

The Mightiest Little Peasant Chapter 3390

“What?”

Everyone was stunned.

They almost thought that they had heard wrong.

“I’ve thought about it, it’s better to stay in the human camp.” Tang Hao said with a bitter smile.

“Don’t you want to join my Flying Phoenix Army? Haven’t you heard? In my Flying Phoenix Army, beautiful women are as common as clouds!”

Divine general flying Phoenix said.

Her tone was a little surprised, and her beautiful eyes widened as she sized him up.

Didn’t they say that he was a frivolous pervert?

There were so many beautiful women in the flying Phoenix Army, and they were not enough to attract him?

“No matter how many beautiful women there are, what does it have to do with me?” Tang Hao said with a smile.

Her red lips opened, but she was immediately speechless.

He was right. The flying Phoenix Army had strict discipline. Once one joined, they had to follow the discipline and had no chance to mess around.

“Hahaha! This kid isn’t stupid!”

“Your honey trap has failed!”

The rest of the God generals burst into laughter.

“Good! You’ll stay in the human barracks for the time being. As for your military rank, I’ll promote you to Captain, and all your treatment will be according to the standard. Also, here’s your contribution points, ten God’s pills. ”

The Commander-in-Chief smiled and waved to someone behind him.

The man stepped forward and presented a small box.

When he opened it, he saw a scroll and ten small wooden boxes.

This scroll was a merit scroll, and there were merit points recorded on it.

Inside the small wooden box was naturally the deity great pill.

“Many thanks, commander!”

Tang Hao accepted it and thanked him.

“Go back first and make some more pills to improve your cultivation. Tomorrow may be the day of the war. The higher your cultivation, the higher your chance of survival.” The commander said.

“Yes!”

“Yes,” Tang Hao said. He cupped his hands and bowed, then turned around and left.

“The harvest this time is not bad!”

Tang Hao was overjoyed.

In the array, he found many corpses and these 100000 merit points could be exchanged for 50 deity elixir pills. In addition to the 10 pills he was rewarded with, he had a total of 60.

According to his estimation, he would be able to rush to the peak with just 20 or so pills.

He could save up the remaining forty to use to break through to the Yang God Realm.

Different from the cultivation of the immortal Dao, the advancement of the Supreme Dao did not require tribulation. However, it required an enormous amount of energy, especially during the breakthrough.

In order to break through to the Yang God Realm, he needed countless spiritual essences. If they were converted to God elixir, he would need at least five hundred.

The God pill was extremely precious and it was too difficult to get 500 of them.

This was also the reason why there were not many sun gods even in the divine realm. Not to mention the hundred territories, there were less than twenty sun gods in the divine martial Kingdom.

“I’ll exchange them all for the deity elixir!”

He first went to the merit Hall and spent all his merit points.

After returning to his tent and cave, he sat down and began to refine the corpse, then took the elixir.

“I’ve finally ... Reached the peak!”

A day later, he had finished absorbing another celestial God great pill and his cultivation was finally complete.

Peak nine-star!

Great circle heavenly God Realm!

This stage was equivalent to the great circle of the Grand Luo immortal stage.

“There are thirty-nine left. I’ll save them for when I break through to the Yang God Realm!” He counted, and it was about the same as his estimation. There were still 39 deity great pills left.

“Transfer him to a 3-star heavenly God!”

Then, he adjusted his aura.

As he walked out of the tent, he heard a rumbling sound coming from outside.

The battle had already begun!

As soon as he looked up, he saw giant gods standing in the distance. They were even taller than the city wall under his feet. They were surrounded by brilliant light, and their divine might was shocking. With a wave of their hands, there was a sizzling sound that shook the void.

As soon as they opened their mouths, beams of divine light shot out, tearing the void apart.

Those were the divine bodies of the celestial race at the heavenly God Realm.

Tang Hao was stunned.

He could be considered to have seen many Grand scenes. He had also entered the spirit illusion immortal land and seen the situation of the ancient war. However, the scene in front of him had once again shocked him.

“Why are they all from Suzaku?”

After taking a closer look, he was a little puzzled.

Those who revealed their divine bodies seemed to be the heavenly deities of the enemy. On the divine martial Kingdom’s side, they maintained their human forms and took out their combat weapons to fight with these enemies.

For the Protoss, if they revealed their godly bodies, their combat strength would increase by at least twenty percent.

In other words, in a battle of the same level, if one side could display his divine body, he could suppress the opponent.

At this moment, the divine martial Kingdom was at a disadvantage.

“Hey! It’s all because of the formation. The master of Vermillion Bird created a formation that covered the entire battlefield. Only their people can transform, but our people can’t.” After asking someone, he came to a realization.

“Here comes the chance to make a contribution!”

Then, he felt a burst of joy.

This Grandmaster Tian He was truly his Lucky Star!

As long as he broke the formation, merit points would come in an endless stream, and he wouldn’t even need to personally go into battle to kill people.

He immediately went to the commander city.

At this moment, the atmosphere in the commander city was a little heavy.

“Can’t we break their stupid formation?”

A God general shouted angrily.

“It’s really not easy to break through. The other party has 12 formation disks, and they’re all guarded. It’s impossible to break through them all at once.” Elder Yu of the array Department said, shaking his head.

“Then what should we do? If this continues, we’ll be at a disadvantage!”

“Let’s not talk about the true immortal realm cultivators. There are already a large number of casualties among the spiritual God Realm cultivators. The heavenly gods on the other side are all geniuses of the Vermillion Bird country. All of them have extraordinary combat strength. With the suppression of the formation, we can’t hold on for long.”

The godly generals said in frustration.

It was that Grandmaster Tian He again!

He was the one who had created this formation.

“Commander-in-Chief, Captain mu Xiaoyao requests an audience!”

At this moment, someone swept over and shouted.

“Oh? It’s that kid?”

“That kid is a genius in arrays, and he’s also the nemesis of that Grandmaster Tian He. Maybe he has a way!”

The group of divine generals all revealed looks of joy.

“Let him come over!”

The Commander-in-Chief was also a little happy.

Tang Hao entered the city a moment later.

“What do you think of this formation? Which one do you think will have the greatest effect?”

Elder Yu pointed to the sky in the distance as beams of resplendent light shot out.

There were a total of twelve of them, scattered all over the place.

Every ray of light was guarded by experts from Suzaku.

“Which one should I break first?”

Tang Hao was surprised.

“Hey! These twelve formation disks must be one, but each of them has a different function. There must be one that’s more useful. If we break it first, we can reduce the power of the entire formation. ”

“This way, our people will be able to close the gap in battle strength. Then, we’ll break the other formation disks in one go.”

Elder Yu said.

“That’s what I meant!” “Oh,” Tang Hao replied.

He squinted his eyes, and divine light shot out from his pupils as he scanned the twelve array disks one by one.

After a moment, he looked away, and his expression became a little strange.

“What’s wrong?”

“I have a feeling that only one of the twelve array disks is real. If I can’t find the real one, it’s useless even if I break eleven.” Tang Hao said.

“What?”

Hearing this, elder Yu and the other divine generals were all shocked.
