

The Mightiest Little Peasant Chapter 3438

“Alright, there’s one more left!”

An hour later, Tang Hao picked up the last scroll.

The first question, recognizing plants.

The second question, pill recognition.

The third question, pill-making recipe.

The fourth question, on the path of alchemy.

The last one was pill refining.

These five questions were more comprehensive.

From Tang Hao’s point of view, the questions were of a high standard. If an ordinary master came, they would not be able to solve any of the questions.

But to him, it was quite easy.

“Then I’ll start refining!”

Master Xu didn’t respond. He just sat there with a blank look on his face. Tang Hao took out the materials from the scroll, then took out an ordinary pill cauldron and began to refine.

An hour later, the pill was completed.

He refined this cauldron of pills easily and smoothly.

“Look, is the quality okay?”

He smiled and threw the pill over.

When the pill flew in front of him, master Xu finally reacted and caught it in a hurry.

“This ... This ...”

He held the pill in his hands as if it was a hot object, and his body trembled slightly.

He had seen the entire process of the pill refining just now.

There was nothing gaudy about it. It was as simple as it could get. However, from this extreme simplicity, he could see that his opponent’s pill technique was extremely superior. No, it should be a godly pill technique.

As he examined the pill in his hand, his mind became more and more shocked.

From the first question onwards, this fellow had already displayed his astonishing strength. He had completed five questions in less than two hours. This was truly unbelievable!

“Hu!”

On the side, the man who was leading the way finally came back to his senses and heaved a long sigh of relief.

He raised his head and looked at master Xu, then at The Alchemist in white. He smiled bitterly.

Everything that had happened just now was too shocking!

To master Xu, that person's performance was a crushing defeat!

In just two hours, he had easily cleared all the challenges. If this wasn't crushing him, then what was it? he was about to be crushed!

From this, it could be seen how high this person's alchemy Dao level was!

"Master Xu, do you have any more questions? Or perhaps we can exchange some more pill techniques!"

Tang Hao tossed the Five Scrolls back.

Master Xu gritted his teeth as he sat in his original position. His face was livid.

He was at his wit's end. The five questions he had just asked were the best he could do, and yet they had been solved so easily. That meant that this person's skill in the Dao of alchemy was far above his own. Even if he were to come up with other questions, it would be meaningless.

However, he couldn't admit defeat at the moment.

After all, he had sneered at this person in the beginning and was full of confidence that he would make this person stay and end things here.

Now that he thought about it, it was really laughable!

“No need!”

After a long while, he laughed bitterly and shook his head. “You’ve already won! I’m convinced of my loss!”

“Thanks for letting me win!”

Tang Hao chuckled. He rose to his feet and cupped his hands in greeting. Then, he looked at the guide and said, “let’s go to the next seat!”

“Oh! Please!”

The leader was stunned for a moment, but he quickly jogged over to welcome them, his expression extremely respectful.

He had originally looked down on this person, but now, this person had won his respect with his amazing alchemy skills.

“Woof! I really didn’t expect this!”

Seeing the two of them leave, master Xu sat alone, smiling wryly from time to time, his expression somewhat bitter.

“It’s time for this lamp to be extinguished!”

Then, he raised his head and flicked his sleeve, extinguishing the bright elixir lamp above his head.

“He’s out!”

“Hahaha! It’s over!”

When they saw the two figures come out from master Xu’s place, the Masters all laughed.

It had only been two hours and he had already come out. It seemed like he had lost quite badly!

Many people were laughing in their hearts.

According to the usual process, it would take at least half a day to challenge a master. It had only been two hours, which meant that this person had long since been defeated and fled in a panic.

“Let’s go!”

Many grandmasters stood up and were about to head over.

However, in the next moment, they were all stunned and stood rooted to the ground.

Behind the two of them, the pill lamp was actually extinguished.

“What ... What’s going on?”

“Could it be that it’s over, so old man Xu put out the pill lamp in advance?”

Then, the surroundings of pill Sea Mountain were in an uproar.

Everyone was bewildered.

Logically speaking, the lights shouldn’t have been extinguished so early. Could it be that the guy had won?

However, no matter how he thought about it, it was impossible!

With old man Xu’s strength, it was impossible for him to lose. Moreover, it had only been two hours. The time was too short!

“He didn’t leave, he’s coming over!”

“Heavens! Could it be that he really won against old man Xu?”

Everyone in the mountain was shocked when they saw that the figure did not go out of the mountain but continued to fly toward another elixir lamp.

This scene showed that the fellow had really won!

In just two hours, he had defeated old man Xu!

“He ... What is his background?”

“Didn’t you say that he’s a lunatic and an idiot? How could he still beat master Xu?”

The pill Sea Mountain was in an uproar.

Everyone’s faces were filled with shock and disbelief.

“Destroyed! Destroyed! Look, master Xu’s pill lamp has been extinguished!”

At this time, the surrounding people outside the pill Sea Mountain also started to stir.

They were equally shocked.

Just a moment ago, they were still mocking that guy for overestimating his own ability, thinking that he wouldn’t be able to put out a single light. But in the blink of an eye, this light went out, ruthlessly smacking their faces.

“He actually won against master Xu. Doesn’t that mean that he’s also a very powerful alchemy Grandmaster?”

“No wonder he’s so arrogant. He does have some confidence!”

The crowd no longer looked down on him.

“He’s still too arrogant. If he had chosen three rounds, he might have won for sure. But now, he wants to defeat all the Masters. It’s completely possible!”

“Yup! I can win one or two, but I don’t believe you can put out all the lights. ”

Everyone was discussing.

Although they had changed their opinions, they did not change their views on the final result.

Because this was an impossible challenge!

“Look, another one has been extinguished!”

“How long has it been? Only half an hour? Whoosh!”

Not long after, another ball of divine light in the pill Sea Mountain was extinguished.

Everyone counted the time and couldn’t help but suck in a cold breath.

The first lamp took at least two hours, but the second one only took half an hour.

This was too frightening!

They were all level one alchemy grandmasters, not some random nobody.

“Destroyed! It’s been destroyed again!”

“How long this time? It’s about an hour ...”

By the time the third, fourth, fifth, and sixth lamps were extinguished, they were not as shocked as before. Instead, they were already numb and used to it.

The crowd was silent.

Everyone was staring at the mountain, their faces solemn and extremely serious.
