

The Mightiest Little Peasant Chapter 3417

“It’s been ten hours!”

“Heavens!”

After another two hours, the clamoring grew louder.

When the news spread, the entire Luoyang was in an uproar.

No matter which side they were on, they were all extremely shocked.

A small carefree mansion had trapped two intermediate stage and five initial stage, a total of seven yang God powerhouses!

This was something that no one had expected!

“Hahaha! This time, Jade Dragon Mountain’s face has been smacked swollen again!”

Soon, many gloating voices sounded.

Originally, the various forces had come to watch the show. Now that they had seen a joke, they were naturally happy.

They even hoped that the people inside would be trapped for as long as possible.

The longer this dragged on, the more the face of Jade Dragon Mountain would be smacked.

“Emperor shenwu is really good!”

“Amazing! He’s really amazing!”

Many people even looked in the direction of the Imperial Palace and praised.

In their opinion, this must be Emperor shenwu’s plan.

“What? Still not out?”

“There’s no movement?”

At this moment, the mastermind in the eyes of the world, the scapegoat hero Emperor Wu, was just as confused and shocked.

He had been scratching his head for a long time, but he still couldn’t figure out how that kid had managed to trap a group of sun god old monsters for so long.

In his opinion, the kid’s best choice was to run.

As long as he ran, it would not be easy for the people from Jade Dragon Mountain to catch him with his strength as a yang God.

Therefore, the current situation was completely out of his expectations.

“I’ve really seen a ghost!”

“The situation is not good!”

He paced back and forth in the hall, his mind becoming more and more uneasy.

The longer this dragged on, the more face Jade Dragon Mountain would lose. Naturally, they would be even angrier, and this anger would naturally be vented on him. At that time, a few great seniors would come, and it would be enough to make him suffer.

“This kid, sigh! Really!”

He sighed from time to time, regretting using this kid as a shield.

Because he realized that it wasn't him who was scheming against the kid, but the kid who was scheming against him.

A day passed in such a lively atmosphere.

Outside the carefree mansion, it was already packed with people.

Everyone was waiting to see when the people from Jade Dragon Mountain would come out.

The news also started to spread out of the divine martial country and to all directions.

The news caused a huge commotion.

Mount Jade Dragon naturally received the news as well. However, to everyone's surprise, they did not react at all. No one said anything and they did not send anyone to the divine martial Kingdom.

It seemed that they were also waiting.

"It seems that Mount Jade Dragon is very confident in their own people. They believe that they will break the formation sooner or later and then capture that boy surnamed mu."

"This is a secret battle between Jade Dragon Mountain and Emperor shenwu. Let's see who will have the last laugh."

People from all over the East Province were discussing fervently.

One day, two days ... Time flew by.

While the people outside were in heated discussions, inside the formation, the Group of Seven people looked like frosted eggplants. They were listless, especially the two high holiness. Their eyes were sunken and their faces were pale, as if they had overused their brains.

"Something's wrong! It's still not right!"

"Wrong way! Again!"

They were still trying to solve the maze.

They had used all kinds of methods and racked their brains, but they still couldn't crack this bewildering formation.

“It’s impossible to dispel this array. Its transformations are endless. Even if an ancestor God expert were to come, he might not be able to dispel it even if he exhausted all his energy.”

The verdant Gazelle high holiness murmured, his pale face filled with despair.

Even though he was a mid yang God and was proud of his intelligence, he had to admit that he had failed. He had no way of dealing with this ancient divine formation.

“Yup! When this formation was designed, it was already unsolvable. Unless one’s strength is at an extreme level and can tear open this void, one can only be trapped and die Here. ”

Beside him, Wu tuo high holiness smiled wryly, his expression filled with despair.

He took a few steps and suddenly sat down. He leaned against the wall and looked dejected.

He didn’t want to go any further.

Even if he walked like this for a thousand years, or even ten thousand years, he still wouldn’t be able to walk out of this great array.

When the five sovereigns saw this, they also sat down dejectedly.

They leaned against the wall and looked at the black dome above them. They felt more and more desperate and desolate.

They had never thought that they would one day be trapped in a bewildering formation.

Now, the outside world must be in chaos. The seven of them and Jade Dragon Mountain would become the laughingstock of all forces in the East Province and be mercilessly ridiculed.

The seven people looked at each other speechlessly, and the surroundings became deathly silent.

He didn't know how long had passed.

Suddenly, a rumbling sound came from above.

"What's going on?"

The seven of them were shocked and stood up.

After a short while, the void above their heads changed. It was no longer a black dome, but a vast void with huge, shining stars all over it, slowly rotating.

"Is it a way out?"

Some sovereigns were overjoyed.

"No, it's another great formation!" The venerable Green Goat took a closer look and exclaimed in shock.

His expression became extremely serious, and his chest heaved up and down rapidly.

How could two formations be connected so seamlessly like this?

Also, he could tell that the level of the formation was extremely high. It might even be more terrifying than the maze formation under his feet.

“What? That’s also a great formation?”

“Is this the same great formation?”

The rest of them exclaimed in confusion.

The current situation was too strange.

Boom! Boom! Boom!

At this time, a loud rumble came from the vast void. A huge figure appeared from the void, and its entire body was dark gold.

He was getting closer and bigger, looking down at them from above.

A cold light shot out from his eyes and his gaze moved back and forth between the seven of them.

The seven of them looked up and shuddered.

The legs of a few sovereigns with weaker cultivation bases even started to tremble.

At this moment, they all had a feeling that they were like domesticated animals being selected by someone. Once they were selected, they would face the fate of being slaughtered.

“It must be that kid’s God Body. Quick, capture him!”

After a long time, the two high holinesses finally came to their senses.

They all activated their divine essence and blasted upwards.

However, just like before, no matter how they attacked, the void around them would swallow all their power.

“It’s you!”

Suddenly, the giant God mumbled and reached out his hand, grabbing at one of the seven people.

In the next moment, the void around that person started to twist.

“No... Don ‘t! Overlord, save me!”

The man was scared out of his wits as he screamed in horror.

After a few breaths, the voice stopped abruptly.

He had been swallowed by the void, and in the next moment, he appeared in the vast void.

“Heavens!”

The remaining six people just raised their heads and stood there in a daze.

What happened next in the void made their hair stand on end and they were horrified.
