

## The Mightiest Little Peasant Chapter 3458

Tang Hao had become the center of attention in the hall.

Their gazes were like knives and swords, as if they wanted to pierce through him.

Especially the young people, all of them had unfriendly gazes.

Although they knew that the emperor's bestowment of marriage was just a formality, and the two were only fiancée in name, they were still very unhappy.

From their point of view, this kind of person with a perverted background was not even worthy of being general MU's shield, and would only tarnish her reputation.

The events that had happened during this period of time had also confirmed this.

After the marriage, this guy still loitered around the Jade Lake Pavilion and caused a big commotion every time. He was simply shameless to the extreme!

"This bastard!"

Hong Tianyi gritted his teeth again.

Even if they were only fiancée in name, it still made him extremely jealous.

"Why hasn't the person from Jade Dragon Mountain killed him yet?"

He cursed in a low voice.

He hated Jade Dragon Mountain for being so disappointing. They had only failed once and did not continue. They were really useless.

“Brother Hong, you can’t rush this. Last time, His Majesty played a good trick and intimidated Jade Dragon Mountain. Now, Jade Dragon Mountain is in big trouble again. How can we have time to deal with such a little pervert?”

“Yup! Don’t worry, when Jade Dragon Mountain is done with the trouble, it will be the time of this perverted Bandit’s death!”

The few people beside him said.

“That’s true!”

Hong Tianyi nodded, and his expression softened.

“Al! I’ve heard that Zhou Yuan also admires general mu a lot. He was in seclusion to break through before, so he didn’t know about this. If we tell him and add some details, it will be very lively. ”

Suddenly, one of them rolled his eyes and came up with a plan.

“I’ve also heard of it. It’s indeed a good plan!”

“I think it’s feasible!”

When the rest of them heard this, they all became excited.

“Good! Good idea!”

Hong Tianyi was overjoyed.

Zhou Yuan was the Qilin son of the purple Qilin mountain and the main character of this banquet.

He was a first-class genius, a distinguished disciple of the violet Qilin mountain. With his strength, dealing with that mu guy was simply as easy as blowing off dust.

The few of them gathered together and started to plan.

“What are you doing here?”

Tang Hao furrowed his brows when he saw mu hanyan approaching.

He was originally fine, but the moment she came over, he became the target of the hall.

“Have you forgotten that our marriage was bestowed by His Majesty? shouldn’t we sit together when attending a banquet hosted by His Majesty?” Mu hanyan said with a smile.

“Marquis Tiangong!”

Then, she looked at the Marquis of heavenly works and called out.

“General mu!”

Marquis Tiangong bowed respectfully.

His title of Marquis Tiangong sounded rather impressive, and he had some status in the divine martial Kingdom. However, he was nothing in front of someone like general Fei Feng.

“Alright then!”

Tang Hao replied helplessly.

After a while, the palace attendants lined up and entered. They set up the tables and chairs, and in front of each table, a Jade tablet with a name engraved on it was placed. When everyone saw the name, they took their seats in order.

On the table, there were all sorts of divine fruits and delicacies.

In this divine realm, there were many vicious beasts and all kinds of precious delicacies. Dragon meat was very common, and Dragon liver and Phoenix gall were even more common dishes in high-end banquets.

“It’s alright!”

Tang Hao glanced at the dishes on the table and nodded slightly.

The divine martial Kingdom was quite particular about food. These dishes looked pretty good, which made him have an appetite.

“What are you doing?”

Mu hanyan was sitting next to him. Her expression changed when she saw Tang Hao grab a divine fruit and was about to eat it. She chided him softly.

“Eat!”

Tang Hao said.

“Can’t you see that no one else is moving?”

Mu hanyan glared at him and said in a bad mood, “His Majesty isn’t here yet! How can you move!”

Tang Hao looked around, then threw the divine fruit back to the old man.

“Alright! If you don’t want to eat, then don’t eat!”

He muttered.

He would take it as giving face to his fiancée.

“This is more like it!”

Mu hanyan nodded in satisfaction.

Just like that, after waiting for more than ten minutes, a group of people walked in from the entrance of the hall. They were all wearing purple robes with Qilin patterns embroidered on them. They were people from the purple Qilin mountain.

The leader was a middle-aged man with a dignified face and sharp eyes. He had the bearing of a superior.

His aura was that of a four-star yang God.

Behind him was a tall, thin, and handsome young man. His aura was that of a one-star sun god.

It was obvious that this was Qi Linzi.

He had his hands behind his back, his head held high, and he looked high-spirited.

The hall was immediately in an uproar.

“Sect Master Wang! Congratulations!”

Many people stood up, their faces filled with eagerness.

“Hahaha!”

The middle-aged man laughed out loud and began to exchange greetings with these people.

The handsome young man was also surrounded by the crowd, but he had a cold face and a disinterested look.

He raised his eyes and swept his gaze across the hall.

Very quickly, his eyes stopped, and then a hot light burst out.

His figure moved and he was about to walk over.

However, in the next moment, his expression changed. He saw that the beauty he had been thinking about day and night was actually sitting next to a man. From time to time, she would even turn her body sideways. The two of them were whispering to each other and talking a few words, looking extremely intimate.

He was stunned.

Then, his expression darkened, and his eyes became extremely sinister.

“Brother Zhou, you just came out of seclusion, so I’m afraid you don’t know yet! That fellow is general MU’s fiancé!”

“The marriage was bestowed by His Majesty, and everyone in the divine martial Kingdom knows about it. This person was originally a scoundrel, a lecher, and came from the hundred territories. You don’t know how shameless he is ...”

At this moment, a few people came out from beside him and whispered in his ear.

The more he listened, the gloomier his face became.

His eyes were filled with killing intent.

“Is he looking at that mu guy?”

“What a heavy killing intent!”

Gradually, people in the hall began to notice.

They did not find it strange. Almost all of the younger generation had feelings of love for general mu. This person was also a young man, so he was naturally not immune.

“Maybe there’ll be a good show to watch!”

They looked left and right, gloating in their hearts.

“His eyes look like he wants to eat me up!”

Tang Hao noticed it too. He leaned over and whispered into mu hanyan’s ear.

“He ... You don’t have to worry about him. He’s just a defeated opponent!”

Mu hanyan looked over and furrowed her brows.

She didn’t feel much towards the former number one genius of the divine martial Kingdom. The only impression she had of him was that he had been defeated by her.

“So cold, so heartless?”

Tang Hao was surprised.

That guy was obviously interested in her, but she only used the word 'defeated opponent' when she introduced him. How heartless!

"What else?"

Mu Hanyan said coldly.

"That's true!"

Tang Hao looked at her and nodded.

She was a proud person. Ordinary men would not even enter her eyes. Only those who could suppress her and conquer her in strength were qualified to move her heart.

Not far away, Zhou Yuan's expression turned ugly when he saw the two of them whispering to each other again.

Ga la! Ga la!

He clenched his fists so tightly that cracking sounds could be heard.
