

## The Mightiest Little Peasant Chapter 3422

“Come out!”

“Isn’t your divine martial Kingdom trying to humiliate me? Come on, let me see who it is so that I can die with a clear mind!”

In the ice hell formation.

Grandmaster Tian He was in a state of frenzy as he roared at the void.

His face was pale and he looked Haggard.

The bewildering formation from before had not hurt him, but this ice prison formation in front of him had shattered his confidence as a master.

This was because the person who had created this array was from the divine martial Kingdom, and his level of skill was much higher than his.

With his ability as the number one in the East Province, he could only be crushed!

However, there was no response after a long time.

He sat down dejectedly, as if he had lost his soul.

“The array that day only took half a day to set up before it was broken. Not many people went in. That kid was one of them, and behind him were a few array Masters. They went in with a group of cannon fodder.”

“Could it be one of those array Masters? Impossible. If there really was such an expert, why didn’t they use him before? why did so many people die?”

“Who else could it be if not them? Is it really that kid?”

He muttered to himself. Suddenly, his body trembled and he straightened his body, his eyes burning.

That’s right!

That kid!

From the beginning to the end, everything was related to this kid!

His formation had been broken three times because of this kid.

And now, that shocking maze formation and this ice prison formation were also placed in this kid’s residence.

Everything was related to this kid!

“How did he break my formation so easily? how did he find the flaws in my formation so easily? Was it really because of some formation sense? It’s impossible. It’s possible for it to happen once, but it’s abnormal for it to happen three times. ”

“He’s not a newbie at all. He’s ... An array master himself. He was the one who created this ice hell array to humiliate me!”

“That shocking bewildering array is his. He got it from an ancient God’s cave. He also got the inheritance of that ancient God, so he has such amazing attainments in the array Dao! He is indeed a one in a billion, a peerless array Dao genius!”

He muttered, his expression growing more and more aghast.

He was shocked by his own bold guess!

A young man from the hundred territories had surpassed him, the number one master of the East continent, in the array Dao. How absurd and unbelievable was this!

Even if he were to tell others, no one would believe him!

“This kid is too terrifying!”

He raised his head and looked up, and his body couldn’t help but tremble.

His eyes were filled with deep fear.

Originally, he had thought that he was just a lucky kid with a little talent. His identity was also a little awkward and made people look down on him.

However, he now knew how terrifying this person was!

It wasn’t just his heaven-defying array Dao attainments, but also his wisdom. It was extremely terrifying.

In the previous battle, everything had been a pretense. Everything that had happened today was probably part of his plan.

“What a joke! What a joke!”

Master Tian He could not help but smile bitterly, his expression becoming more and more bitter.

As a Grandmaster who had enjoyed a reputation in the East Province for so many years, he found out that he was not even as good as a young boy. This was a huge blow!

He just sat there, mumbling in his sleep, looking like a madman.

-----

“Another five days have passed! There’s still no movement!”

“What kind of formation is that? That’s too terrifying!”

There was an uproar outside.

Just as the group of Masters entered, the people were still very certain that the formation would be broken soon.

However, after waiting day after day, there was still no movement.

Just like the previous two groups, this group of Masters did not cause a splash.

This was unbelievable to everyone.

They couldn't believe that there was such a powerful formation in the world that could trap all the Masters of the East continent's array Dao world.

"What kind of formation is it?"

"This array is a priceless treasure!"

The people from all the forces looked at the carefree mansion with burning eyes.

"Emperor shenwu, that's a good move!"

Of course, they did not forget to praise Emperor shenwu.

After all, in their opinion, everything was Emperor shenwu's arrangement.

In this atmosphere, another three days passed.

It had been exactly a month.

"It's been a month, and she's still not out. What do we do now?"

"It's simple! Let's kill our way up and slaughter the divine martial Kingdom!"

“Woof! Do you know how many sun gods are in the divine martial imperial capital? I heard that there are also many great venerable rank people who have gone to watch the show.”

On Mount Jade Dragon, there had been an endless debate for days.

Their Jade Dragon Mountain had never encountered such a thing before. They had never suffered such humiliation before. The disciples were already in a frenzy and wanted to kill their way to the divine martial Kingdom’s capital.

However, the situation did not allow them to do so.

“Alright, stop quarreling. Linglong, go to the divine martial Kingdom and meet Emperor shenwu. Ask him to release the people first and hand over the set of formation technique. Then, we will not touch the divine martial Kingdom for the time being. As for that mu brat, he is just Emperor shenwu’s puppet. Don’t worry about him.”

Finally, the master of Jade Dragon Mountain spoke.

“Great venerable Jade Dragon, how can you let them go so easily? we lost a high Ambassador and a venerable!”

Someone said indignantly.

“Like I said, it’s only temporary. Compared to the two dead people, isn’t it more important to get that set of formation?”

Great senior Jade Dragon shouted.

“Grandmaster is right. That formation must be a rare formation, a Supreme treasure of the formation path. If we can get it and study it, it will be of great benefit to our Jade Dragon Mountain.”

“That’s right. If we can figure it out and place it on our Jade Dragon Mountain, it will protect our sect from falling forever. We will no longer have to worry about it.”

The sovereigns all agreed.

Weighing the benefits, great senior’s proposal was indeed the best.

The most important thing right now was to obtain that formation.

As for dealing with the divine martial Kingdom, he would have plenty of opportunities in the future.

With the power of his Jade Dragon Mountain, it would be easy to crush the divine martial country.

“Linglong, you go! Remember, getting the formation is the top priority.”

“Yes!”

A moment later, a ray of divine light shot out of the Dragon head Palace and disappeared in the blink of an eye.

Soon, a figure tore open the void above the divine martial imperial capital and walked out.

It was a man in a silver robe. He was tall and his face was covered with a divine light. His face could not be seen clearly, but his black and white scalp could be seen. It was draped down and moved without any wind.

This was one of the late stage yang God experts of Mount Jade Dragon, great Senior Spirit Dragon!

In the land of the East continent, late-stage yang gods were the strongest and stood at the peak.

“Emperor shenwu’s wings have really hardened!”

He looked down at the imperial capital and snorted coldly.

Initially, the divine martial Kingdom did not have much of a presence. It was only a few years ago when Emperor shenwu advanced to the late-stage that he gained some prestige.

It was also because of this that even though their Jade Dragon Mountain coveted divine general Fei Feng, they did not use force, only constantly threatening and forcing him.

“Let’s go and meet him!”

He lowered his body, released his aura, and went down.
