

The Mightiest Little Peasant Chapter 3395

A few days later.

Divine martial Kingdom, capital city.

A piece of news spread.

The war between the two countries only lasted for a dozen days before it ended. Suzaku came to admit defeat and lost a huge sum of money and countless treasures.

The entire city was in an uproar.

This was a huge victory!

It was a rare victory in the history of the divine martial Kingdom.

In the past, although they had won against Suzaku, they had always fought for a long time and won by a small margin. The other side was not convinced.

And this time, the opponent had come to admit defeat. This meant that the divine martial Kingdom had an overwhelming advantage in this battle, forcing the opponent to admit defeat.

“I heard that this time, we captured more than 20 heaven’s favorites from the other side. All of them are at the sky celestial realm!”

“It’s that awesome? They were all heavenly gods! Is it that easy to capture him alive?”

“Of course it’s not easy, but this time, we have an extraordinary person!”

“Who is it?”

“Didn’t something happen in the hundred territories? a perverted Bandit kidnapped the Grand Pure Holy maiden. This perverted demon is the one who kidnapped so many of the Vermilion bird’s prides. Of course, the two of them shouldn’t be the same person, but they used the same medicine!”

“A ... Perverted Bandit?”

Soon, more news spread in the city, and the perverted Bandit named Xiaoyao mu became the focus of everyone.

When they first heard this, they found it hard to believe.

A little perverted Bandit from the Eastern Region had actually influenced the divine Kingdom’s war and even helped the divine martial Kingdom achieve a great victory. This sounded too absurd!

“Yes, that’s the perverted Bandit. Oh, no, he can’t be called a perverted Bandit anymore. He’s been conferred the title of general by His Majesty himself. Although he’s not an immortal general, he’s been conferred the title of carefree general. It’s enough to show his great contributions!”

“I’ve heard that not only did he capture so many geniuses, he’s also a one-in-a-billion genius in the Dao of formations. He’s even broken the Grand formations set up by Grandmaster Tian He three times. He’s a famous array master in the East continent and a leading figure!”

“That’s why he was able to rise from a human camp’s cannon fodder to the carefree general he is today in just a dozen days!”

When the people heard this, they were all speechless for a long time.

They were all stunned.

In a dozen days, he broke the master's divine array three times and captured more than 20 heaven's favorites. He went from a small cannon fodder to a general. This sounded like a legend.

"This ... Is too F * cking awesome!"

"Was this guy really a perverted thief in the past?"

For a moment, the entire city was filled with exclamations.

Mu Xiaoyao's name had also spread throughout the entire city, to the point where almost everyone knew him.

Very quickly, the news left the divine capital and spread to all corners of the divine Kingdom.

"It's really lively!"

In the Imperial Palace, in a garden, a figure sat by the pool with a fishing rod in his hand.

He was wearing a black robe with a majestic black Dragon embroidered on it.

His face was shrouded in the bright divine light and could not be seen clearly.

He seemed to have heard something. He raised his head and looked outside the palace, chuckling.

“Your Majesty, the news of our divine martial Kingdom’s victory has spread. Of course, it will be lively. It has been many years since we have such a great victory.” Behind him stood a man in a purple robe, his face somewhat feminine.

“Yup! It’s been a long time since I last did that ...”

Emperor shenwu laughed and sighed.

“It’s the heavenly Dao that’s blessing our divine martial Kingdom to have such a talent!” The purple-robed man laughed.

“A talent ... He is indeed a talent.” Emperor shenwu said with a smile.

“He’s good at everything. His talent in arrays, his courage, and his schemes are all top notch. It’s just that his previous status was a little lacking, so it’s a little difficult for him to stand out.” The purple-robed man shook his head.

“If he wasn’t a perverted Bandit, how could he have charmed so many heaven’s favorites?” Emperor shenwu laughed.

“That’s true! AI, Your Majesty, do you think that the incident in the hundred territories was done by this kid? previously, we said that it was not the same person, but now it seems that it is the same person.” The purple-robed man muttered.

“That’s not right. If it really was him, why would the palace Master of tai Qing Palace let him go? how could a puny mid-level God escape from the hands of a yang God?”

However, he quickly shook his head and rejected the idea.

“It doesn’t matter if it’s true or not. What does it have to do with our divine martial Kingdom?” Emperor shenwu said with a smile.

After a pause, he continued, “I hope he is. If he is, it means that this person has dealt with the palace Master of tai Qing Palace and escaped from his hands. It proves that his means are more powerful. He is a top talent.”

“Yes! Your Majesty is wise!”

The purple-robed man was stunned for a moment before he bowed and complimented.

A perverted mid-level deity had kidnapped the Tai Qing saintess for two months and was able to escape from the hands of the Tai Qing Palace Master. This was enough to prove that this person was a world-shaking talent.

“Oh! By the way, Your Majesty, Jade Dragon Mountain has sent another letter ...”

A moment later, the purple-robed man seemed to have thought of something and said cautiously.

Emperor shenwu’s face darkened instantly.

The air in the entire garden froze.

“This Jade Dragon Mountain is so arrogant! Do you really think that my divine martial Kingdom is easy to bully?” Emperor shenwu snorted in anger.

“Your Majesty, how should we answer this? The pressure from the other side is getting more and more intense.”

“Of course not. General feifeng is the future pillar of our Kingdom. How can we marry him to their Mount Jade Dragon?” Emperor shenwu shouted.

“But Mount Yulong ... Has a nine-star after all! If general feifeng is still unmarried, they will not give up. ”

The purple-robed man said in a low voice.

“Then let’s find one for her!” Emperor shenwu said.

“This ... I’m afraid it’ll be a little difficult!”

The purple-robed man smiled bitterly.

It was true that general Fei Feng was a city-toppling beauty and had countless admirers in the divine martial country. However, if they married him, they would become the target of the sacred land of the East continent, the Jade Dragon Mountain. Who would dare to do that?

Even if he dared, he probably wouldn’t have the life to last until the day of the wedding!

“Go spread the word and see which company is willing. I’ll consider it.”

Emperor shenwu said.

“This ...”

The purple-robed man hesitated for a moment, "Your Majesty, I have already let the news out. There are some people who are willing, but the families behind them are not willing. This marriage will not happen."

"Moreover, general feifeng ... Probably won't agree to it."

"This group of cowards!"

Emperor shenwu cursed in a low voice.

"Forget it. Let's just drag it out like this. We'll talk about it again after a while when we can't drag it on anymore."

After thinking for a moment, he waved his hand and said in a helpless tone.

"Yes! Your Majesty!"

The purple-robed man bowed and did not say anything else.

"This is my carefree mansion?"

At the same time.

In a corner of Shen 'du, Tang Hao arrived in front of a mansion.

On the plaque in front of the door, three flamboyant characters were written: At the carefree mansion.

“Not bad!”

He grinned and strode in.
