

The Mightiest Little Peasant Chapter 3462

The next day, the news of what happened at the banquet in the palace spread.

The entire Imperial City was in an uproar.

A few days ago, they had even compared that mu with that Qilin son, belittling him as worthless. Many people had even mocked him for being a fake.

But now, the fake that they laughed at had actually blown up that person from the purple Qilin mountain with a single palm strike, which really shocked them.

“I heard that it was only one palm strike, and then it ended!”

“At that time, everyone in the hall was stunned.”

Everywhere in the Imperial City, people were talking about the battle last night.

“Just one palm? This is too exaggerated! How is this possible?”

“Hey! General mu was no longer a one-star cultivator, but a two-star cultivator. He was powerful, right? It has only been a few months and he has soared from one star to two star. ”

“Two-star? Oh my God! It’s unbelievable!”

The Imperial City was filled with such exclamations.

After the initial shock, they no longer dared to look down on the carefree mansion. Instead, they were filled with fear.

“Two-star? So fast?”

In the carefree mansion, an ice-blue lithe figure flew over and sat down by the lake.

She heard the commotion outside and was a little shocked.

The body that her cheap Junior Brother had taken over did not have a good aptitude. In the Tangshan region, it was considered a small talent. However, in the divine martial country, or even the entire divine realm, it was considered mediocre.

How could he improve so quickly with such aptitude?

Tang Hao looked at her and shook his head.

“Not a two-star?”

She was startled and asked in surprise.

“What’s a two-star!” Tang Hao smiled.

She was stunned again. Then, her beautiful eyes widened and she gasped.

He meant that it was not just a two-star!

“Is it a three-star?”

She exclaimed in a low voice, her eyes filled with shock.

It had only been a short while since he had possessed a body, but he had risen from a puny God to a three-star sun god. This kind of technique was truly shocking!

How high was his original realm?

Tang Hao still shook his head.

“Four...Four-star ...?”

Her beautiful eyes widened even more, and her proud chest heaved up and down rapidly.

“I guess so!”

Tang Hao said. He did not want to expose himself.

It was not that he wanted to hide it, but his current cultivation level was too high. In just four to five months, he had soared from one-star to six-star. He was afraid that this person’s heart would not be able to take it if he told him.

“Whoosh! Whoosh!”

After a long while, she came back to her senses and heaved a long sigh of relief.

“Junior Brother, you’re a little too powerful!”

She exclaimed.

She was speaking the truth. Even from her perspective, this was an extremely heaven-defying speed.

It seemed that this cheap Junior Brother of his had a rather shocking background.

However, this was also a good thing for her. It was equivalent to having an invisible backer.

“It’s alright!”

Tang Hao smiled.

She sat for a while before returning to her own Pavilion.

Tang Hao sat by the lake and continued reading.

He listened to the commotion outside for a while and then stopped. They were all talking about the same thing, so it was boring to listen to them too much.

“Perhaps it’s time to go out for a walk!”

Just like that, after two days of peaceful stay in the residence, he could no longer sit still.

He couldn't improve his cultivation by just sitting in the manor. He had to go out and walk around, find some treasures, and kill a few people.

Just as he was prepared to go on a long journey, a piece of shocking news suddenly came.

"Something big has happened! The three divine kingdoms are here!"

"The Vermillion Bird country, the maple forest Country, and the Asura country have joined forces and declared war on our divine martial country at the same time. Their armies have already gathered and are pressing down on our borders."

This piece of news suddenly came and shook the entire imperial capital.

"The three divine kingdoms are attacking?"

Tang Hao's expression changed when he heard that.

He immediately understood that this must be the work of Jade Dragon Mountain.

He had slaughtered five of the Jade Dragon Mountain's strongholds previously, which had undoubtedly made them even more fearful. Thus, they did not dare to attack him personally. Instead, they had secretly mobilized the surrounding divine kingdoms to besiege him in an attempt to find out the actual situation of the divine martial Kingdom.

"Three divine kingdoms. You can't underestimate them!"

He frowned and muttered to himself.

Those who could establish a nation in the East continent had some strength. The Masters of each divine Kingdom were at least at the fifth or sixth level of the sun god Realm. There was no lack of seven-star, eight-star, and great venerable figures.

For example, Emperor Vermilion Bird was said to be in the same realm as Emperor shenwu in the early years. He was a six-star, but no one knew if he had broken through now.

The other two divine kingdoms were not weak either, especially the Asura Kingdom, which was far stronger than the divine martial Kingdom.

Emperor Shura had advanced to seven-star earlier than Emperor shenwu, and the number of yang God powerhouses in divine Kingdom far exceeded that of divine martial Kingdom.

“This is going to be a good fight!”

He said to himself.

The three divine kingdoms attacked from three different directions. With the divine martial Kingdom’s strength, they would definitely be badly battered.

He pondered for a moment and immediately canceled the plan to go on a long journey. He continued to stay in the mansion.

“What’s going on?”

“Why have the three divine nations come together? Didn’t you guys hear anything about it?”

“Trash! A bunch of trash!”

At that moment, in the Great Hall of the Imperial Palace, Emperor shenwu was in a rage as he reprimanded the ministers below.

The three divine kingdoms must have come in secret and even prepared for a period of time. However, the spies from the divine martial Kingdom didn't even receive any news. If they weren't trash, what were they?

"Your Majesty, this must be the country of Suzaku's doing. They lost the last war, so they must be unhappy."

"Yup! Your Majesty, the Fenglin country has always been on good terms with the Suzaku country. As for the Asura country, they've always been ambitious and want to expand their territory."

The officials below said.

"Do you think I don't know what you're talking about? I want a solution!"

Emperor shenwu shouted angrily.

"This ..."

The ministers were all in a difficult position.

With the three divine nations "strength, they had no way of resisting. They could only defend to the death or beg for peace.

If it was the former, they would suffer heavy losses. If it was the latter, they would also suffer a great loss.

Emperor shenwu looked around, and his face darkened.

He sat on the Dragon Throne and fell into deep thought.

In the divine martial Kingdom, there were only 18 sun gods, but the combined forces of the Three Kingdoms were more than four to five times more than them. The difference in strength was too great. If they were to fight head-on, they did not know how long they could last.

“If there are too few people, then we can only rely on other methods, such as formations ... Oh right, formations, that kid!”

As he thought about it, his eyes lit up.

“Alright, you can all retreat. Generals, follow our arrangements and head to the front lines to hold them off for a while. I will think of a way to deal with the rest.” He said to the ministers below.

“Yes, sir!”

All the officials responded, bowed, and left.

When they stepped out of the hall, their expressions were extremely solemn.

“Men, go and invite that kid, no, general mu, to come here!”

After everyone had left, Emperor shenwu summoned a person and instructed him.

Soon, Tang Hao arrived at the palace and met Emperor shenwu.
