Bird divine generals laughed mockingly as well.

They looked at the front of the formation with a disdainful expression.

Tang Hao stood at the front of the formation and looked around.

He could sense an extremely heavy killing intent. This should be a pure killing formation.

After thinking for a moment, he stepped in.

Sure enough, as soon as he entered, a sky full of sword light bombarding him with a terrifying aura.

The so-called God Slayer formation was based on the ancient immortal Slayer formation.

As for the celestial eradication sword formation, he was more than familiar with it.

“As long as I can find the four immortal swords, no, the divine swords and the formation plate, I can break this formation.”

“Maybe the master is watching. I can’t be too obvious. I have to act.”

He quickly came up with a plan.

The next moment, he dodged the sword light and put on a panicked look.

Then, he dodged continuously, occasionally receiving a few sword energies, and then pretending to spit out a few mouthfuls of blood.

“This brat actually didn’t die!”

Grandmaster Tian He’s divine sense moved as he probed into the formation, and his expression changed.

“He didn’t die? How is that possible?”

Everyone exclaimed in shock.

That kid, wasn't he just a puny God? he should've been killed at the very first moment.

Grandmaster Tian He flicked his sleeve, and the void in front of him changed, revealing an image.

In the image, thousands of sword rays whistled, and among them, a figure was "embarrassingly" dodging.

"This ... This is a ghost!"

"He dodged that?"

The Vermilion Bird divine generals felt that something was off.

The person inside looked like he was about to die, but he just didn't.

After a while, Grandmaster Tian He's expression turned even uglier.

"It's fine. This kid can't hold on for long. He won't be able to walk out of the array and will be strangled to death inside!"

He coldly snorted.

His God slaughtering formation was similar to the Heaven's Gate formation. It also had the function of a bewildering formation. Once one stepped into it, unless one was a top-notch formation master who could see through the profoundness of the formation, one would not be able to walk out.

Last time, this kid was lucky to come out. This time, could he be so lucky?

He wasn't in a hurry, so he just watched with cold eyes.

The more embarrassed the kid looked, the more he vented his anger.

"Why is he still not dead?"

However, after a while, he started to get anxious again.

There were a few times when the kid almost rolled to the exit, and his heart clenched.

"No, I have to change my position! Move further away from him!"

He mumbled and started to activate the formation.

The great formation had already been set up, so it naturally couldn't be changed easily. However, just changing the life gate was something that he could easily do with his skill level.

Of course, this was not something to be proud of, but he could only do so to feel at ease.

"Alright, I'm done!"

A moment later, his face revealed a look of joy.

The life gate had been changed, so he could rest assured.

However, at this moment, he caught a glimpse of the figure in the image. The figure flashed and rolled a few times. He didn't know how, but it rolled to the front of the life gate that he had just moved to. Then, it rolled out of the array.

Kachaa!

At this moment, it was as if a bolt of lightning had exploded in his head, causing his head to buzz and turn completely blank.

His body froze at first, then he began to tremble violently.

His old face was alternating between green and white.

“Why did he come out?”

Everyone in the building was also stunned.

No one could believe their eyes.

The next moment, with a whoosh, it boiled.

“Master, what's wrong? Why did you vomit blood?”

When they turned around to look, they saw Grandmaster fall down again, blood spurting out of his mouth.

“I shouldn’t have ... I shouldn’t have changed the life gate!”

Such ravings were still coming out of his mouth, as if he was possessed.

“The master changed the life gate, so this kid escaped? Oh my God! Who is that kid? how can he be so lucky to bump into him?”

The divine generals understood what was going on.

When they looked at the figure in front of the array again, they were all extremely shocked.

This brat actually relied on luck to walk out of the world’s top-tier Grand array once again!

“He ... Really came out?”

The divine martial Kingdom’s side was also in an uproar. Everyone was in disbelief.

Once, it could be said that he had just hit the jackpot, and it was nothing.

But two times in a row, that wasn’t just ordinary luck. This was clearly a person with great luck!

“Hurry up! Bring him back. Forget it, I’ll go by myself!”

The Commander-in-Chief was anxious. In a flash, he personally swept out.

Behind him, the divine generals' eyes lit up with a scorching light.
