

The Mightiest Little Peasant Chapter 3419

This refining process took one day and one night.

Finally, the divine body was completely refined into the purest divine liquid.

The immortal spirit body had devoured the limbs of this God Body and he had dug out the God crystals. All that was left was the body, which was easy to refine.

“Alright, I’m done!”

He heaved a sigh of relief, rested for a moment, and then opened his mouth to inhale at the divine furnace.

Whoosh!

The Golden divine liquid gushed toward him and was all swallowed into his stomach.

After refining it, it would flow into his dantian and divine sea.

After swallowing the divine liquid, he took out the divine crystal.

This was the essence of the venerable Master of Jade Dragon Mountain.

Moreover, it was also a first-grade divine crystal.

In the divine martial country, rank ones were rare. However, in a sacred place like Mount Jade Dragon, rank ones were extremely common.

Gulu!

He threw the divine crystal into his stomach.

He continued to sit cross-legged and began to refine slowly.

He had plenty of time. The six sun gods in the array were already trapped and couldn't cause any trouble.

After half a day, his body suddenly shook, and a surge of Qi force spread out.

Fortunately, he stopped in time and did not shatter the pavilion under his feet.

"I'm a two-star!"

After a while, he opened his eyes, which were filled with joy.

Five yang God pills, more than 30 Sky Eagle envoys, and the essence of a 1-star sun god finally allowed him to break through to 2-star.

"It's also because this guy's cultivation is so deep that he's not far from two-star, so even though I've lost a large amount of essence when I absorbed it, it can still help me reach two-star."

He mumbled to himself and smiled in joy.

It was very difficult to advance each of the nine Realms of the sun god. It was too difficult to kill a sun god, so it was difficult to advance by devouring.

Usually, the sun god relied on elixirs and natural essences to improve.

This time, he had also relied on the power of the array to easily kill a sun god.

“These few people are still the same!”

After resting for a moment, he sent his divine sense into the array to check on the six people.

They were still cowering there in low spirits.

“The remaining ones are not easy to kill!”

He looked back and forth and frowned slightly.

Of the remaining six, two were mid-stage yang gods, but they were too strong to deal with. The remaining four were three-star cultivators, and they were also a bit tricky to deal with.

Most importantly, now that the six of them were on guard, the chances of him capturing one of them and killing him would be very small. After all, they were all experts and not fools. They would not really let him do whatever he wanted.

“Eh? Someone’s coming!”

Just as he was hesitating, there was movement outside the mansion.

Ten figures rushed in one after another.

“It seems like the reinforcements from Jade Dragon Mountain have arrived. They must be array Masters!”

Tang Hao looked at it and understood.

He had already expected such a situation, so he naturally wasn't afraid.

Even if all the array Masters in the East continent came to break the array together, he would not be afraid.

“What kind of formation is this?”

“There are a lot of changes and it's quite complicated. No wonder the Qingyang high holiness and the others are stumped.”

As soon as the ten array Masters came in, they looked around and were a little shocked.

They were array Masters, and their knowledge of arrays far exceeded that of ordinary people. Naturally, they could tell that this array was extraordinary.

“I've never seen or heard of such a complicated formation before. Where did Emperor shenwu get this formation from?”

“This formation is amazing!”

They tried to walk around for a while, and after seeing the many changes in the formation, they couldn't help but be more shocked.

This formation was far beyond their knowledge. It must be an ancient peerless divine formation.

“It's fine. As long as it's an array, there's a way to break it. With the combined strength of the ten of us, we'll be able to break it sooner or later.”

“Yup! Don't be afraid!”

Although their expressions were solemn, they were still confident that they could break the array.

“This way!”

They began to think and calculate the changes in the route, trying to break the formation with all their strength.

Tang Hao looked at it for a while, then retracted his gaze.

These people were not worth paying attention to.

He sat cross-legged in the pavilion and continued to rest with his eyes closed.

On the outside, with the arrival of the second wave of reinforcements from Jade Dragon Mountain, the crowd was in an uproar.

“It’s already been eight days!”

“This wave of people should be array Masters. I don’t know how long it will take to break the array!”

They looked at the carefree mansion and discussed among themselves.

Everyone felt that the time for the formation to break was not far away.

After all, Jade Dragon Mountain had sent out all their array Masters. The ten of them were the best in the entire East continent’s array field. There was no array that they could not break.

One day, two days ...

Under everyone’s anticipation, time passed day by day.

However, to everyone’s surprise, there was still no movement in the carefree mansion.

When the ten array Masters entered, they didn’t even cause a splash.

“This ... This is impossible!”

“What kind of divine formation is that? it’s so powerful!”

After five days, the world was in an uproar again.

They were even more shocked.

They couldn't believe that even the ten most powerful array Masters of Jade Dragon Mountain were trapped to death in this carefree mansion!

When they looked at the carefree mansion again, their eyes were filled with fear!

Whether it was a mid-stage yang God expert or a formation master, they were all trapped in it. This small carefree mansion was even more terrifying than those notorious lands of peril!

"This carefree mansion is like a dragon's pool or a Tiger's Den!"

"Emperor shenwu ... What a great move!"

The four sides gasped in admiration.

Many people were even more impressed with Emperor shenwu.

They did not know that Emperor shenwu was so powerful!

"Good F * ck!"

In the palace, Emperor shenwu roared in his heart when he heard the discussions around him.

He was really going to break apart!

All of this clearly had nothing to do with him. Who knew where the array in the carefree mansion came from? but these people all thought that he was the one who set it up. He would never be able to clear his name even if he jumped into the river.

“Why hasn’t that brat released her yet? There won’t be any more problems, right?”

He paced back and forth in the hall, his mind becoming more and more anxious and uneasy.

“Can you still contact that kid?”

Suddenly, he stopped in his tracks and looked at the purple-robed man standing at the entrance of the hall.

The purple-robed man smiled bitterly and shook his head.

Ever since the seven men had entered the carefree mansion, he had been unable to contact General mu. It must be because of the formation that the void had been sealed.

“Al! I hope nothing else will happen!”

Emperor shenwu sighed helplessly.

He could not control the situation at all. The only thing he could do was to wait here and wait for the kid to release the person, or wait for the group of people from Jade Dragon Mountain to break the formation and capture the kid.

He had a vague premonition that if it was the latter, the hope was not high. After all, the group of array Masters had been in there for five days. If they could break it, they would have done so long ago and would not have waited until now.

“Where did this kid get this formation from? I didn’t give it to him, and old Yu also said that he didn’t have it. Could it be that he refined it himself?”

He stopped and looked in the direction of the carefree mansion.

He laughed as he said that.

No matter how much of a genius that kid was, it was impossible for him to refine such a world-shocking array at his age!

He laughed a few times, shook his head, and continued to pace around the hall.
