

The Mightiest Little Peasant Chapter 3444

I can't be empty-handed!

Elder Yan dan was astute and immediately caught the main point.

"I understand! Don't worry, Grand pill elder, I'll go back to them!"

He excused himself and quickly left.

"You can't go empty-handed?"

Outside the mountain, great Senior Spirit Dragon, the sky sunflower Holy maiden, and the others were all stunned.

Although it was normal to present some treasures as a sign of respect due to his distinguished status, it was a little abnormal for him to ask for treasures.

"The great pill elder said that he would give you a portion of his alchemy Dao insights in return."

The old Daoist Yan dan said, "you can obtain the Supreme alchemy Dao's enlightenment by giving away some treasures. What are you dissatisfied with? The great pill elder was being kind. If it were any other Paragon of the Dao of alchemy, who would've bothered with you?"

"Pill Dao insights?"

Outside the door, everyone's expression changed.

Even a late-stage yang God like the Spirit Dragon great senior was shocked.

Then, his breathing became rapid.

Who was the Supreme Alchemist?

A Supreme existence in the pill realm!

The pill Dao insights he had written down were the Supreme Bible of the pill realm, which was extremely precious.

As long as he could obtain such an insight, it would be of great help to improve his alchemy level on Jade Dragon Mountain.

“Did that person really say that?”

Even the saintess of the heavenly sunflower Palace couldn't hide the excitement in her voice.

“Of course!”

Elder Yan dan nodded.

“That's great!”

The people at the entrance laughed loudly, all of them extremely happy.

The people behind him were all envious and jealous.

They wanted to pay a visit, but they knew that with their status, they had no right to pay a visit to a Supreme Alchemist.

“Then ... Elder Yan dan, what do you think we should give you?”

At the door, someone asked anxiously.

No one knew what that person liked, so they didn't know what kind of treasure they should give. If they gave the wrong treasure and made that person unhappy, wouldn't that be bad?

“Yup! Elder Yan dan, what do you think?”

The rest of the people echoed.

“In my opinion, the great pill elder ... He probably wants a yang grade divine medicine!” Yan dan stroked his beard and laughed. “You don't know yet, right? the Grand pill elder isn't that old. He's only at the three-star sun god Realm!”

“What? Only three stars of the sun god stage?”

When everyone heard this, they were all shocked.

They had all thought that he was an old monster who had the same seniority as elder Yan dan and the others. Who would have thought that he was only a three-star realm cultivator!

For someone who came from a great power and was an alchemy expert, the three-star sun god Realm was undoubtedly very low. This also meant that he was not old.

And this was what shocked them the most.

This was because this was a young alchemy master!

To be able to cultivate such a young alchemy sovereign, how powerful must the force be?

They took in a breath of cold air, not daring to imagine it.

“Elder Yan dan, I understand. I’ll go and prepare now!”

“Elder Yan dan, many thanks!”

After a long time, they finally calmed down. They bowed to thank him and left.

Yang level divine herbs were also rare resources in their forces, and they didn’t have any on them, so they had to go back and get them.

“Alright!”

Elder Yan dan nodded, very satisfied.

These people left for a few days. During this time, everything that happened in the pill Sea Mountain spread and shocked the entire East continent.

For a time, the pill Sea Mountain's reputation soared.

He spent five days refining a cauldron of yang God great pills, then left the hall.

At the pill Sea Mountain's main hall, he saw people from various factions.

"I'm Ling Long, from Mount Jade Dragon. Greetings, great pill elder!"

Great Senior Spirit Dragon stepped forward and cupped his hands in respect.

"Great Senior Spirit Dragon! I've heard elder Yan dan mention you before. He said that you're an expert from Mount Jade Dragon and that you're very powerful!" Tang Hao said with a smile as he looked at him.

"Hey! In front of the great pill elder, my measly power is nothing!"

The great Senior Spirit Dragon humbly replied.

"This must be Her Highness, the saintess of the heavenly sunflower Palace!" Tang Hao's eyes shifted to the woman in the black dress.

"You're being too polite, great pill elder. I wouldn't dare to call myself "Your Highness" in front of you. "

The Tian kui Holy maiden bowed and said respectfully.

She put away her charm and appeared dignified and elegant.

In her opinion, this person's background was too mysterious. He must be from one of those top forces. In front of such a person, she did not dare to act rashly, nor did she dare to show her charm, for fear of being looked down upon by this person.

"This must be ... An elder of the war god Hall!"

"This must be the Royal uncle of the kingdom of Ashoka!"

"....."

Tang Hao looked at them one by one.

He had seen a few of them outside his mansion, such as the Tian kui Holy maiden.

"Great pill elder, this is the treasure they offered. Take a look"

Elder Yan dan walked over and handed over a scroll.

When unfolded, it was written with the treasures offered by certain forces.

Tang Hao glanced through the gifts. Some of them offered yang grade divine herbs, while others offered yang spirit pills.

Those who sent yang level divine herbs were all from big forces like Jade Dragon Mountain, but they didn't have a lot of them. For example, sunflower Palace only had one. Among them, Jade Dragon Mountain gave two, which was the most.

As for yang spirit pills, most of them had ten. Some of the rich had even offered twenty.

“Not bad!”

Tang Hao was overjoyed when he saw that, but he did not show it.

“Many thanks for everyone’s kind intentions. This is the alchemy Dao Comprehension I prepared!”

As he spoke, he took out a Jade slip and handed it over.

“As expected of the Grandmaster of alchemy!”

“Wonderful! It’s simply wonderful!”

As soon as they got it, these people couldn’t wait to open it and read it.

Many people were skilled in alchemy, and many of them were quite skilled. They could naturally see the value of this insight.

“It’s good that it’s of help to you!”

Tang Hao said with a smile.

This comprehension was something he had written with his heart, so it was naturally valuable.

“Many thanks for the treasure, great pill elder!”

When great Senior Spirit Dragon saw this, he turned to Tang Hao and bowed.

“Many thanks, great pill elder!”

The Tian kui Holy maiden also bowed and said excitedly.

“Everyone, come and sit. Today, my pill Sea Mountain will host a banquet to entertain you all!” Elder Yan dan called out in a timely manner, calling for these people to move in while ordering people to bring out all kinds of food and wine.

At this banquet, everyone drank to their heart’s content.

The people of all forces felt that they had made a profit and were secretly happy. Just by offering some treasures, they could get to know a Supreme Alchemist and also gain some insights. This business was too profitable.

Tang Hao was also very happy.

He had profited greatly from this deal.

Originally, ten sun god pills were not enough for him to advance to four-star. However, it was enough now.

Not only would he be able to reach four-star, but he would also be able to get close to five-star.

It wouldn’t be long before he found some yang grade divine herbs and could attempt to break through to the five-star realm.

When the banquet was over, he returned to his Hall with satisfaction and began to refine the Yang God pill.
