

The Mightiest Little Peasant Chapter 3439

On the pill Sea Mountain.

Two figures flew over from the peak of a mountain.

A black-robed master who was sitting cross-legged on the square at the peak of the mountain looked up and his expression changed.

The palm hidden in his sleeve clenched slightly, but he was a little nervous.

Originally, no one took this challenge seriously and thought it would end very quickly.

But now, nearly a third of the 72 elixir lamps had been extinguished.

In other words, this mysterious white-robed Alchemist had already defeated more than twenty level one alchemy grandmasters from his pill Sea Mountain.

Furthermore, he had pushed and crushed his way over.

Every time a lamp was extinguished, it would not take more than an hour. Many of them only took an hour.

It was very difficult for him to imagine just how terrifying an alchemy Dao attainment would be needed to make a level one alchemy Grandmaster submit to him in such a short period of time.

This was undoubtedly an extremely terrifying opponent!

Seeing the White-clothed figure land, he swallowed hard, and his expression became more and more nervous.

“Master mu, right? Let’s start!”

Tang Hao sat down and smiled at him.

“Oh!”

Master mu was stunned for a moment before he came to his senses. With a wave of his sleeve, seven scrolls flew out. They were the topics he had prepared.

“I should be able to stop him for two hours!”

He said to himself.

Originally, he had only prepared five, but he had added two at the last minute in order to drag this person out a little longer. This way, he could lose with dignity.

He admitted that his strength was far inferior to the grandmasters who had been defeated before, so he didn’t expect to stop this person.

He just didn’t want to lose too badly.

“Simple!”

Tang Hao unrolled the seven scrolls and looked at them one by one. He smiled.

Master mu was stunned.

Then, his heart skipped a beat and turned cold.

If it were any other master, he would have laughed out loud. He had racked his brains to come up with this question. It represented his highest level. If he said it was easy, he would be bragging.

But now, from this person's mouth, it was no longer a boast, but an undeniable fact.

This guy really thought that his questions were easy.

“What the hell ... What kind of monster is this?”

When he saw that person easily solving his questions one by one and completing them, his mouth couldn't help but open wider and wider. His mind was shocked to the extreme.

“How ... How long have you been?”

When he finished the last question, he looked at the man who was leading the way and asked.

“Not even an hour ...”

The man said in a low voice.

Master MU's mouth fell open again. He was completely stunned.

Then, he laughed bitterly.

He added two more questions, but in the end, he still didn't even last an hour. What a joke!

"You can leave! I lost! I'm sincerely convinced!"

He shook his head and flicked his sleeve, extinguishing the elixir lamp above his head.

"Thanks for letting me win!"

Tang Hao stood up, cupped his hands, and left.

The man who led the way looked at master mu. When he saw master MU's dejected look, he could not help but sigh softly. Then, he turned around and left.

He had seen this kind of situation too many times, so it was not strange.

Almost all the Masters from before were like this.

"Another one has been extinguished!"

"It hasn't even been an hour!"

The four sides of pill Sea Mountain sighed again.

Everyone's mood was extremely depressed.

The Dan lamps were extinguished one by one, and their hearts sank.

More than twenty Masters!

He had been crushed all the way without stopping. How strong was that guy?

The atmosphere outside the mountain, on the other hand, was boiling.

It had been more than a day since the challenge began.

Out of the 72 lamps, 26 of them were extinguished.

This also represented the twenty-six level one alchemy grandmasters.

He had easily defeated 26 Level 1 alchemy grandmasters by himself. This kind of strength had completely shocked them.

Even if he couldn't win against all the Masters, this challenge would be recorded in the history of the East continent's alchemy world.

"It's already twenty-six. I wonder how many I'll be able to extinguish in the end!"

"Who knows? at least 30 or 40 is not a problem!"

The people discussed with excitement on their faces.

What had happened here had also begun to spread, causing an uproar everywhere the news reached.

“What? That madman has already defeated more than twenty Masters?”

“Didn’t you say that this is just a farce? Why did you really pick one?”

After the World heard this, they were all stunned.

They had heard about the challenge before, but no one took it to heart. They all thought it was just a farce, not worth paying attention to.

However, the news in front of them had stunned them.

That so-called lunatic had actually defeated over twenty Masters?

This sounded too fake!

At first, no one believed it.

After asking around, they were finally convinced that the news was true.

“Where did this expert come from?”

“He defeated more than 20 first-level Masters in one day? Oh my God! Who is he?”

They looked in the direction of the pill Sea Mountain and were all extremely shocked.

“There is no such person in the alchemy world of the East continent. He must be a peerless master from outside the East continent!”

“Hurry up! Go to pill Sea Mountain!”

Many people impatiently got up and headed towards pill Sea Mountain.

They all wanted to meet this peerless alchemy expert!

On the pill Sea Mountain.

The challenge continued.

Almost every hour, one of the Dan lamps would go out.

A day passed, and another twenty or so lamps were extinguished.

Another day passed, and only five of the original seventy-two dan lamps were left.

These five Lamps all belonged to the five pill elders of the mountain. Among all the level 1 Alchemist grandmasters, they were the five with the most experience and the highest level of skill.

“Elder Yan dan, we meet again!”

Tang Hao's body sank and he landed on the square below.

Not far away, a skinny figure was sitting cross-legged. It was the pill elder he had seen that day, surnamed Yan.

Tang Hao looked at him and smiled.

"Your Excellency is very capable!"

Elder Yan dan said, "I admit that I was blind that day and had disrespected you. But today, I will not hold back. This concerns the honor of my pill Sea Mountain, so I will do my best!"

"Pill elder, please!"

Tang Hao raised his hand and smiled.

Pill elder Yan flicked his sleeve, and five scrolls flew out.

Tang Hao took it and opened it. "Interesting!" He raised an eyebrow.

"What big words!"

Elder Yan dan snorted.

The question that he had thought of with all his might was only interesting in this person's eyes?

This was too arrogant and humiliating.

He wasn't like the previous grandmasters. He was the elder of alchemy, and his alchemy skills could be ranked in the top five in the entire East continent.

Even if this person came from outside the East continent, those famous alchemy Holy Lands would not be able to defeat him so easily!

"Elder Yan dan, we'll only know if you're arrogant after we try!"

Tang Hao did not argue with him. He picked a scroll and began to answer.
