

The Mightiest Little Peasant Chapter 3409

“Let’s go!”

Outside the carefree mansion, the crowd cried out in alarm when they saw the red light shooting into the sky.

“Hahaha! That guy must be in a terrible state right now!”

Someone laughed out loud, gloating over his misfortune.

With general Fei Feng’s strength, even if that fellow didn’t die, he would at least be on his last breath.

“That’s great!”

At the back of the crowd, su lingsu exclaimed in excitement.

“Hahaha! You deserve it!”

Not far away, on a Pavilion, Hong Tianyi and the others stood still and looked at the carefree mansion.

They all had a look of satisfaction on their faces.

“How can a perverted Bandit like him enter general feifeng’s eyes? even if he were to be a scapegoat, he would be despised!” Hong Tianyi scoffed, feeling great.

“He’s been poisoned, and now he’s been beaten up by general feifeng. He must be in an extremely miserable state!”

“It’s just the beginning. He’ll have a hard time in the future!”

The rest of them looked at the carefree mansion and sneered from time to time.

However, in the next moment, their expressions froze, and their smiles froze.

Then, their eyes slowly widened, revealing a look of disbelief.

The door opened, and a figure walked out.

It wasn’t the dying and miserable appearance that they had imagined. Instead, he looked energetic and radiant. On his face, he was still smiling as if there was a great joy.

“How ... How did this happen?”

They were all in disbelief.

General Fei Feng had been in there for so long. Could it be that he had gone to flirt with him?

Also, hasn’t the poison in the Jade Lake Pavilion taken effect yet?

That’s impossible!

Once the poison took effect, how could this guy still smile?

For a moment, they looked at each other and were a little stunned.

It wasn't just them, everyone outside the carefree mansion was also dumbfounded.

They did not understand why this guy was still intact and could even laugh.

"Everyone, thank you for coming to congratulate us. Hanyan and I appreciate your kind intentions. When the time comes for the wedding banquet, we welcome all of you." Tang Hao stood at the door and bowed to everyone with a smile.

Then, before they could react, he turned around and entered the manor, closing the door tightly.

Outside the door, it was dead silent.

The Black Mass of people were all dumbfounded.

What was this guy saying?

Wedding wine?

Could it be that general feifeng had actually agreed?

This was ridiculous!

It must be fake!

How could a peerless figure like general feifeng submit himself to a shameless pervert?

“He’s lying, don’t believe him!”

Someone cursed.

“Right! He’s definitely lying!”

“I don’t believe that general feifeng will agree to this marriage!”

This angry curse instantly ignited the anger of everyone.

The entire Street was in an uproar.

The angry crowd took out all kinds of things and threw them at the walls of Xiaoyao mansion.

“Mu, come out and face your death!”

As they smashed, they cursed, and the situation was extremely chaotic.

“No way! He ... Is he really going to marry that general Fei Feng?”

At the back of the crowd, su lingsu was in a daze.

She also found it hard to believe that someone like general Fei Feng would commit himself to this perverted Bandit. Although he was in disguise, he was still a bastard!

He had taken advantage of her before, and he had been fooling around in the Jade Lake Pavilion ...

Wasn't such a person a bastard?

"He actually wants to marry her ... What is this? is he saying that she's better than me?"

Suddenly, she felt a little upset.

That general Fei Feng was indeed more famous than her, and his talent was also higher than hers. However, in terms of looks, she was not inferior! She was the number one beauty in the hundred territories!

She lowered her head and examined her figure. She felt even more upset.

Her figure did not lose out, but in terms of dressing, she was not as good as that person.

That set of Fire Phoenix battle armor was valiant and sexy, and it even revealed a pair of big white legs. It was much better looking than her tattered clothes.

"Pei Pei Pei! What am I even thinking!"

Suddenly, she came to a realization and spat.

What kind of nonsense was she thinking?

How that guy was, it was none of her business!

“Hmph!”

She glared at the carefree mansion, then turned around and left.

“Bastard! You beast!”

As she walked, she cursed.

“A talent! He’s really a talent!”

Emperor shenwu’s hearty laughter was heard in the garden of the Imperial Palace.

He had thought that general feifeng would take some time before agreeing, but he had not expected him to be convinced so quickly.

“General mu, he ... Is indeed a talent. He really has a way of dealing with women!”

The purple-robed man bowed and smiled.

“We’ll do this. Later, send the divine decree to mu clan and spread the news. I want the people on Jade Dragon Mountain to know about this immediately.” Emperor shenwu said.

“Yes, Your Majesty!” The purple-robed man responded.

“Then ... What’s next? When Jade Dragon Mountain learns of this news, they will be furious. They will know that this is His Majesty’s way of dealing with them. They will definitely send people to Shen ‘du to kill general mu. ” Then, he said hesitantly.

“That’s not something I can meddle in. If I meddle, wouldn’t it give Jade Dragon Mountain an excuse to attack our divine martial country? Next, it’s up to that kid’s own good fortune!”

Emperor shenwu shook his head.

“That’s true! Then let’s hope that general mu is lucky enough to survive this!” The purple-robed man said in a low voice.

With that, he excused himself and left the garden.

In an ordinary-looking mansion in a corner of the divine capital.

A man hurriedly walked in and went straight to the center of the mansion.

“High Ambassador! The divine decree has been passed down. Emperor shenwu is determined to fight against our Jade Dragon Mountain!”

He ran to the front of a Hall, half-knelt on the ground, and shouted.

“Oh, really? This Emperor shenwu was so bold. Did he think that he could compete with Jade Dragon Mountain with his mere seven-star realm and a tiny Holy Kingdom? You really don’t know your place!”

A burly figure walked out of the hall with a cold laugh.

He was dressed in black, his face rough and his expression cold.

On his chest, there was a symbol of a Jade Dragon, and on his waist, there was a token with a Flying Eagle engraved on it.

He was one of the one hundred and eight high ambassadors of Mount Jade Dragon, the sky Eagle Ambassador. He was in charge of all matters of the divine martial Kingdom.

Although he was only a peak sky celestial, with his talent and abilities, not even a sun god could kill him. He was almost invincible among sky Celestials.

“My Lord, this Emperor shenwu is a joke. He’s delusional enough to think that he can deal with us with such a small trick!”

The person in front of the hall sneered, his expression disdainful.

In his opinion, Emperor shenwu’s actions were undoubtedly a joke.

If he had found a powerful figure, like the other divine generals, it would not have been easy for Jade Dragon Mountain to deal with them. However, he had found a heavenly God and a little pervert from the Tangshan region.

This perverted demon’s aptitude and strength were average, and he only had a little bit of extraordinary talent in array Dao.

It would be a piece of cake for Jade Dragon Mountain to kill a guy like him!
