

The Mightiest Little Peasant Chapter 3455

“Another stronghold has been destroyed! It’s the Fenglin country!”

Before the various powers could recover from their shock, another shocking piece of news came from the Fenglin country.

The stronghold on Mount Jade Dragon was also destroyed!

“This ... This is crazy!”

“Who is it? He was too bold! Are we really going to start a war with Jade Dragon Mountain?”

People from all sides were scared silly.

This was clearly a war!

And the one who had the courage to start a war with Jade Dragon Mountain must be another great Holy Land.

How many years had it been since they had seen a war between great Holy Lands? if they counted, it had to be at least a thousand years.

Once a war of this level started, it would be earth-shattering. The forces involved would not only be the two Holy Lands, but all the forces under them. By then, half of the East continent would be involved.

For a time, everyone was in a state of panic.

Mount Jade Dragon.

Dragon head Hall.

The atmosphere was extremely heavy.

All the Yang God Realm powerhouses sat cross-legged in the hall, their faces stern and serious.

Just now, there was another piece of news. The third stronghold was destroyed, and the emissary who was guarding it was dead. His soul plate was broken.

“They’re simply too much! Let’s kill our way over and slaughter the divine martial Kingdom. Let’s see if the mastermind behind this can still hide!”

“That’s right! If you cower like this, you’ll be the laughingstock of the world!”

After a long period of silence, people stood up one after another and shouted angrily.

“That’s right! That’s how it should be, we should kill our way over like a Thunderbolt!”

“That Emperor shenwu is helping a Tiger! We should have chopped off his head and hung it on our Mountain Gate!”

Following that, many others agreed.

They were already filled with pent up anger.

Back in the divine martial imperial capital, a Sky Eagle envoy and a supremacy had died in succession. Jade Dragon Mountain's reputation had been completely destroyed, and they were already very unhappy at that time.

Now, three more strongholds had been destroyed in a row. They could not take this lying down.

"The more this is the case, the more we have to remain calm. The other party's actions are undoubtedly to enrage us and force us to attack the divine martial Kingdom. If we do as they say, wouldn't we be falling right into their trap?"

There were also Venerables who shook their heads and held a different opinion.

"That's right! From the divine martial Kingdom's actions, the mastermind behind this must have a big background and a big goal! What if they set up an ambush in the divine martial Kingdom to scheme against us?"

Many other sovereigns agreed.

The divine martial Kingdom's revenge was too violent. This was abnormal and made them a little fearful.

"So what if they're scheming? what's there to be afraid of?"

"That's right, we'll do it!"

The sovereigns from before shouted angrily.

The two groups of people started a heated argument.

Soon, the news of a fourth base being destroyed came, causing the atmosphere in the hall to become even more intense.

“Enough!”

In the main hall, the great senior Jade Dragon finally spoke.

He was sitting on a lotus throne, and his body was shrouded in brilliant light. His divine might was monstrous, as deep as the abyss.

Even the sovereigns below could not look at him directly.

The light around him was too strong, tens of millions of times stronger than the sun.

He was sitting there, but he seemed to be separated by thousands of worlds. If someone could look at him directly, they would see the layers of void around him. It seemed endless.

In an instant, everyone in the hall fell silent.

Everyone bowed down, their expressions respectful.

This was the leader of Jade Dragon Mountain and one of the few nine-star sun gods in the East continent. He was a peerless master.

“Linglong, I’ll leave this matter to you. Do as you wish!”

The great senior Jade Dragon looked around him with an indifferent expression.

At his realm, he didn't care about many things. The death of a few disciples was just a small matter in his eyes.

"Yes!"

On the side, great Senior Spirit Dragon responded.

"I think we should stick to our original plan and slowly force the mastermind out. That's the safest way." He said after thinking for a while.

"Alright!"

Great senior Jade Dragon nodded. "Then we'll do it this way. You'll be the overall planner!"

After he finished speaking, the void around him started to move and his figure slowly disappeared.

"Farewell, great senior!"

Everyone in the hall immediately called out in unison.

"Emperor shenwu and the mastermind behind this, I, spirit Dragon, will play with you!"

Great Senior Spirit Dragon raised his eyes and looked in the direction of the divine martial country. He suddenly laughed coldly.

His eyes were filled with cold killing intent.

“What? Another stronghold has been destroyed?”

“Good fellow! Which sect is so powerful that they dare to start a war with Jade Dragon Mountain?”

At this moment, in the divine martial Imperial Palace.

Emperor shenwu was in a good mood as he listened to the news.

He had never liked Mount Jade Dragon.

In the past, this Jade Dragon Mountain had always made things difficult for him. They even pressured him every day, asking him to give a top genius like general flying Phoenix to them. They were simply bullying him too much.

Now, this was retribution!

He was even more relieved.

He had been worried that Jade Dragon Mountain would take revenge on him for what had happened at the carefree mansion. Now that someone else had attracted the attention of Jade Dragon Mountain for him, he could finally rest easy.

“Another one? Hahaha! Good! That’s great!”

He laughed out loud and was extremely pleased.

At this time, Tang Hao had already quietly returned to the imperial capital.

After returning to his residence, he sat down and took out all the gains from this trip and counted them.

On this trip, he had killed many people and plundered a lot.

According to his usual practice, after sorting them, he refined the corpses and swallowed them together with the divine crystals.

However, the effect was minimal.

A few peak-stage heavenly gods and a group of intermediate-stage heavenly gods were like a cup of water on a burning cart of firewood for him.

“There’s not much change!”

He touched the dazzling divine crystal between his brows and muttered to himself.

This perfect-grade divine crystal didn’t have any obvious changes.

He had consumed quite a few first-grade divine crystals, but nothing had changed.

“I still need to be flawless level. Or maybe I can find a few more of those ancient divine crystal fragments ...”

He muttered to himself, his brows furrowed.

Flawless-grade God crystals were too rare.

In the entire divine martial country, only mu hanyan was at the flawless level.

Even in a sacred place as big as Mount Jade Dragon, not many of them had flawless divine crystals.

It wasn't easy to get one.

It would be even more difficult to find the ancient God crystal fragments.

The immortal realm was so vast, and the East continent was only a corner. Where could he find it?

It was only a coincidence that he had obtained the fragment last time.

"There's no rush. I'll take my time to upgrade the divine crystals. I'll improve my cultivation first. As long as I reach seven-star, I won't be afraid of nine-star or even peak sun god experts."

After a moment, he shook his head.

He felt that he had been a little too impatient during this period of time.

One couldn't be too hasty in cultivation.

He took a deep breath, and his mind calmed down.

Over the next few days, he stayed in the pavilion and read through the various books and records that he had recently collected. At the same time, he studied the array Dao and the alchemy Dao.
