

The Mightiest Little Peasant Chapter 3450

“You don’t understand. It’s not the right time for Jade Dragon Mountain to take action.”

The black-robed sovereign said.

As he spoke, his brows furrowed and his expression turned grave.

If it was only the divine martial country, with the strength of Jade Dragon Mountain, they could easily flatten it. However, judging from the current situation, there might be other forces behind the divine martial country. It might even be the few great Holy Lands.

Without the support of these great Holy Lands, how could an insignificant Emperor shenwu dare to kill the people of Mount Jade Dragon time and time again?

This was impossible!

Therefore, Jade Dragon Mountain concluded that there must be a conspiracy behind this. It was the other sacred lands who wanted to use the divine martial Kingdom to deal with Jade Dragon Mountain.

As for why he chose the divine martial Kingdom, it was simple.

It was all because of divine general Fei Feng. Everyone in the East Province knew that Jade Dragon Mountain wanted her.

Therefore, some other forces had set up a trap to lure them into it. In the end, Jade Dragon Mountain was disgraced.

This time, his Jade Dragon Mountain wanted to take revenge and destroy this divine general flying Phoenix first.

Then, he would slowly toy with the God Martial Emperor to death.

He didn't want to expose his Mount Jade Dragon yet. If he were to have a direct conflict with the great Holy Land behind the divine martial Kingdom, he could only look for the Vermillion Bird kingdom and these evil sect experts.

"Why can't I help?"

The malicious-looking man said.

"It's better if you don't ask too much. It's not like Jade Dragon Mountain didn't pay you. Why do you ask?" The black-robed man's face sank as he shouted.

"Alright! I won't ask then!"

The malicious-looking man said in a mocking tone.

"Well said. Since you have taken someone's money, you should help them to get rid of the disaster. Don't ask about things you shouldn't ask." The scholarly man laughed and said, "venerable envoy, you said before that if you caught him, you could let me deal with him first. Is that true?"

"Of course!"

The black-robed man nodded. "In any case, she'll be a plaything of our Jade Dragon Mountain in the future. There's no point in keeping her innocent."

“Hahaha! Good! I’ve been drooling over this divine general flying Phoenix for a long time. Who would’ve thought that I’d have the chance to get close to her today?” The scholarly man laughed with excitement.

“I wonder how this famous beauty in the East Province will feel!”

He licked his lips and his eyes flashed with a touch of lust.

“Hahaha! Old ghost Ling, you still want to take the lead! Maybe they’ve already been taken away by your peers!” The malicious-looking man laughed.

“You mean that mu brat?”

The elegant scholar was stunned.

“That’s right! Didn’t you say that you were already engaged?”

“Woof! How could that perverted thief have the ability to do that? he’s just Emperor shenwu’s puppet. ” The scholarly man said in disdain.

In the perverted thief industry, he was the most famous. What was that kid? he didn’t even have the right to carry his shoes.

“That’s hard to say. I’ve heard that the kid is extremely talented and powerful. Even the demoness of the heavenly sunflower Palace once fell for his charm. He’s extraordinary!” The malicious-looking man said.

“I’ve also heard about it!”

The Azure-armored general of Suzaku grew interested and excited.

“Everyone knows how powerful that demoness of the sunflowers Palace is. I’ve seen it myself. She didn’t even last half a cup of tea. But that kid actually lasted three days and three nights, tormenting that demoness to the point of death. It’s really incredible!”

He said.

“Three days and three nights? Was this for real? I thought it was a Bluff. Which man in the world could last so long in the hands of the witch of sunflower Palace?”

The people around them were shocked when they heard this.

Everyone knew how powerful the demoness of the heavenly sunflower Palace was.

They had all experienced this before and found it hard to believe that someone could hold on for so long.

How long one could last no longer had anything to do with one’s cultivation level. No matter how high one’s cultivation level was, that group of demonic women had the ability to quickly disarm one.

“Hmph! Fake! How is that possible?”

The scholarly man snorted in anger, his face ashen.

He didn’t believe in such a thing.

He was proficient in the Dao of dual cultivation and was extremely strong in that area, but he was no match for the sky sunflower witch. How could a little pervert from the hundred territories have such ability?

“It’s not just the divine martial Kingdom’s people. Even the people of the sunflowers Palace are spreading it. I don’t think it’s fake!”

“Yup! I really want to capture this kid and study him. ”

Everyone said.

The scholarly man’s face turned even uglier.

“That kid ... I’ll catch him sooner or later and cut off his words!”

He snorted coldly to himself.

He was a little jealous.

Because he knew that this matter was most likely true. That little pervert was really more powerful than him.

This made him very unhappy. He was the great sky crane, the number one perverted Bandit in the East Province, but his reputation was not even as good as a little perverted Bandit. It was truly a disgrace!

“They’re here!”

A moment later, a crack appeared in the sky in the distance, and a city flew out.

On the city wall, there was a symbol of a Flying Phoenix.

“Everyone, remember to follow the plan. Don’t act rashly!” The black-robed venerable from Mount Jade Dragon looked around and said solemnly.

“I know!”

Everyone nodded in agreement.

Then, the scholarly man took the lead and tore open the void.

The rest of them followed.

Soon, only the black-robed honored warrior and the divine general of Suzaku were left on the city wall.

They watched as the flying Phoenix City flew into the abyss.

After a while, they followed.

“According to our intelligence, the mine is down there, in the deepest part.”

At this moment, in Flying Phoenix City.

Mu Hanyan stood on top of a tall building in the city, looking down at the abyss.

Two beams of divine light shot out of her Phoenix eyes and swept around with unparalleled sharpness.

Tang Hao was lying down comfortably with his eyes half-closed.

This matter didn't have much to do with him. In any case, he was just here to be a bystander.

"I see it!"

After flying down for a while, Mu Hanyan suddenly let out a low cry, revealing a look of joy.

"Eh? Why isn't anyone here?"

Then, she furrowed her brows and let out a soft gasp.

The divine martial Kingdom shouldn't be the only one who had received this news. The forces of the hundred territories were even closer to the divine martial Kingdom. Logically, there should be many talents here.

However, there was no one there.

"Did an expert clear the area, or is there a trap?"

Her mind stirred and she began to think.

However, he could not come to a conclusion at the moment.

“Let’s go down and take a look!”

She did not back down.

With her strength, this divine city, and the over 10000 Flying Phoenix Army in the city, even if there was a trap, she had nothing to worry about.

She then continued to move the divine city and descended.

“Eh? What is this?”

At that moment, Tang Hao’s expression changed.

In the abyss below, he could vaguely sense the aura of an array. Although it was very obscure and hidden, he could still clearly sense it with his strength.

“This is getting interesting!”

He raised his eyebrows and muttered to himself.

He realized that this was a trap, but he didn’t know if it was targeted at him.

His expression did not change and he continued to lie there, allowing the divine city to fall all the way into the range of the array.
