

The Mightiest Little Peasant Chapter 3416

He threw a punch, and divine light shot out, extremely bright.

The power of a mid-stage yang God's punch was shocking.

Logically speaking, this punch should have caused the formation to explode, or at the very least, it should have been distorted.

But there was nothing.

The force of his punch was like a clay ox entering the sea, disappearing without a trace.

The high wall was intact.

"This ..."

The green Goat high holiness's eyes widened in shock and disbelief.

His punch didn't even cause a ripple. How ... How was this possible?

What kind of formation was this? how could it be so strange?

"How did this happen?"

Beside him, Wu tuo high holiness and the other five Venerables were also shocked.

“I’ll try!”

Wu tuo high holiness frowned and looked around. He walked to another wall, took a deep breath, and then struck it with all his might.

However, there was still no movement as the bright divine light flashed.

His eyes widened and he froze there.

The silence around them was a little scary.

“What kind of formation is this?”

“This is too strange!”

A moment later, the seven of them came back to their senses, all of them looking extremely shocked.

At first, they thought it was just an ordinary maze formation that could be torn apart easily, so they didn’t take it seriously. But now, the two high holiness ‘full-strength punches didn’t even shake the void formation, which proved that this formation was not ordinary.

“It must be a top-tier bewildering formation!”

“It’s impossible for that kid to have it. It must be Emperor shenwu. But ... Where did Emperor shenwu get such a powerful formation? The divine martial Kingdom’s array Dao isn’t even as powerful as the Vermillion Bird kingdom ‘s!”

They discussed in low voices, all somewhat puzzled.

“Let’s try again!”

The green Goat high holiness was unwilling to give up. He gritted his teeth and released his aura as he continued to attack.

However, no matter how he attacked, the void did not move at all. The high wall was also unscathed.

“Let me try my divine body!”

Wu tuo high holiness said.

After he finished speaking, his body shook and he was about to unleash his divine body.

But the next moment, his expression changed.

“Not good! His God Body is being suppressed!”

He blurted out in shock, his eyes wide open and his expression extremely horrified.

“Hiss! Hiss! Hiss!”

The rest of the people gasped when they saw this.

What level of formation was this if it could even suppress the divine body of a mid-stage yang God?

“Overlords, this formation ... It can't be an ancient divine formation, right?”

One of the sovereigns swallowed his saliva and said in a bitter voice.

“It should be!”

The two high holiness Qingyang and Wu tuo looked at each other and smiled bitterly.

Only an ancient divine formation could explain why this formation was so powerful.

“Emperor shenwu must have found it in an ancient God's cave abode. He's really willing to put it here!”
The green Goat high holiness said in a daze.

His face was no longer as relaxed as before.

“Let's go! I can only try to walk out. ”

Wu tuo high holiness said with a bitter smile.

It was obvious that this divine array was not easy to break. It would definitely take a few days. By then, the outside world would be in an uproar, and the forces from all sides would laugh at them.

“There's no other way!”

The green Goat high holiness smiled bitterly.

The Group of Seven moved along the road.

After walking a few steps, there was a fork in the road ahead. The further they went, the more forks there were. It was so winding that they were a little dizzy.

They tried their best to remember all the routes, hoping to find the exit.

However, after a while, they discovered that every once in a while, all the high walls here would change, and all the routes would be disrupted and reset.

“Motherf * cker! How do we find him?”

The seven of them were dumbfounded.

They had been confident that they would be able to find the exit as long as they spent a little more time memorizing all the routes. But now, the route had changed, and all their previous efforts had been in vain.

“Overlord, what should we do?”

The five sovereigns looked at each other, all at a loss.

They had never encountered such a powerful formation before.

“This ...”

The two high holiness hesitated, their old faces flushed.

In fact, they were at their wit's end.

However, they were still the high holiness and seniors, after all. They couldn't say no at this time, as that would be too embarrassing.

"Let's continue walking. We'll be able to find our way out. Once we're out, I'll definitely kill that kid!"

"Emperor shenwu too. Let's go to the Imperial Palace and tear down a few of his palaces after we capture that kid."

The two of them mumbled and continued to lead the way.

The routes in the formation were constantly changing, and they were like headless flies, wandering around.

Time slowly passed by.

They became more and more anxious and impatient.

Outside, everyone was in the same mood. They were waiting anxiously.

"Why is there still no movement?"

"Where are they? Where did he go?"

From time to time, they would stick their heads out and look at the carefree mansion with wide eyes.

However, the manor was covered by a large formation, and no matter how many divine eyes they used, they could not see through it.

Two hours, four hours ...

Time passed quickly.

There was still no movement in the mansion.

Everyone was in a daze. They began to wonder if the seven Venerables from Jade Dragon Mountain had really entered the mansion.

If they really went in, how could there be no movement at all with their amazing strength?

“It’s been eight hours!”

“What happened inside?”

The carefree mansion’s surroundings were gradually boiling with excitement.

Everyone’s face was filled with extreme shock.

The current situation was too unusual.

Two mid-stage yang gods and five early-stage yang gods. Such a powerful force was enough to set off a storm anywhere in the East continent. Even the divine martial Imperial Palace would be penetrated.

However, there was no movement for eight hours in the small carefree mansion.

This was simply unbelievable!

“What’s happening inside? Where is he?”

In the private room of the restaurant, the old woman of the heavenly sunflower Palace stood up and stood in front of the window. A divine light would occasionally burst out of her deep eyes as she looked toward the mansion.

However, the result was the same every time.

There was a powerful technique in the mansion that blocked her divine eye.

She was getting more and more shocked.

“This is unbelievable!”

The Woman in Black also stood up and looked at the carefree mansion. She shook her head and sighed.

She had thought that this was just an ordinary mansion, but now it seemed that she was wrong, very wrong. This mansion was clearly set up with a top formation. Otherwise, how could it trap the group from Jade Dragon Mountain?

Moreover, there were so many people from all the Holy Lands and major forces in the East continent, but no one could see through the mansion and figure out the situation inside.

All of this proved that the formation in the mansion was extraordinary.

“From what I know, the divine martial Kingdom’s array Dao is very weak. Where did they get such a powerful array?”

She mumbled to herself as she raised her head and glanced in the direction of the palace.

“The divine martial Kingdom’s array Dao is indeed weak. Logically speaking, there shouldn’t be such a Grand array. This is indeed a little strange.” The old woman responded.

“Of course, it can’t be this kid. It’s said that he’s still very young and hasn’t been in contact with array Dao for long. It’s impossible for him to refine such a large array.”

Then, she thought of a possibility and immediately shook her head, firmly denying it.

This was because this possibility was too absurd!

It didn’t matter how many years this kid had been in contact with the Dao of formations. With his age, it was impossible for him to create a formation that could trap a mid yang God.

“There’s still no movement. This is going to be interesting ...”

The Woman in Black stared at the carefree mansion and grinned, gloating at their misfortune.
